The managers have spared no effort or expense to provide an acceptable Lyceum; and if you don't think there's any work or trouble about it, you can try it once yourself. And we predict a most agreeable and successful course. All ready for the question!

☞ A man named James Maloon, a foreigner, sometime in August last stole a watch, two chains and a key—all of silver—from Patrick Scott in this city, and disappeared. One day last week the light-fingered gentleman made his appearance here, was arrested on complaint of Scott, when he confessed that he committed the theft, and said that he had disposed of the watch and chains in Newburyport. Scott, with a letter from Marshal Dresser to the City Marshal of Newburyport, went over to that city to recover his property, but could not find it. On his (Scott's) return, Maloon was taken before the Grand Jury, now in session, where he plead guilty, and was ordered to pay three times the value of the property, (which was estimated at $18) pay costs of prosecution, and stand committed to the County Jail for the term of six months.

☞ Capt. John Lear, of Rye, aged 61 years, was drowned at the Shoals on Thursday last. The Gosport fleet of boat fishermen had been out to tend their trawls, and all but three boats had got safely in, when a heavy storm beat upon them, the sea running high. Two by great exertions, barely got into harbor in time to save themselves; but the other, in which were Capt. Lear and Mr. George B. Caswell, a returned soldier, was filled by a sea, and turned over and over several times, both men climbing on or into her as often as they could; until on entering for the last time, Capt. Lear at once gave up, benumbed with cold, and lay down in the bottom of the boat, and died.

His younger companion, who had dared the dangers of camp and battle, struggled valiantly for three long hours with the elements, and was finally enabled to bring his boat, and the body of his late companion into harbor. He was so nearly exhausted as to fall senseless, on a boat's coming off to relieve him; and it was only after two or three hour's exertions in rubbing, &c., that he was brought to consciousness.

Capt. Lear, we are told, was a very worthy and industrious man, and had followed the treacherous sea for about 45 years.

For the Chronicle.

☞ The Operatic Concert in this city, on Thursday evening, promises to be a rare musical treat, such as is seldom enjoyed at one entertainment. The artists are the best in the country, and the programme splendidly selected, comprising many rare and difficult gems. An entertainment of this kind will have an overwhelming success, as indeed Mr. Warren certainly deserves. Great desire has been expressed to hear these artists in Oratorio, which we are sorry to learn is rendered impossible by future engagements.

☞ Munroe Commandery of Knights Templar, of Rochester, N. Y., are to visit the De Witt Clinton Commandery of Knights Templar of this city, on Tuesday morning, arriving here at 11 1 4 o'clock. They are to be escorted through the principal streets; and will visit the Navy Yard, Forts, &c., in the steamer Pioneer.

☞ The many friends of Dr. J. F. Hall, of Wolfeborough and this city, will regret to learn that his wife is seriously, it is feared fatally ill, at her home in Wolfeborough. We believe her disease is diphtheria.

☞ Messrs. Wilson & Co's Dramatic Company, played a short engagement in this city last week, to good acceptance to their audiences, and with fair success. The managers in their business affairs, appear to be gentlemanly and square.

HANGING REBELS. — On Friday, Oct. 20th, the rebel guerrilla Henry C. Magruder was hung at Louisville, Ky., and the rebel guerrilla Champ Ferguson was hung at Nashville, Tenn. These men, tried by military commissions, suffer the just but terrible reward of their deeds.—And it becomes a serious question, Shall the same government and the same people that hung Ferguson, Magruder, and Mrs. Surratt, let Jeff. Davis go unpunished? Or is there any greater objection to a military trial in the latter case than in the former?

—— At Keene, early Thursday morning, a fire broke out which destroyed three blocks of building, five or six stores, express offices and post office.

— The difference between "tweedledum" and "tweedledee" is this—one is written with more e in the than the other.

— Age is venerable in man, and would be in woman—if she ever became old.

— A Nashville dispatch says five different caves have been discovered under that city, occupied by a large number of murderers and thieves, whose depredations have been carried on for a long time. One of the caves was used by Murrell and his gang when engaged in running off negroes. The military have taken measures to clear out the caves and seal them against occupancy.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless. Prepared by B. C. Diseases of the Throat.

Extension of Dr. Campbell's Stay IN PORTSMOUTH.

DR. CAMPBELL,

At the earnest solicitation of numerous patients and persons desiring treatment, will extend his stay at the

Franklin House, Portsmouth,

Until Saturday, Oct. 28.

HOME TESTIMONY.

Certificate of Simon J. Torr, Esq.

PORTSMOUTH, N. H., Oct. 9th, 1865.

TO THE DEAF.—I wish to state that my son Andrew, now 18 years of age, has been deaf in both ears since three years old, and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely, wholly and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from so early an age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Although at times he has suffered from *very severe* colds, his hearing has *always* been good during their continuance, and the catarrh which greatly afflicted him at the time of commencing Dr. C's treatment has *entirely disappeared. This statement may be relied on*: the skeptical can write to me or call at my residence in South Dover, N. H. My son faithfully persevered in the treatment six months, at the end of which time he was rewarded by a FULL AND COMPLETE RESTORATION OF HIS HEARING.

SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1865.

DR. CAMPBELL, Franklin House—DEAR SIR: I have been deaf from earliest infancy, with at times discharges from my ears and have suffered *excessively* from catarrh, and excessively painful noises in my head. I am only too happy to certify that under your skill, full treatment I can now *hear as well as any one*, the discharge all gone, and I have so to speak, "AN ENTIRE NEW HEAD." *The directions to use entirely* If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to me, or my husband, Mr. Benj. Seward of the Navy Yard. Best assured I shall send all afflicted as myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours,

MRS. MARY A. SEAWARD.

Certificate of Miss Junkins.

PORTSMOUTH, N. H., Oct. 10th, 1865.

When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "*running*" from them, most revoltingly offensive to myself and acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all come to the conclusion that I was INCURABLE, and would do nothing for me. Hearing of Dr Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 37 years' duration, by Dr. C., I placed myself in his hands for treatment. At the time of going so there was a perforation of the drum of one ear, the discharge was more constant and profuse than ever from both, I could not hear a watch tick or without the greatest difficulty understand conversation unless spoken to *close* to my ear. I carried out the treatment prescribed by Dr. C. but three months, at the end of which time the discharge from the ear had CEASED ENTIRELY, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch tick a good distance, and sustain a conversation across the room My other ear discharges a *very little* at times, but that is owing to my neglecting to seat the proper medicine. My hearing in that ear, however, is greatly improved, while the bad smell is entirely gone. I reside with the family of Mr. Benj. Seward, York Me., where I can be seen at any time.

ELIZABETH P. JUNKINS.

Certificate of Mr. Stephen Blanchard.

PORTSMOUTH, N. H., Oct. 4th, 1865.

Grateful to Dr. Campbell, now at the Franklin House, for being the means of completely restoring me to health, I cheerfully make this statement of my case, for the benefit of others similarly affected.

Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work at the Navy Yard, and for seven weeks had been confined to my father's house. I consulted the best physicians, but got no help, and was rapidly failing. I placed myself in the hands of Dr. C. one year ago, and in two weeks after commencing his treatment I had gained *four pounds* in flesh, and resumed my work in the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months*, a WELL MAN, and I have no doubt but my father's house, I consulted the best physicians, but got no help, and was rapidly failing. I placed myself in the hands of Dr. C. one year ago, and in two weeks after commencing his treatment I had gained *four pounds* in flesh, and resumed my work in the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months*, a WELL MAN, and I have no doubt but my father's house-Yard, where I shall be happy to verify this statement. STEPHEN BLANCHARD,

Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.

PORTSMOUTH, N. H., *Oct.* 9th, 1865.

I have been for fourteen years *totally* deaf in my right ear, and have been greatly troubled and annoyed by a profuse *fœtid* discharge from it all the time. I have tried almost everything, but nothing seemed to do any good. I went to Dr. Campell when he first came to Portsmouth. He said he could cure me of my catarrh, discharge and deafness, and in a few moments removed a large "polypus" from my ear. I could hear directly, and shun then, by the use of the Doctor's preparations, the discharge has *wholly ceased*, and I can hear now as well with that ear as with the other, which has always been good.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco or other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

Brandreth's Pills,

WHOSE TIMELY USE UNDER PROVIDENCE, HAS OFTEN SAVED LIFE

These celebrated Vegetable Pills are no new, untried remedy; they have been used and tested in the United States for thirty years, and are relied upon by hundreds of thousands of families as almost their sole medicine when sick. No care or expense is spared in their preparation, and it is certainly true when I assert that no King can have a medicine safer or surer than Brandreth's Pills.

They produce a good effect upon disease almost immediately they are taken. By some wonderful power, perhaps electric or nervous influence, the progress of the diseased action is arrested; where watchfulness and pain have been present, the system becomes quieter, and the patient soon obtains refreshing sleep.

The genuine BRANDRETH PILL BOX has upon it a UNITED STATES GOVERNMENT STAMP with B. BRANDRETH in White Letters in the same. s29dawlm

For the Chronicle.

☞ There are yet quite a number of Lyceum tickets remaining unsold, and tonight is to be given the opening lecture of the Course. We trust that those who have considered the matter and have concluded not to attend, will reflect a little and see if it would not be a paying investment. Better spend two dollars for tickets to these lectures, than to waste it in tobacco or the thousand and one et ceteras which eat up a person's scrip with such surprising rapidity. But more than this; the maintenance of a course of good lectures is morally binding upon us. A Lyceum should not be looked upon by those who have the improvement of the public morals and the general welfare of the community at heart, as a mere question of dollars and cents, and by parents especially, it should be sustained and the children encouraged to attend, thus improving their minds, and keeping them away from those places of amusement which only tend to corrupt and defile the heart.

Portsmouth would suffer no harm from a little moral purification; and while perhaps these Lyceum entertainments will not accomplish this, still, they will have a tendency to improve the moral health of our city, doubtless, and to this and they should be maintained, if for no other reason. The subject this evening is "Habit," and will be handled in Gough's inimitable style, and those who fail to hear it, will lose a rich treat.

Friday and Saturday were occupied in hearing the evidence in case of State vs. Staples. A Mr. Brown of Exeter, against whom indictments have been found for like offences, was used as a witness on the part of the Government. The State, on Saturday, sought to impeach the character of John S. Weeks, a witness for the defence, and several of the solid men of Exeter were on the stand for this purpose.

☞ Mr. John Morrill, Jr., left his horse standing hitched to a post in front of a store in Salisbury, Mass., on Friday last, and when he returned to get his team, it was gone.

An individual registering his name as "William Whittem, of Springvale, Mass," drove into this city on Friday evening last, stopped at the City Hotel, and after getting some supper was shown Room No. 8, and there retired. Later in the evening Officer Joy of Salisbury and the owner of the team got on track of the missing horse and carriage, and drove to this city, arriving at an early hour on Saturday morning, went to the City Hotel Stable, identified the horse and wagon put up there by the man calling himself Whittem, procured Marshal Dresser, who, on being informed of the matter, immediately proceeded to the stranger's room, and inquired for Mr Whittem. Mr. Whittem soon appeared, and, during the interview, the Marshal informed him that he wished to purchase a good team, and learning that he (Whittem) had one, had called to look at it. The stranger willingly complied, and told the Marshal to come out to the stable and he would show him his establishment. After pointing out the identical horse and wagon which Morrill a few hours before left standing in Salisbury village, Marshal Dresser said to Whittem, "Are you sure that is your team?" "Yes, sir," said W. "Well, then," said the Marshal, "I am sure you are the thief!" His real name is Charles Colier, and he is only nineteen years of age. He was delivered up to officer Joy, and taken to Salisbury for trial.

BELFAST, ME.—The amount of loss from the recent great fire there will be $200,000, and about forty per cent. is insured. The loss falls on persons not well able to bear it. There seems no doubt the fire was an incendiary one. There are two fire engines in the town. One useless and not brought out at all, the other was old and inefficient. The hose gave out and was comparatively worthless. The Age says that with two good hand engines, such as the city ought to have had, the fire could have been stopped at any stage of its progress.

WISE OR FOOLISH.—Richmond correspondence says General Grant has refused the application made by Henry A. Wise, who declines taking the oath, for the restoration of the lands formerly owned by him. And Gen. G. also intimated that Wise must take the oath of allegiance or undergo arrest and confinement. Wise has announced that he *cannot* take the oath.

— On Thursday evening, at Roxbury, Mass., a barn on the estate of Deacon Weld was destroyed by fire. Several horses and twenty or thirty pigs perished in the flames. All the hay and grain and farming tools on the estate were burned. There was a partial insurance. The barn was nearly new, having been built in place of one burnt three years ago; that fire like this was the work of an incendiary.

— In Tennessee, Oct. 19, a bill permitting negro testimony in courts was passed in the Senate 9 to 1. The North Carolina Convention has unanimously adopted an ordinance prohibiting slavery and declaring the secession ordinance null and void.

THE LATEST AND GREATEST Discovery in Dental Hygenic, is Sozodont. It has superseded all the other dentrifices, and, for this reason: that while it contains no solvent principle injurious to the enamel of the teeth, it obliterates tartar and every other dental concretion, prevents canker of the gums, removes blemishes, both from the molars and incisors, and leaves the breath pure and sweet. o23eod

HORSESHOES,

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished shoes of every variety of style and size. The iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as the best hand made shoes. The bars are drawn with a groove and a bevel, and with a seated, a flat, or a concave foot-face. This amount of work on the bars enables the blacksmith to make twice as many Shoes a day as he can make from common shoe shapes, and the shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished shoes much below the hand-made Shoes, with which alone they can be compared, and which in reality they are.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

From the Portsmouth Journal

THE OCEAN GRAVE.—In our record of city deaths this week is the name of Mrs. Elizabeth Daniels, aged 89, widow of Capt. Andrew Daniels She was a native of Ireland and with her husband many times she crossed the Atlantic. In March, 1828, on a voyage of the ship Laconia in which Mrs. Daniels did not accompany her husband, the vessel was wrecked on the coast of Holland, and the captain and all hands were lost, except three, one of whom was J.D.Ackerman, Esq.of the Portsmouth and Boston Express. Often have we heard her regret that she had not then made an ocean grave with her beloved husband. Without children of their own, they adopted an infant child who knew no other parents. In time Moses D. Ricker sought the ocean for his livelihood, and he became an enterprising and valuable ship master. With a beloved wife he too visited various parts of the world, and in the course of years a beautiful daughter was their companion. That daughter became the wife of Capt. Zeriga of New York. About seven years since,Capt. Ricker with his wife and son were wrecked in a monsoon at the East Indies, and both parents found a watery grave. The son only escaped, and was brought home by Capt. Hickey. A few years after, the fine ship in which Capt. Zeriga and his wife were crossing the Atlantic was sunk, and every one lost. Thus has the bereaved old lady passed almost to four score and ten and every relative she has lost has had an ocean grave,—no coffin, no funeral of her relatives has she seen or attended during her long extended life. She was kind and benevolent in prosperity, and never lacked friends in her days of decrepitude.

"God moves in a mysterious way his wonders to perform
"He plants his footsteps on the sea, and rides upon the storm."

STILL LIVES.—In the State Herald of September 5th, 1831, published in this city, the following item occurs, "The fishing Schooner Harmony, Capt. Daniel Fernald, from Portland, arrived here on Tuesday. Capt. Fernald left Portland on Sunday alone, his crew having left him there. He had head winds from the time he left Portland until he arrived here, but met with no trouble or accident whatever. Capt Fernald is about 64 years of age." The hero of the above described voyage is still alive, in comparatively good health, and still resides in Portsmouth.

ARRIVED.—The engines for the Piscataqua and Minnetonka, have reached the Navy Yard, from the establishment of the contractors, Messrs. Woodruff & Beach, at Hartford, Conn. These parties contracted to furnish the engines for these two ships, and for the Manitoo, at Charlestown, the cost of the three to be fifteen hundred thousand dollars, the contract includes putting the engines into the ships. They are the fifteen-wood back acting engines. It is reported that the government have made arrangements with Mr. Baird the contractor, for the engines for the Passaconaway, to land them at the Yard, and pay him the amount agreed upon, less the cost of putting them in the ship; the government not desiring to put them in at present.

FORT CONSTITUTION.—Company I of the 3d U. S. Artillery, Lieut. George F. Hunting Commanding, arrived here Thursday from Washington and are to do duty at Fort Constitution. They number about seventy men rank and file, and prior to coming here have been doing garrison duty around Washington.

PROMOTED.—Col. Gates, in command of the fortifications at the mouth of the harbor, has been promoted to Brig. General by brevet. Gen. Gate is said to be the oldest officer in the U. S. Army.

Solomon Clark, a workman on the Navy Yard, was quite badly injured on Wednesday by the beam of a pair of large wheels—it is stated that one of his ribs was broken. He lives on Badger's Island.

MEDICINES ON THE RISE.—Powdered rhenbarb, which was a few weeks since quoted at $3.75 per lb. has advanced to $12. Morphine has risen $50 on the lb. The speculators who monopolized these articles and made the rise should be compelled to live a week on them.

IMPROVEMENTS.—The store of G. V. Rowe lately partially destroyed by fire, is being rapidly repaired and will be re-occupied by Mr. Rowe.

Messrs. Simpson & Tompson, (a new firm) are having a new front put into the Northern store of Goodwin block on Market-street, to be used as a corn and flour warehouse.

LITTLE BOAR.—Ex-President FRANK PIERCE has purchased a snug little place of 40 acres called the Brown Farm, in North Hampton, north side of Little Boar's Head, and about a mile south of the Atlantic House at Rye. With an improved house it will make an elegant, healthful and desirable summer residence.

The sons of Rev. Dr. Lord, late President of Dartmouth College, are building a summer residence for family resort near York beach.

GOOD.—One day this week a blacksmith was talking with a gentleman on one of our streets, praising the qualities of a beautiful horse which was lately presented to a distinguished clergyman of this city, when the "Knight of the Anvil" was asked this question: Why are you like that animal? He could not see any similarity, and was told that he was a horse shoer while the animal was a sure-horse.

Oliver Potter, who has resided in Portsmouth for the past fifty years, twenty years of that time having been spent in driving stage to Boston, and several years landlord of the old Bell Tavern, left for Boston on Tuesday to make the latter place his residence, he having three children married there.

CONVALESCING.—We are happy to learn that William R. Martin, Esq. a member of the General Court from Ward One, who has been very sick with an attack of the Typhoid fever for some days, is now much better—fears were entertained for his recovery.

The Messrs. Holmes & Son, butchers, bought four yoke of oxen at the Navy Yard this week. Their united weight was about 8000 pounds; the price paid $1140.

Smelts have been caught in great numbers from off the wharves for several days past—quite a number of piscatorial delegates having attended the Convention from the neighboring towns.

SCHOONER LOST.—A fishing schooner was lost on York Ledge last Saturday night, the crew took to their boat and arrived safely in York Harbor. We did not learn her name.

John H. Butler, Esq., son of Judge Butler of Nottingham, has removed to Portsmouth, and is a law student of J. S. H. Frink, Esq.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor.
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Bright's Disease, Deposits*, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhea, Gleet and all Mucous Discharges in Male or Female*, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The Injection used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*," are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us *in perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can be now very cornrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO, No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I feel bound to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the tre tment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
In making this you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Diseases of Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to consumption.
This well known remedy is offered to the public, sustained by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens, Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S L. V. P. SYRUP, for Pulmonary Disease, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says: "LAROOKAH'S Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. PORTER, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for the last two years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 38 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known. for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.

TUESDAY, OCTOBER 24, 1865.

SEWARD ON JOHNSON.—Sec. Seward said in a late speech:

Some of you fear that the President may be too lenient to those Southern leaders who plunged the country into the calamities of civil war. Except those of you who have been maimed, or bereaved, has any of you suffered more of wrong, insult and insolence at the hands of those leaders than he has? Can we not forget where he can forgive? Are you aware that his terms of amnesty to offenders are far more rigorous than those which were offered by Abraham Lincoln? Have you ever seen the majesty of the law more firmly maintained than it has been by him in the exercise of discriminating clemency? (Applause.)

Some of you seem to have been slightly disturbed by professions or demonstrations of favor toward the President, made by parties who have heretofore opposed his administration, as well as the administration of his predecessor. (Laughter.) Those who hitherto opposed the President, but now profess to support him, either are sincere or insincere. Time must prove which is the fact. If they are sincere, who that has a loyal heart must not rejoice at their late but not too long delayed conversion? If they are insincere, are we either less sagacious, or have we less ability now than heretofore to counteract treachery to the national cause?

Perhaps you fear the integrity of the man. I confess, with a full sense of my accountability, that among all the public men whom I have met or with whom I have been associated or concerned, in this or any other country, no one has seemed to me to be more wholly free from personal caprice and selfish ambition than Andrew Johnson; none to be more purely and exclusively moved in public action by love of country and good will to mankind.

CHARLESTON, S. C. advices to the 19th, mention a disastrous fire destroying several mercantile and manufacturing establishments and the Courier newspaper office, involving a loss of 100,000. Thirty or forty persons were buried in the ruins, from fifteen to twenty of whom were instantly killed.

Eight or ten persons have been recovered from the ruins, badly wounded, several of whom subsequently died. A number of bodies are still buried beneath the ruins. Capt. Hoffman, Chief of Police, was badly injured, probably fatally.

The election was progressing quietly. Gen. Bennett had issued an order prohibiting the military from being present at the polls. The workingmen of Charleston had nominated Gen. Wade Hampton for Governor. In their address they express the belief that the destruction of slavery will tend to free the workingmen from the monopolies of capitalists and dignify labor.

Charleston gave 780 votes for Orr for Governor and 661 for Hampton.

Gen. Howard, in an interview with the Mayor of Charleston, stated that he hoped arrangements would soon be made entirely satisfactory to the community in relation to the Freedmen's Bureau. Gen. Howard was to visit the islands and subsequently Columbia.

LOUISIANA.—There is a political movement in Louisiana, which assumes that that State has been thrown back into a territorial condition. A convention taking this ground met in New Orleans on the 25th of September, and continued in session four days. It was composed of one hundred and eleven delegates, about twenty being colored men, representing sixteen parishes. The leading man was Thos. J. Durant, the well-known lawyer of New Orleans. The title of "Convention of the Republican party of Louisiana" was adopted. Among the resolutions passed were those recognizing the State of Louisiana in a territorial condition, until restored by act of Congress; claiming that the negro possesses the right of franchise; protesting against the immediate admission of Louisiana to her rights as a State; advocating equal rights for the black as the white race in all respects; advocating, also, a National Convention to represent the white and black classes on the basis of Universal suffrage. Hon. H. C. Warmouth was nominated as a territorial delegate to Congress.

Alexandria, La., is resuming its former business activity. The old crop of cotton is coming in speedily.

☞ The Universalist Convention of Massachusetts, held the Annual Meeting at Haverhill last week. Among their resolutions were these:

Resolved, That every principle of Christianity, as well as the letter and spirit of the Declaration of Independence, demand that the colored men of the country, many of whom have fought so nobly for the rights of man, shall have secured to them the full rights of citizenship, especially equal suffrage, and that it is the imperative duty of our press, as well as of our pulpits, to urge the subject upon the attention and conscience of our people.

Resolved, That this Convention deplores the practical demise of Christianity, in the recent election in Connecticut, whereby these rights were withheld from the colored population.

— It is now said that it is Mrs. Henry Giles, and not Mrs. Henry Ward Beecher, who proposes to read her husband's lectures to lyceums, associations, &c.

Chronicle Correspondence.

WAIFS FROM AN ESTRAY.—*Florence, Mass., Oct. 21.*—"See Florence and die," said the self satisfied inhabitants of that beautiful abode of maccaroni-devouring lazzaroni. A fool's advice is better than that, so I alter the phrase to "See Florence and live," and really it seems one should find little difficulty in existing here, in the highlands of Hampshire county, with the pure air sweeping down from the great hills that terminate the line of vision in every direction.

One of the numerous villages that dot the outskirts of Northampton, and within the bounds of that town, Florence owes its existence to one of those streams whose presence is so often the motive for the settlement of New England villages. Very beautiful in its situation, with bustling manufactories coming suddenly upon the view, as one emerges from the streets lined with trees that formed a portion of the former forest that stood there, with broad avenues and most of the houses set far back from the street; if the little village fails to equal its Italian namesake in all that pleases the eye, in magnificence of palace and cathedral, in sculptured marble and bright-colored mosaic, yet it can boast a grander monument than the Duomo or the gem-lined Medicean Chapel—a school-house that any locality might be proud of—a pattern building for the use to which it is devoted; worthy that great element of our national greatness—free schools—and a more lasting tribute to the nobleness of the citizen who gave it to the town than any self-laudatory work from the days of the pyramids until the present time. Leaving out the dull array of figures involved in a mathematically-precise description, the building contains, beside the school-rooms, a library, chapel and fine hall. An organ with about a dozen stops is arranged so as to be played either in chapel or hall. From the tower an extended view is had of the adjacent country. The donor, believing goodness its own reward, declines making his name public.

Here the mills of the Nonotuck Silk Manufacturing Co. are situated, turning out large quantities of sewing silk, in all its various grades and shades. The manufacture of frames, cases, and photograph albums, from a substance resembling papier mache, but afforded at a less rate, is extensively carried on here; while the great shops of the Florence Sewing Machine Co. finish nearly two hundred machines per week. A cotton mill, formerly occupied by a "Community," a queer set of people who enjoyed all things in common, is now restored to its legitimate uses.

For all there is so large a manufacturing interest centered here, the quiet and rural character of the place is undisturbed by the scenes which mar the life of our large factory towns.

The park attached to Dr. Munde's water cure is a delightful walk of about one-fourth of a mile along the bank of the stream which moves so much machinery; but his house occupies too low a spot for well people, in my opinion, to say nothing of invalids.

The drives and walks hereabouts are charming, and yesterday we had a more successful atmospheric phenomena than the eclipse of the day previous. It was a rainbow that lasted upward of three hours, merely changing position and vividness of hue as the sun advanced toward the meridian. ION.

SEC. SEWARD, in a late Speech at Auburn, N. Y., (his home) gave a semi-official view of the policy of reconstruction. In regard to the present plan of reconciliation, he argued that an employment of force would but prolong anarchy and delay reconciliation. The plan of reconciliation we are pursuing has given us two great national advances in this progress of moral and political elevation, which are now to be made fast and firmly fixed. First, it secures a voluntary abolition of slavery by every State which has engaged in an insurrection, and does secure an effectual adoption by the late slave States themselves, of the amendment of the Federal Constitution, which declares that neither slavery nor involuntary servitude, except for crime, shall ever hereafter exist in any part of the United States. To hasten this reconstruction Mr. Seward said, in the language of the President, in the spirit of the Constitution, and in harmony not only with our politics but with our religion, we must trust each other.

☞ The following dispatch, dated the 19th ult., is published in the South Carolina papers:

"*Gov. B. F. Perry*: I thank you for your dispatch of the 28th instant. I have to congratulate your Convention upon its harmonious and successful amendment to the Constitution. It affords great satisfaction to all who favor a speedy restoration of all the States in the Union. Let this work go on and we will soon be once more united, a prosperous and a happy people, forgetting the past, looking with confidence to a prosperous and harmonious future.

(Signed) ANDREW JOHNSON,
President of the United States."

Promises are above the average in value, when three of them bring one performance.

NEW HAMPSHIRE ITEMS.

A HARD CASE.—On Saturday, Sept. 30, Mr. James P. Kimball, who resided in Aroostook county, Maine, was awakened by the noise of the flames which were consuming his dwelling. He had just time to save his wife and an infant daughter by throwing them out of the window, when the building fell. Two older children, one eight and the other five years of age, who were asleep in the chamber, perished. On Sunday, the next day, he buried his deceased children.

As he was left penniless, he started with his wife and infant the day following, on foot, to return to Plymouth, N. H., where his friends reside. He walked all the way and arrived in Manchester on Thursday evening last. As he approached the city proper he tried to induce many residents along the road to take him, his wife and little one in for the night, but without success. They at last called at the residence of Mr. George H. True, who hospitably entertained them;—and they were furnished with means for going to Plymouth by railroad.

—— Mrs. Lyford, widow of the late J. Dudley Lyford, died very suddenly a Pittsfield, on Thursday the 19th inst. She went there to attend the funeral of Mrs. McCrillis, a sister of her husband, and while stepping into a carriage to go to the grave she fainted and was taken back into the house. She died in a few minutes afterwards. It is supposed that she died of heart disease.

—— Rev. Hugh McLeod has been dismissed at his request, from the Congregational Church, in Brentwood, and goes out to Texas for the Christian Commission.

—— Rev. T. G. Flanders of the Universalist Church in Nashua, has withdrawn his letter of resignation.

—— Rev. Wm. Gaylord declines leaving his charge at Fitzwilliam to become a pastor at Lowell.

INCENDIARY RATS AND MICE.—In Boston on Friday, an alarm about quarter before four o'clock in the morning, was caused by fire breaking out between the ceiling and third floor of the furniture establishment of Messrs. Fernald & Drew, Canal street. The fire was chiefly confined under the floor, but extended in a narrow line across the store, which is very deep. The seasonable discovery of the fire and the promptness of the firemen prevented a serious conflagration, as a high wind was blowing, and the flames were directly under the oiling and varnishing rooms. The origin of the fire is attributed to mice igniting matches, or the spontaneous combustion of oily rags drawn between the floor and ceiling by rats and mice. The damage by and water stock $1500. Perhaps *these* incendiaries got burnt. It would be well to singe all those criminals who kindle such fires.

☞ New Orleans dates of the 15th state that a circular from the Freedmen's Bureau state that abandoned plantations, seed, implements and animals will not be given to freedmen by the government, as expected, and that lands will be delivered only to those who can show they have the capital necessary to bring seed, tools and animals, and carry on a farm in proper manner, and it advises all who cannot do so to make contracts for labor with planters or others needing their services.

The Times urges the abandonment of all Freedmen's Bureaus;—for the same reason, probably, that causes the burglar to dislike watch-dogs.

☞ In Washington, Saturday, the prisoner Wirz underwent a private examination, at his own request, in the presence of the members comprising the Military Commission and of Mr. Schade. His right arm is much swollen and inflamed from the effect of a wound by a shell. A piece of the bone had been removed, rendering the limb of but little if any use. A gentleman who witnessed the examination also says that his body bore the marks of his having suffered from scurvy.

☞ The American Christian Missionary Society met in Cincinnati on Thursday. It was largely attended. The following was adopted:

Whereas, the conflict of the last four years resulted in the emancipation of four million slaves, and the return of peace to our country now opens an effectual door for missionary efforts among the destitute people on our borders, therefore

Resolved, That we accept the leadings of Providence, and will endeavor to meet the exigency, that the poor may have the Gospel preached to them.

— Mr. J. D. De Bow, the once statistical champion of slavery, is thoroughly "reconstructed." He has written a letter advocating the "social, physical and political advancement" of the freedmen. He also declares that the South "must throw her immense uncultivated domain into the market at a low price; reduce the quantity of land held by individual proprietors, and resort to intelligent and vigorous measures at the earliest moment, to induce an influx of population and capital from abroad."

— Rev. Wm. T. Dwight, formerly pastor of a church in Portland, died at Andover on Sunday, aged 71.

THE U. S. ARMY.—Gen. Grant has recommended the mustering out of all Major and Brigadier Generals in the volunteer service, except those disabled in service. Gens. Grant, Thomas and Hancock, and other leading Generals are in favor of increasing the regular army so as to number 75,000. Sec. Stanton favors the plan.

IN MISSISSIPPI, it is said there is a great lack of native energy in resuscitating the State, negroes having been bumbugged into the idea that about Christmas each one will receive a tract of land, and they refuse to enter into contracts with planters for a period extending beyond that time.

NATIONAL THANKSGIVING.—A delegation of gentlemen waited on the President on Saturday for the purpose of inducing him to appoint a National Thanksgiving for the restoration of peace. It is probable that a proclamation will be issued, and that it will specify a day during the coming month.

— In accordance with the recent opinion of the Attorney General, the Second Comptroller has decided that all colored volunteers shall be placed on the same footing with white soldiers in regard to bounty, and paymasters are instructed to pay it.

— The ordinance repudiating the payment of the rebel State debt passed the North Carolina Convention by a vote of 84 to 12. The ordinance to raise a State militia was also passed.

— The Rev. Dr. Crocker, of St. John's Church, the oldest presbyter in Rhode Island, died at Providence on Thursday evening, aged 84 years.

— Last Wednesday, Francis S. Martin, a returned soldier, who had lost a leg at Cedar Creek, was crushed to death by a rock he was assisting to excavate in his father's field, at Williamstown, Vt.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Diseases of the Throat.

Extension of Dr. Campbell's Stay

IN PORTSMOUTH.

DR. CAMPBELL,

At the earnest solicitation of numerous patients and persons desiring treatment, will extend his stay at the

Franklin House, Portsmouth,

Until Saturday, Oct. 28.

HOME TESTIMONY.

Certificate of Simon J. Torr, Esq.

PORTSMOUTH, N. H., Oct. 9th, 1865.

TO THE DEAF.—I wish to state that my son Andrew, now 18 yrs of age, has been deaf in both ears since three years old, and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely, wholly and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from so early an age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Although at times he has suffered from *very severe* colds, his hearing has *always* been good during their continuance, and the catarrh which greatly afflicted him at the time of commencing Dr. C.'s treatment has *entirely disappeared. This statement may be relied on*: the skeptical can write to me or call at my residence in South Dover, N. H. My son faithfully persevered in the treatment six months, at the end of which time he was rewarded by a FULL AND COMPLETE RESTORATION OF HIS HEARING.

SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1865.

DR. CAMPBELL, Franklin House—Dear *Sir*: I have been deaf from earliest infancy, with at times discharges from my ears, and have suffered *intensely* from catarrh, and excessively painful noises in my head. I am only too happy to certify that under your skillful treatment I can now *hear as well as any one*, the discharges are gone, and I have so speak, "AN ENTIRE NEW HEAD." *The distress is gone entirely.* If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to me, or my husband, Mr. Benj. Seaward of the Navy Yard. Rest assured I shall send all afflicted myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours,

MRS. MARY A. SEAWARD.

Certificate of Miss Junkins.

PORTSMOUTH, N. H., Oct. 10th, 1865.

When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "roaring in my head," most revoltingly offensive to myself and acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all come to the conclusion that I was INCURABLE, and would do nothing for me. Hearing of Dr. Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 37 years' duration by Dr. C., I placed myself in his hands for treatment. At the time of doing so there was a perforation of the drum of one ear, the discharge was more constant and profuse than ever from both, I could not hear a watch tick or without the greatest difficulty understand conversation unless spoken to *close* to my ear. I carried out the treatment prescribed by Dr. C. but three months, at the end of which time the discharge from the ear HAD CEASED ENTIRELY, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch ticking at a distance, and sustain a conversation across the room. My other ear discharges a *very little* at times, but that is owing to my neglecting to apply for more medicine. My hearing in that ear, however, is greatly improved, while the bad smell is entirely gone. I resided with the Hon. Hiram Foster, of York, Me., where I can be seen at any time.

ELIZABETH P. JUNKINS.

Certificate of Mr. Stephen Blanchard.

PORTSMOUTH, N. H., Oct 4th, 1865.

Grateful to Dr. Campbell, not only for the Franklin House, for being the means of completely restoring me to health, I cheerfully make this statement of my case, for the benefit of others similarly affected.

Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work at the Navy Yard, and for seven weeks had been confined to my house. At home I consulted the best physicians, but got no help, and was rapidly failing. I placed myself in the hands of Dr. C. one year ago last June, and soon after commencing his treatment I had gained *four pounds* in flesh, and resumed my work in the "fitting department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months, a* WELL MAN; and am a living proof that Dr. Campbell's system of treatment, CATARRH CAN BE CURED. Every *vestige* of catarrh has left me months ago, my sense of smell has returned, acute as ever, and I can in this certificate but faintly express my grateful feelings to the Doctor for what he has done for me. I carried out my treatment at home, without any difficulty or inconvenience, and only saw the Doctor twice—Persons who doubt can call on me at the Navy Yard, where I shall be happy to verify this statement. STEPHEN BLANCHARD,

Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.

PORTSMOUTH, N. H., Oct. 9th, 1865.

I have been for fourteen years entirely deaf in my right ear, and have been greatly troubled and annoyed by a profuse *fœtid* discharge from it all the time. I have spent much money, and yet nothing seemed to do any good. I went to Dr. Campell when he first came to Portsmouth. He said he could cure me of both the discharge and deafness, and in a few moments removed a large "polypus" from my ear. I could hear directly, and since then, by the use of the Doctor's preparation, the discharge has *wholly ceased*, and I can hear now as well with that ear as with the other, which has always been good.

Duree's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, State, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Brandreth's Pills,

WHOSE TIMELY USE UNDER PROVIDENCE, HAS OFTEN SAVED LIFE.

These celebrated Vegetable Pills are no new, untried remedy; they have been used and tested in the United States for thirty years, and are relied upon by hundreds of thousands of families as almost their sole medicine when sick. No care or expense is spared in their preparation, and it is certainly true when I assert that no King can have a medicine safer or surer than Brandreth's Pills.

They produce a good effect upon disease almost immediately they are taken. By some wonderful power, perhaps electric or nervous influence, the progress of the diseased action is arrested; where watchfulness and pain have been present, the system becomes quieter, and the patient soon obtains refreshing sleep.

The genuine BRANDRETH PILL BOX has upon it a UNITED STATES GOVERNMENT STAMP with B. BRANDRETH in White Letters in the same. s23dawlm

☞ An adjourned meeting of the Navy Yard workmen was held on Saturday evening at Rechab Hall to listen to the report of the committee appointed at a previous meeting on the subject of the recent reduction of wages on the Yard. This committee, consisting of Messrs. Pierce, Stackpole and Parcher were instructed to visit and consult the Commandant of the Yard in relation to the matter under consideration and devise means to correct the great discrepancy which exists between the wages paid here and those paid at Charlestown. The members of the committee, thro' the efforts of Hon. Gilman Marston succeeded in gaining the assent of Admiral Bailey to a memorial which had been prepared and which set forth the claims of the workmen (from a number of considerations) for an *increase* instead of a *reduction* of pay. Accompanying the memorial were properly endorsed certificates of the per diem pay which is being disbursed to different branches of mechanical labor in the immediate vicinity of the Yard, which clearly show that the authorities of the Yard have had the matter of outside wages misrepresented to them, and while thus greatly deceived, have made up from these returns a table of wages which is at least twenty-five cents lower than the outside rates, and *seventy-five* cents below the pay of mechanics and laborers on the Boston Yard.

The chairman of the committee cautioned the members of the meeting against any hasty movement, advising them to act with deliberation and yet with a degree of determination that should accompany a movement of this character, trusting the result to the good common sense of the Commandant of the Yard and the Secretary of the Navy. Quite a number of unimportant speeches were made, and the meeting would have been considered by an outsider as decidedly tame. But there was the utmost harmony and good feeling prevailing, none of that boisterous conduct—which is sometimes witnessed from impulsive and choleric men—occurring to mar the quiet of the assembly. As an evidence of the interest evinced in the matter referred to above, we may state that the hall was crowded, while many went away, unable to procure seats.

We learn that it is proposed to nominate, at the coming municipal election, a workingmen's ticket, with the design to weed out all those official incumbents who do not favor the proposed eight-hour system, and who other wise openly or tacitly oppose the interests of the laboring class. Be this as it may, it is a fact that cannot be disguised that there is a leaven working among mechanics and laboring classes threatening a result which may well cause certain office-holders and aspirants for food from the public crib to be cautious as to their expressions of opinion on the subject of labor, and to exchange an impudent independence for a dove-like submission to the instructions or wishes of their constituents.

☞ Among the attractions at Mr. Warren's Operatic Concert for Thursday evening next, will be a splendid new Piano-Forte, from the celebrated manufacturers, Hallet, Davis & Co., Boston. This magnificent instrument was made especially for use in the Temple, at a cost of about $1000, and is no doubt fully equal to any piano ever manufactured or used in the country. It is a full Concert Grand, of 7 1-3 octaves of great power, yet full, rich, and sweet in tone,—and we have no doubt its rare qualities will be well brought out under Mr. Ryder's hand, on this occasion, which will be the first use of the new instrument. All the makers, or the Concert-givers, ask, is "a full hearing."

And, by the way, speaking of Pianos—we are sure there are none, of whatever make, superior to those turned out by Messrs. Hallet, Davis & Co.,—whether for use in public hall or private residence. We have known even a medium or low-priced piano-forte of those makers actually to sound as good as new, by a very little refitting, after from ten to fifteen years severe usage; and while every instrument is fully warranted for five years or more, the surprising manner in which they stand in tune, whether used much or little, is a source of the greatest satisfaction to purchasers, and of no little advantage to players and singers.

We hope the Concert of Thursday will draw out our lovers of good music generally, to hear the fine singing, the nice playing, and inaugurate the new Piano.

☞ The steamers Dawn and Monticello experienced rough weather on their passage to Boston, on Friday last, the former craft at one time being in danger of foundering. The wind being very high, the sea boisterous, and the vessel light—causing her to be mostly out of water—combined to make her unsafe at sea, and it is a matter of congratulation with parties aboard that they arrived without accident.

The Monticello, being in better trim, rode out the gale, and made much better headway than the Dawn, arriving at her place of destination some time before the latter.

☞ Prof. Gunning's Lecture on the Mosaic and Geological Accounts of the Creation, was delivered on Sunday evening in the North Church, to a large audience, who were interested, instructed, and edified by the discourse, which showed the Lecturer to be at once master of his subject and an agreeable speaker. The second Lecture of his Course comes off this evening, at the Christian Chapel in Court street, which should be filled with auditors. It will be seen by the Advertisement, that the tickets are at a very reasonable price. The lectures are to be held once a week; and this opportunity should be improved by all who desire instruction in this science, combined with literary and moral entertainment.

W. L. WARREN'S CONCERT.—Mr. S. P. Ryder, the distinguished Organist at Tremont Temple, Boston, is to preside at the Piano Thursday evening, and during the Concert is to accomplish the very difficult feat of performing two airs at the same time. Miss Bailey's *Il Bachio* is said to be a good vocal production. Verdi's *Ecco Il Pegra* is calculated to give the powers of any artist a severe test, yet we understand that with such perfect ease does Mr. Dudley sing this difficult and trying piece as to dispense entirely with the use of notes.

☞ A man named Miller, boatswain's mate of the Vandalia, died on board that vessel on Monday, of inflammation of the bowels. He had been sick some length of time, but was rapidly recovering, and had indeed so far regained his former health as to be enabled to go on shore, but partaking of some injurious food on Monday morning, death ensued in less than half an hour thereafter.

☞ We are glad to learn of the convalescence of Hon. Thomas L. Tullock, who has been confined to his home for several days with a severe attack of rheumatism, contracted from exposure during his late tour through the West.

S. J. COURT.—The case State vs Staples occupied the day on Monday, several witnesses appearing to testify against the reputation of Mrs. Brown, the witness offered by the State, for truth and veracity.

☞ Acting Assistant Paymaster Joseph Foster, of this city, has received orders to report for duty Nov. 1st on board the U. S. ship Tallapoosa, now stationed off Pensacola, Florida.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

THE LATEST AND GREATEST Discovery in Dental Hygenic, is Sozodont. It has superseded all the other dentifrices, and, for this reason: that while it contains no solvent principle injurious to the enamel of the teeth, it obliterates tartar and every other dental concretion, prevents canker of the gums, removes blemishes, both from the molars and incisors, and leaves the breath pure and sweet. o23eod

HORSESHOES,

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished Shoes of every variety of style and size. The iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as the best hand made shoes. The bars are drawn with a groove and a bevel, and with a seated, a flat, or a concave foot-face. This amount of work on the bars enables the blacksmith to make quicker and easier Shoes a day as he can make from common shoe shapes, and the Shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished Shoes much lower than hand-made Shoes, with which alone they can be compared, and which in reality they are.

THE DUNGEON AND THE ESCAPE!

By ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

TO A LITTLE GIRL ON HER FOURTH BIRTHDAY.

O little feet just entering on Life's path,
In blissful ignorance of the thorns it hath
To wound them sore,
May they be found in Virtue's shining way,
And be His Word their guide and stay
Forevermore!

O little hands so fair and white,
That haunt our memory day and night,
Like strains half-lost;
Let them in Charity's sweet cause be found,
To heal the anguish that the world
Of souls sin-tossed.

O little heart that now beats strong with life,
A stranger still to all its care and strife,
And warm with youth;
Be it inclined to Misery's cry,
With purpose to contend, with courage high,
For Right and Truth.

O rosebud lips that promise give of bliss,
That, tempted, one can scarce refrain to kiss,
With love smile wreathed;
May they ne'er be opened but to bless,
And love's sweet voice in every tone express,
Wherever breathed.

O eyes of love, Madonna-like and sweet,
Half-timid, raised my own to greet—
So arch and bright,
May mild Compassion beam out clear,
And Hope's bright star be ever near—
A shining light.

O brow of childhood, smooth and pure,
From Time's rude furrowing yet secure—
My hope is this:
That it may still be frank and high—
The only shrine that's hallowed by
A Saviour's kiss!

O soul that heavenward doth aspire,
Purer than silver thrice refined by fire—
Without a stain;
Through life be it a temple of love,
To fit it for those realms of above,
To live again. —*N. Y. Mercury.*

— The statement that the Treasury Department contemplate establishing a government paper mill, evidently originated in the fertile brain of some busy body. No such scheme has ever been entertained by Sec. McCulloch.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign patents, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

EXTRACT
OF
RYE.

What Is It?

Ask the thousands who are using it.

Make the inquiry anywhere from one end of this glorious Country to the other.

Some People Call it the very bes OLD RYE WHISKEY THEY EVER TASTED; PERHAPS THEY ARE RIGHT.

Try It and See.

It is made from

RYE,

And Nothing Else, and from the Best Rye at that.

NONE OF YOUR

Musty, Mouldy, Heated Stuff,

BUT THE VERY BEST OF RYE THAT GROWS IN THE CUMBERLAND VALLEY.

It is enough to do a Man's soul good to taste it, and see how different it is from the STRONG, FIERY STUFF that people use for

RYE WHISKEY.

It is made different; it retains, by a peculiar mode of Distillation,

The Very Medicinal Qaulities

that have made it so popular.

If you want to use a pure, genuine article of Spirit to stimulate a weak Stomach, or to give you renewed health and long life, use the

Extract of Rye.

It is put up in large square bottles, which contain the name of

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and cod iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes —of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleave, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Chronic Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and Debility, restoring Manliness and Vigor*, and *full vigor*, thus proving a perfect "*Elixir of Love*," *overcome disease.*

"As the Phenix rises from the ashes of its fire, animated with new life"—so does this Elixir return Specialty and Freshness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $1; three bottles $5; sent by express, free of any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

YOUR MISSION.

If you cannot on the ocean
Sail among the swiftest fleet—
Rocking on the highest billows,
Laughing at the storms you meet—
You can stand among the sailors,
Anchored yet within the bay;
You can lend a hand to help them,
As they launch their boats away.

If you are too weak to journey
Up the mountain, steep and high,
You can stand within the valley,
While the multitudes go by;
You can chant in happy measure,
As they slowly pass along;
Though they may forget the singer,
They will not forget the song.

If you have not gold and silver,
Ever ready to command;
If you cannot towards the needy
Reach an ever-open hand;
You can visit the afflicted,
O'er the erring you can weep—
You can be a true disciple,
Sitting at the Saviour's feet.

If you cannot in the conflict
Prove yourself a soldier true;
If, where fire and smoke are thickest,
There's no work for you to do;
When the battle-field is silent,
You can go with careful tread,
You can bear away the wounded,
You can cover up the dead.

Do not, then, stand idly waiting
For some greater work to do!
Fortune is a lazy goddess—
She will never come to you.
Go and toil in any vineyard,
Do not fear to do or dare;
If you want a field of labor,
You can find it anywhere.

COL. JAMES A. HAMILTON, the eldest son of Alexander Hamilton, and 77 years of age, is now a visit to Gov. Andrew, of Massachusetts. Col. Hamilton held several responsible offices during the administration of Gen. Jackson, by whom he was appointed District Attorney for the Southern District of New York. At another time Col. Hamilton was acting Secretary of State under Jackson. The Colonel very distinctly remembers the duel with Aaron Burr, by which his illustrious father lost his life. He has travelled extensively in Europe, and is in all respects, a gentleman of refinement and culture. During the late contest he was frequently in Washington, and his opinions and advice were considered extremely valuably from his sound judgement as well as knowledge of public men. He resides on a fine estate in Tarrytown, Westchester County, New York.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT, as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
I trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Prime Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing!"
REV. B. F. BOSWORTH, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. TOWNE, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.

WEDNESDAY, OCTOBER 25, 1865.

PRESIDENT JOHNSON'S VIEWS.

MEDFORD, MASS., Sunday, Oct. 8th, 1865.

My Dear Sir: I was so much impressed with our conversation of last Tuesday, that I returned immediately to my room and wrote down such of the points made as I could remember, and having pondered them all the way home, am to-day, more than ever, convinced that, if corrected by you and returned to me for either public or private use, it will go far to promote a good understanding between you and our leading men.

It will also unite the public mind in favor of your plan, so far at least as you would carry it out without modification.

You are aware that I do not associate much with men in political life, but rather with those who, representing the advanced moral sense of the country, earnestly labor for the good of our people, without hope of, or even desire for office or other immediate reward. The latter class desire earnestly to understand your plans, and, if possible, support your administration.

I think the publication of your process of reconstruction, with the reasons for your faith in it, will commend itself to their candid judgment, and, as I told you, inspire our whole Northern people with confidence in your administration.

The report is meagre and unsatisfactory, but I think it conveys, for the most part, the spirit of our conversation. Therefore, although the whole tenor of your words led me to believe it was not intended to be kept private, I have refrained from answering the specific inquiries of anxious friends, whom I met on my way home, lest I might, in some way, leave a wrong impression on their minds.

Truly yours for the Union,
GEORGE L. STEARNS.

The President of the United States.

WASHINGTON, D. C., Oct. 3d, 1865, 11½ A. M.

I have just returned from an interview with President Johnson, in which he talked for an hour on the process of reconstruction of rebel States. His manner was as cordial, and his conversation as free, as in 1853, when I met him daily in Nashville.

His countenance is healthy, even more so than when I first knew him.

I remarked, that the people of the North were anxious that the process of reconstruction should be thorough, and they wished to support him in the arduous work, but their ideas were confused by the conflicting reports constantly circulated, and especially by the present position of the Democratic party. It is industriously circulated in the Democratic Clubs that he was going over to them. He laughingly replied, "Major, have you never known a man who for many years had differed from your views because you were in advance of him, claim them as his own when he came up to your stand-point?"

I replied, I have often. He said so have I, and went on: the Democratic Party finds its old position untenable, and is coming to ours; it is has come up to preparation for this conversation; we can talk freely on this subject for the thoughts are familiar to me; we can be perfectly frank with each other. He then commenced with saying that, the States are in the Union which is whole and indivisible.

Individuals tried to carry them out, but did not succeed, as a man may try to cut his throat and be prevented by the bystanders; and you cannot say he cut his throat because he tried to do it.

Individuals may commit treason, and be punished, and a large number of individuals may constitute a rebellion and be punished as traitors. Some States tried to get out of the Union, and we opposed it, honestly, because we believed it to be wrong; and we have succeeded in putting down the rebellion. The power of those persons who made the attempt has been crushed, and now we want to reconstruct the State governments and have the power to do it. The State institutions are prostrated, laid out on the ground, and they must be taken up and adapted to the progress of the times; cannot be done in a moment. We are making very rapid progress, so rapid I sometimes cannot realize it; it appears like a dream.

We must not be in too much of a hurry; it is better to let them reconstruct themselves than to force them to it; for if they go wrong, the power is in our hands and we can check them at any stage, to the end, and oblige them to correct their errors; we must be patient with them. I did not expect to keep out all who were excluded from the Amnesty, or even a large number of them, but I intended they should sue for pardon, and so realize the enormity of the crime they had committed.

You could not have broached the subject of equal suffrage, at the North, seven years ago, and we must remember that the changes at the South have been more rapid, and they have been obliged to accept more unpalatable truth than the North has; we must give them time to digest a part, for we cannot expect such large affairs will be comprehended and digested at once. We must give them time to understand their new position.

I have nothing to conceal in these matters, and have no desire or willingness to take direct courses to obtain what we want.

Our government is a grand and lofty structure; searching for its foundation we find it rests on the broad basis of popular rights. The elective franchise is not a natural right, but a political right. I am opposed to giving the States too much power, and also to a great consolidation of power in the central government.

If I interfered with the vote in the rebel States, to dictate that the negro shall vote, I might do the same thing for my own purposes in Pennsylvania. Our only safety lies in allowing each State to control the right of voting by its own laws, and we have the power to control the rebel States if they go wrong. If they rebelwe havethermy,and can controlthem by it, and, if necessary by legislation also. If the general government controls the right to vote in the States, it may establish such rules as will restrict the vote to a small number of persons, and thus create a central despotism.

My position here is different from what it would be if I was in Tennessee.

There I should try to introduce negro suffrage gradually; first those who had served in the army; those who could read and write, and perhaps a property qualification for others, say $200 and $250.

It will not do to let the negroes have universal suffrage now, it would breed a war of races.

There was a time in the Southern States when the slaves of large owners looked down upon non-slaveowners because they did notown slaves; the larger the number of slaves their masters owned, the prouder they were, and this has produced hostility between the mass of the whites and the negroes. The outrages are mostly from non-slaveholding whites against the negro, and from the negro upon the non-slaveholding whites.

The negro will vote with the late master whom he does not hate, rather than with the non-slaveholding white, whom he does hate. Universal suffrage would create another war, not against us, but a war of races.

Among us, this government is the freest and best on the earth, and I feel sure is destined to last; but to secure this, we must elevate and purify the ballot. I for many years contended at the South that Slavery was a political weakness, but others said it was political strength; they thought we gained three-fifths representation by it; I contended that we lost two-fifths.

If we had no slaves, we would have had twelve representatives more, according to the then ratio of representation, Congress apportions representation by States, not Districts, and the State apportions by districts.

Many years ago, I moved in the Legislature that the apportionment of Representatives to Congress, in Tennessee, should be by qualified voters.

The apportionment is now fixed until 1872; before that time we might change the basis of representation from population to qualified voters, North as well as South, and in due course of time, the States, *without regard* to color, might extend the elective franchise to all who possessed certain mental, moral, or such other qualifications, as might be determined by an enlightened public judgment.

Chronicle Correspondence.

WAIFS FROM AN ESTRAY.—*Northampton, Oct. 23.*—This inland watering-place has afforded me a week of pleasure as well as one of benefit. Adjacent lie all the Hamptons except Hampton. There is Northampton, there is Easthampton, there is Southampton, there is Westhampton; and the man who knows no north, no south, no east or west, is not wanted here. To sustain myself in calling this a watering-place, I have merely to mention that the Round Hill, Springdale and Florence watercures are within its limits, to which shrines the disciples of hydropathy resort, for douche and pack, for spray and sitz.

My pride in the well shaded streets of old Portsmouth has received a severe shock in the contemplation of the magnificent elms which line the streets here. Beside the natural beauties which on every side present themselves for contemplation, much time may be profitably spent in visiting the various manufactories and public buildings. Among the latter the Asylum for the Insane is the chief. Beautifully situated, with ample grounds and of great extent, the asylum awakens mingled feelings of sadness and admiration—of sadness, that so many minds diseased should require such a structure; of admiration, that so complete a provision for their infirmity should be made by their fellow men.

The range of manufac[illegible] large, embracing most everything from drain pipe to hoopskirts, from portemonnaies to suspenders. Easthampton, nestling under the shadow of Mount Tom, is emphatically a manufacturing town, in all but the squalor and dirt we mentally associate with such a place. With new mills, and with pattern houses belonging to the corporations, it presents a prim, methodical appearance and Philadelphia-like cleanness. The Williston Academy, located there, is one of considerable reputation.

One source of revenue to the farmers in this vicinity requires no puff from the press, as so many others are engaged in puffing it. I refer to tobacco. Great barns, built with especial reference to curing the noxious weed, arise on either hand, and many raisers count their crops thereof by tons.

Base ball seems a favorite sport in this vicinity, nearly every paper containing accounts of one or more match games. A shooting match took place on the day of my arrival, between the hands employed in the old shop of the Florence Sewing Machine Co. and those in the new. Stealing and buying were allowable, and the result was a total of 11,000 head, including one wildcat, shot at Roberts' Meadows, supposed to have escaped from some travelling show.

I have availed myself of two opportunities to listen to Ralph Waldo Emerson while here. The first was on Friday evening, at Amherst, where he is delivering a course of lectures. Starting with the statement that "Two men who have read the same book have a tie between them," Mr. Emerson held our attention for an hour by a discourse upon books and book-making, directed in a great measure to the large student element in the audience, but fraught with suggestions of interest to every reader, writer or speaker.

Yesterday afternoon I was a unit of the "Free Congregation" addressed by Mr. Emerson in Florence Hall. The articles of agreement of this society present a broad base—excluding no person on account of sect, creed, color, age, politics, sex or nationality, and pledged to seek after the good and true. Clergymen of every denomination, and men of intellectual endowment are heard by this congregation. Mr. Emerson's discourse was upon the evidences of eternal life, which he treated in his own logical manner, carrying the hearer with him step by step until the conclusion was reached, when both hearer and speaker set foot on the top of the ladder together. The evening found the hall filled again, and all who went away without a better feeling awakened by Mr. E.'s lecture on integrity of purpose must have been easily inattentive.

On Saturday evening, while a train on the Canal R. R. was backing, a team containing an Irishman and wife was run into, completely splintering the wagon and a keg of whiskey therein, and so injuring the woman that she died in a few minutes.

FAIR PLAY.—*Editors of the Chronicle:* If you will refer to your files of the Boston Herald, you will find in Tuesday's issue (Oct. 24) the following item relating to the Boston Navy Yard:

NAVY YARD MATTERS.—Business is still lively at the Navy Yard in the construction of new vessels and repairing of old ones, which gives employment to about 3000 men in the different departments.

The new screw frigate Franklin (50 guns) which was built at the Kittery Navy Yard, is now in the Dry Dock, being copped and finished.

Now we dislike to find fault or grumble about any matter, but it seems to us a little unfair to crowd Charlestown and Brooklyn Navy Yards with vessels needing repairs, and leave this Yard with comparatively nothing to do in this line. If the work could not be done as well or performed so speedily, it might be a good reason for disposing of them in the above manner, but as it has been conceded by the Navy Department that we are not behind any Yard in the United States in the ready performance of their work, we know not why we should not have our share of repairing. Brooklyn Yard is to day crowded with work, vessels literally choking every entrance to the Yard by water, while the wharves at this Navy Yard are barren and deserted, there being but one or two vessels now undergoing repairs. This may be all right, but we must confess to an utter inability of beholding it. Again, the matter of taking the steamer Franklin from this Yard to that of Charlestown and overhauling and tearing out work on the inside o the vessel, (which [illegible] up here,) under the pretext of its weakness and inefficient construction, is a bare-faced insult to those master-workmen at the Portsmouth Yard who had the supervision of the work. At the time the steamer Franklin left this Yard for Boston, it was understood that the object of taking her thither was for the purpose of facilitating the introduction of her machinery, built at the Atlantic Works, East Boston, to avoid the expense of transportation to this Yard. But we learn that shortly after her arrival at Charlestown extensive alterations, involving a large outlay of money, were commenced and it seems by the above item from the Herald are now going on.

Portsmouth, Kittery and vicinity are interested to know whether we have any claim upon the Government in the matter of the allotment of mechanical labor to the different Yards, and it might not be out of place to inquire if these things are just. We were passing down street some months since, when we chanced to observe some naughty boys throwing stones with a reckless disregard of the ultimate stopping-place of said missiles. A poor *non compos* sprig of masculine humanity happened to pass that way, and ran his head against one of the rocks which was started [illegible] erable velocity towards him by one of the urchins. The blood began to flow freely from the deep gash made by the stone, when the wounded man looked up to the writer and remarked, "that's the chap what fired the rock, and I don't think such things are exactly right!" We heartily concurred with him in opinion, and would adopt his language in regard to the Portsmouth vs. Charlestown Yard, that "*we don't think such things are exactly right!*"

WHEATON'S ITCH OINTMENT.—The Editor of the Canfield (Ohio) Herald, says: "It has been said that 'to get the itch is no disgrace, but it is disgraceful to keep it.' No one need have the itch 48 hours if they will use 'Wheaton's Ointment,' for it is a *sure cure!* We saw it tried on the persons of several children and adults a few weeks since, and the itching at once ceased, in two days not an eruption was visible. It is effectual in removing pimples, blotches, and especially old sores. We used the Ointment on one of our own children, and the effect was magical. The itch, which has been so prevalent about here, has not yielded to the usual remedies for this complaint, and we are glad to get a remedy that has been discovered that is so effectual and yet so cheap. Read the advertisement."

☞ The Fenian Congress in Philadelphia, have chosen a President, Col. John O. Mahony, organized a Senate, House, and Cabinet, and propose to build a Government House—somewhere in Ireland, we presume. The Bonds of the Irish Republic are shortly to be issued.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Livesport,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made Diseases of the Skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

DEAFNESS!
CATARRH!
—AND—
Diseases of the Throat.

Extension of Dr. Campbell's Stay
IN PORTSMOUTH.

DR. CAMPBELL,

At the earnest solicitation of numerous patients and persons desiring treatment, will extend his stay at the
Franklin House, Portsmouth,
Until Saturday, Oct. 28.

HOME TESTIMONY.

Certificate of Simon J. Torr, Esq.

PORTSMOUTH, N. H., Oct. 9th, 1865.

TO THE DEAF.—I wish to state that my son Andrew, now 18 years of age, has been deaf in both ears since three years old, and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely, wholly and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from so early an age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Something of my residence in South Dover, N. H., My son faithfully persevered in the treatment six months, at the end of which time he was rewarded by A FULL AND COMPLETE RESTORATION OF HIS HEARING.
SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1865.

DR. CAMPBELL, Franklin House—Dear Sir: I have been deaf in my right ear for many years, with at times discharges from my ears, and have suffered *intensely* from catarrh, and excessively painful noises in my head. I am now happy to say that my hearing is perfectly restored, and I am too happy to certify that under your skilful treatment I can now *hear as well as any one*, the discharge all gone, and I have so to spare. "My burden is lifted from me. *The distress is gone entirely.* If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to my name, my husband, Mr Beal, Seaward of the Navy Yard. Rest assured I shall send all afflicted as myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours.
MRS. MARY A. SEAWARD.

Certificate of Miss Junkins.

PORTSMOUTH, N. H., Oct. 10th, 1865.

When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "*running*" from them, most revoltingly offensive to myself and acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all come to the conclusion that I was incurable, and would do nothing for me. Hearing of Dr Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 27 years' duration by Dr. C., I placed myself in his hands for treatment. At the time of doing so there was a perforation of the drum of one ear, the discharge was more constant and profuse than ever from both, I could not hear a watch tick on without the greatest difficulty understand conversation unless spoken to close to my ear. I strictly followed out the prescribed by Dr. C. but three months, at the end of which time the discharge from one ear had ceased entirely, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch tick a good distance, and sustain a conversation across the room. My other ear discharging at times, but that is owing to my neglecting to send for more medicine. My hearing in that ear, however, is greatly improved, and the bad smell entirely gone. I reside with the family of Mr. Young, at York, Me., where I can be seen at any time.
ELIZABETH E. JUNKINS.

Certificate of Mr. Stephen Blanchard.

PORTSMOUTH, N. H., Oct 4th, 1865.

Grateful to Dr. Campbell, now at the Franklin House, for being the means of completely restoring me to health, I gladly make the statement of my case, for the benefit of others similarly affected.

Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work at the Navy Yard, and for seven weeks had been confined to my father's house. I consulted the best physicians, but got no help, and was rapidly sinking. I placed myself in the hands of Dr. C. one year ago. In three weeks after commencing his treatment I had gained *four pounds in flesh*, and resumed my work in the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months, a WELL MAN, and am a living evidence* that by Dr. Campbell's system of treatment, CATARRH CAN BE CURED. Exactly one year ago, or nearly one months ago, my sense of smell has returned, acute as ever, and I can in this certificate but faintly express my gratefulness to the Doctor for what he has done for me. I carried out my treatment at home, without any difficulty or inconvenience, and only saw the Doctor twice.—Persons who doubt can call on me at the Navy Yard, where I shall be happy to verify this statement.
STEPHEN BLANCHARD,
Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.

PORTSMOUTH, N. H., Oct. 9th, 1865.

I have been for fourteen years *totally* deaf in my right ear, and have been greatly troubled and annoyed by a profuse discharge from it, all the time. I have tried almost everything, but nothing seemed to do any good. I went to Dr. Campbell when he first came to Portsmouth. He said he could cure me of both the discharge and deafness, and in a few moments removed a large "polypus" from the ear. I could hear directly, and since then, by the use of the Doctor's prescriptions, the discharge has *wholly ceased*, and I can hear as well with that ear as I can with the other, which has always been good.

CLOCK'S

Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown. It will not stain the skin or the finest linen. It effectually arrest the hair from falling off; caus hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

At Wholesale by DEMAS BARNES & CO., New York. spsdawlymy28

CRISTADORO'S HAIR DYE,

Everywere establishes colors which are beautiful in the people's eyes. The hues of the National Flag are those of Heaven, but among all the dyes of Earth there is only one CRISTADORO'S that produces instantaneously perfect fac simile of nature's every shade of black and brown.—Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. e29dawlm 6

Brandreth's Pills,

WHOSE TIMELY USE UNDER PROVIDENCE, HAS OFTEN SAVED LIFE.

These celebrated Vegetable Pills are no new, untried remedy; they have been used and tested in the United States for thirty years, and are relied upon by hundreds of thousands of families as almost their sole medicine when sick. No care or expense is spared in their preparation, and it is certainly true when I assert that no King can have a medicine safer or surer than Brandreth's Pills.

They produce a good effect upon disease almost immediately they are taken. By some wonderful power, perhaps electric or nervous influence, the progress of the diseased action is arrested; where watchfulness and pain have been present, the system becomes quieter, and the patient soon obtains refreshing sleep.

The genuine BRANDRETH PILL BOX has upon it a UNITED STATES GOVERNMENT STAMP with B. BRANDRETH in White Letters in the same. e29dawlm

Batchelor's Hair Dye!

The Original and Best in the World! The only true and perfect Hair Dye. Harmless, Reliable and Instantaneous. SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *what we do know*," after 30 years experience; and *pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists througout the world.

Price, Only 35 Cents per Bottle.

☞ The Lyceum opened rich on Monday evening. The Cornet Band gave a fine Concert, bringing out several new and brilliant pieces. Gough's lecture on Habit, was an able performance—but all his lectures are rather *too much* "performance" for us. However, there was much that was good in it, and we have no doubt but its salutary influence will be retained by many of his large audience. Like all his "efforts," it was very enjoyable to most hearers, and was varied enough to suit almost all tastes. The house was well filled, but the new arrangement of the hall gives far more comfort to all. A few more gas-lights, however, would make things appear a good deal more cheerful.

☞ We are requested to state that Mr. Miller, Boatswain's Mate on board the Vandalia, did not die on board the vessel; but was at the home of his wife (Mr. Peter's boarding-house) in this city at the time. Neither was he sick for any great length of time, having left his post of duty only on Friday last; nor was his death caused by improper food, as he had eaten nothing but gruel since he landed. Rather a budget of blunders to correct in one small item; but we don't know how they could be made, as we gave the story just as it was told us.

S. J. COURT.—The following persons were arraigned on Tuesday morning. Henry Webber (a minor) for stealing $70 from Charles W. Gerrish. Plea not guilty. Recognized in $300.—Case continued.

Mary P. Hodgdon, house of ill-fame. Plea not guilty.

Almira Hodgdon, same offence, plea not guilty. Mark Spinney, selling liquors without license, plea not guilty.

The case against Staples was given to the jury on Tuesday morning.

State vs. Mark Spinney—a verdict of guilty was taken by consent, subject to the opinion of the Court on the question whether a U. S. Internal Revenue License to sell intoxicating liquors allows a party to sell such liquors in violation of the laws of the State. Attorney General Clarke for State, Frink for Spinney.

At the coming in of the Court in the afternoon, the Jury returned a verdict of guilty in the case State vs. Staples. His counsel have entered a motion in arrest of judgment.

Saml George of Seabrook retracted his former plea and plead guilty of stealing from the person to the amount of $18.75. Sentenced to three years hard labor in State Prison.

No. 14, State vs. Oliver Lowell, for an assault June 15th on Esther B. Tilton at Raymond, with an attempt to commit rape, was also tried. Henry H. Ham of Portsmouth being appointed foreman of the jury. Att'y Gen'l Clarke for State, Wood for respondent.

☞ Munroe Commandery of Knights Templar, of Rochester, N. Y., visited the De Witt Clinton Commandery of Knights Templar of this city, on Tuesday morning, arriving here at 11 1-4 o'clock, from Portland. At the railroad station they were met by the De Witt Clinton Commandery, and escorted through our principal streets, marching to the music of the Portsmouth Cornet Band, making a fine appearance.—They also visited various scenes of interest; dined together at the Franklin House; and the whole reception must have been pleasant and satisfactory to all concerned.

☞ A correspondent informs us that "Mr. Henry C. Barnabee, the comic Basso, of Boston, is to sing in Portsmouth soon, in connection with Mrs. J. V. N. Whipple's Readings. Also, that it is expected that Mrs. Cary, the popular Vocalist, of Boston, will appear before the Lyceum at the second entertainment of the Course."

☞ The opening first class Concert of the season, is to be given to-morrow night at the Temple; and the lovers of the higher order of music, will have an opportunity to show whether they appreciate artistic performances, as fully as the patrons of the burnt-cork art do negro minstrelsy. We presume there can be no question about thetalent of the performers announced by Mr. Warren. See his advertisement.

☞ The tug-boat D. A. Mills arrived in this harbor on Sunday last from Boston and returned, having in tow the schooner T. A. Ward, which has recently been undergoing repairs at the North End.

☞ Mr. J. C. Batchelder, teamster, who has been employed on this Navy Yard upwards of twenty-five years, died on Tuesday morning, after an illness of a little more than a week.

POLICE COURT, Oct. 24.—Business is light in this direction, now-a-days, the higher Court absorbing the attention of loafers to such an extent as to disallow them time enough to get drunk.

Samuel Guppy, drunkenness, fined $3 and costs $3.86.

☞ Harper's Magazine for November is for sale by J. H. Foster.

FOREIGN ITEMS.—A Swiss paper draws an unflattering picture of Capt. Wirz before he quitted Zurich for America, and says he was imprisoned for forgery and embezzlement, and was divorced from his wife.

Additional Fenian arrests are daily reported in Ireland, and among them a passenger by the Helvetia, who landed at Queenstown. The captain of the Helvetia sought to pass Queenstown without putting in to land passengers, owing to the bad weather, but was compelled by the authorities to do so, and the strictest surveillance was instituted among the passengers. The most rigid watch is maintained at Queenstown upon vessels from America. It is stated that the principal Fenians will be tried by a special commission.

KENTUCKY.—The President has approved the action of Gen. Thomas in retaining Gen. Palmer in command of the department of Kentucky, and the Secretary of War approves of Gen. Palmer's action in regard to granting passes to colored persons.

A letter from Governor Bramlette to the Secretary of War, complains that Gen. Palmer's action in granting passes to negroes, who are neither free by the action of the Federal Government nor by the laws of Kentucky, is seriously detrimental to the industry of the State.

HORSESHOES.

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished Shoes of every variety of style and size. The iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as any hand made shoes. The bars are drawn with a groove and a bevel, and with a seated, a flat, or a concave foot-face. This amount of work on the bar enables the blacksmith to make twice as many Shoes a day as he can make from common shoe shapes, and the Shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished Shoes much lower than hand-made Shoes, with which alone they can be compared, and which in reality they are.

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

REMARKABLE DIVORCE CASE.—There is now in course of hearing in the Supreme Court at New York a case in which a husband sues his second wife to obtain a divorce, *for the reason that a first wife is living. He insists that he acted in good faith in marrying the one from whom he now seeks to be loosed, and says that he received information of a reliable nature that his first wife, who was in England, had died. It is now shown that the first wife is alive and doing well.*

A CHARACTER.—At Harper's Ferry, the other day, Sir Morton Peto and his fellow capitalists from England excavated an old fellow from one of the cellars in the town who had held his ground during the war, refusing to be frightened away by either cannonading or explosion. "I dun know," the old fellow said, "as the war's done me much harm." Five years ago I was the poorest man in Harper's Ferry; two years ago I was the richest, everybody else having run away. I wasn't worth nothing then; I aint worth nothing now; so I'm square. Judge (to Sir Morton) have you any terbakker about ye?"

— According to the Norfolk papers, the oyster trade this season promises to be very brisk. It is estimated that from 1200 to 1500 barrels are shipped from Norfolk to New York on each steamer. About the same amount are shipped to Boston, and the two lines of steamers to Baltimore daily take 1000 barrels.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.
76 *State street, opposite Kilby street,*
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

MR. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

AUTUMN SUNSHINE.

Mild as the glances of angel eyes,
Soft as the kisses of first-born love,
Down thro' the haze of these Autumn skies
Comes the glad sunshine from realms above.

Beautiful pictures it sketcheth now,
Touched with the glowing hues of old.
Painting the valley and mountain's brow
Over with purple and red and gold.

Whispers of beauty the spirit fills,
Tales of a land that faileth never,
Sunshine that gildeth the beautiful hills,
Just over the bank of a crystal river.

Beautiful rest for the weary soul—
Earth had no beauty akin to this—
Anthems of gladness forever roll
Over those halcyon plains of bliss.

Down the steeps of life's western hill,
Beautiful sunshine of hope and light,
Every shadow and hope dispel,
Lift my spirit from realms of night.

Soft as the beams of the autumn sun,
Sweet as the death of the summer flowers,
Gather thy jewels one by one,
Take my soul to those radeless bowers.

WILLIS GAYLORD CLARK'S "OCTOBER."

Solemn, yet beautiful to view,
Month of my heart, thou dawnest here,
With sunset and faded leaves to strew
The summer's melancholy bier;
The moaning of the winds I hear,
And the red sunset dies afar,
And bare of purple cloud appear,
Obscuring every western star.

Thou solemn month! I hear thy voice;
It tells my soul of other days.
When but to live was to rejoice,
When earth was lovely to my gaze.
O, visions bright! oh, blessed hours!
Where are those living raptures now?
I ask my spirit's wearied powers,
I ask my pale and wrinkled brow.

Alas! for Time, and Death, and Care,
What gloom about our way they fling,
Like clouds in Autumn's gusty air,
The burial pageant of the Spring.
The dreams that each succeeding year
Seemed bathed in hues of living pride,
At last, like withered leaves appear,
And sleep in darkness, side by side.

— Henry Ward Beecher has delivered a sermon in which he gave in his unqualified endorsement of President Johnson and his reconstruction policy, urged forbearance and kindness toward the South, insisting that they must regulate negro suffrage for themselves, discountenanced Northern interference, claimed that we must have confidence in the loyal professions of the Southerners that their self-respect be not offended. He also put forth kind words for Lee.

The Subscribor contemplates moving to Saint Louis, Mo. In order to close up his business here,—previous to his removal to the West,—he offers to sell his whole stock of

DESIRABLE GOODS,
not in a lump, but parcel it out to his customers at
Great Bargains!

While returning my heartfelt thanks to the generous public for the liberal patronage bestowed on me during my residence in Portsmouth,—I anxiously hope that my friends will buy freely and choose from

A Large Stock and Great Variety,
while I offer the same at unprecedented inducements. Very respectfully,
ISAAC HAHN.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

THURSDAY, OCTOBER 26, 1865.

WASHINGTON ITEMS.—The Sec. of War has issued an order that no more arrests will be made of persons as deserters for having failed to report under draft, and all those now held are to be discharged immediately.

Advices from Florida say that at the election there not over 3000 votes were cast, and that the delegates elected to the State Convention are mostly strong Union men.

Gov. Johnson of Georgia writes to the President that he desires the U. S. forces to remain in that State.

A delegation from Florida is urging the suspension of the order to Gen. Howard as to the occupation of the Sea Islands. They want the Freedmen kept there temporarily until arrangements can be made for their transportation to Florida, where their labor is much needed.

The Herald's despatch says the colored population of Clarke county, Va., are much excited over the report that employers have the right to fix the amount of their compensation.

Statistics at the Medical Department show that there are but about 600 helpless negroes from each Southern State in the care of the department.

Since the execution of Champ. Ferguson, parties claim that the guerilla Mosby is deserving of the same fate. They claim to have the names of ex-rebel officers among other witnesses to prove inhuman crimes upon Mosby.

The death sentence of the Indian chiefs Medicine and Little Six, implicated in Minnesota massacres, has been suspended for further investigation as to their guilt.

It is reported that Wertz has been found guilty, and will be hanged on Friday next.

A scheme for the colonization of the Freedmen in Florida has been laid before the Secretary of the Interior, and will soon be brought before the President.

The $12,000,000 worth of medical stores on hand are being rapidly disposed of under the recent order of the Surgeon General.

The Times' Washington dispatch says all volunteers on the Pacific coast are to be mustered out as soon as possible.

SOUTH CAROLINA.—General Howard in an interview with the Mayor of Charleston and others told them that the opposition to the Freedmen's Bureau was confined to politicians; that the planters were favorable to it; that the President and himself were anxious for a complete restoration of the civil authority; but that the negro had no protector in their late masters, and must have the protection of the Government, and until the State allowed freedmen to testify in the courts the Bureau would be continued. The General gave encouraging replies to the planters concerning the restoration of their property. He announced his intention to establish courts to consist of one army officer and two citizens, to take cognizance of complaints by or against the colored people.

General Bennett has issued an order to the military to surrender to the civil tribunals, when the officers of the latter are qualified to adjudicate legal matters, except such as relate to property in the possession of the National Government and cases in which negroes are interested.

CHARLESTON ITEMS. — The World's Charleston correspondence says the returns of the election in South Carolina indicate the election of Wade Hampton.

The Herald's Charleston correspondence says Secretary Seward has informed Provisional Governor Perry that the President expects him to hold his office until relieved by the express order of himself.

WEST INDIA ISLANDS.—Additional details of the hurricane which swept over the West India Islands are furnished by late papers. In Guadaloupe the houses were lifted from the ground, torn to pieces and scattered. In one town the hospital was blown down, and all the inmates killed or wounded. Between two and three hundred persons altogether were killed. The crops were destroyed, and vessels stranded.

TAXATION OF NATIONAL BANKING CAPITAL.—The decision of Judge Denio of New York, in certain appeal cases, that shares in National Banks are taxable by State and local authorities, although the entire capital of the banks be invested in national securities, will be carried to the Supreme Court of the United States for final and decisive disposition.

FALL IN THE PRICE OF PORK.—The New York Times of Thursday says: "Pork speculators are coming to grief. Yesterday mess pork fell $2.75 per barrel in this market. At the close there were far more eager sellers than buyers at the reduced rates. A tight money market plays the deuce with the gamblers in the necessaries of life.

— Advices from Alabama point pretty certainly to the choice of Gov. Parsons for United States Senator.

Correspondence of the Chronicle.

RICHMOND, Va., Oct. 22.

Mr. Editor: Having taken up my residence in this city for a short time, a few items from the late capitol of the late confederacy, may not prove unacceptable to you. The ruins of the "burnt district" still meet the eye, and although their are some few buildings going up on the spot, yet the larger part is as yet a dreary waste, nothing having been done except to clear away the rubbish, and pile it in the street. It will require an immense amount of energy and capital, to replace what was so foolishly destroyed in the great conflagration.

The people here, so far as I have had opportunity to judge, hate the Yankees as badly as ever, and the sight of a federal uniform is particularly obnoxious to them; and they are extremly anxious to have Uncle Sam's soldiers sent home. Truly, the "chivalry" are whipped but not subdued. All the papers here, with one exception, the "Republic" are intensely Southern, although pretending to be firm supporters of President Johnson and his reconstruction policy. The "Times" of yesterday in an editorial, spoke of the people of the South, as having "a deep feeling of respect and gratitude for such leaders of the democracy as Pierce of New Hampshire, Pugh of Ohio, and Seymour of New York." It would be singular if they did not, for those men were for the South all through the war.

It is said that the Enquirer, the Examiner, and Dispatch, are to be revived; and in fact the prospectus of the Examiner is already out, and it is a curiosity. The publisher, H. Rives Pollard, who during the war was as bitter a rebel as there was in the South, says that he intends to make the paper "an ornament to the literature of the South, uphold its chivalry, and spell politics with a *P*." He don't like the "innovations of Northern instructions," and is going in for a Southern school of "pure classick" English.

Rents here are enormously high. What do you think of $1000 rent for a shanty with two stores, the original cost of which was $900? There is quite a lively competition between the "Bay" and "new" lines of steamers running between here and Norfolk. On Thursday last, the Bay line put the fare down from $3 to $1. The New line immediately put theirs down to 75 cts., when down came the other to 50; when the New at once advertised to take passengers for 25 cts., and finally, to cap the climax, both lines carried all who would go yesterday for nothing—the new line, having the extra attraction of a band of music and refreshments thrown in. It is not likely that such a state of affairs will last long; one line or the other will have to succumb.

Among the regiments doing duty here now is the 24th Mass. infantry, of which Dr. John W. Parsons, son of Col. Thos. J. Parsons of Rye, is Asst. Surgeon. The quarters of the regiment are very pleasantly situated in "Howard Grove," about one mile from the city. They were formerly used as a Rebel Hospital.

Among New Hampshire men here, are Messrs. Norris & Emerson of Manchester, who are keeping the Monumental Hotel.

Truly Yours, R. C.

GOV. PIERPONT of Virginia is getting into hot water. He has just published a denial of the statement that he, last week, in the Treasury Building, denounced the Government for expecting that the people of the South would tamely submit to be taxed to pay the public debt, and that he was therefore ordered out of the room by Comptroller Clark.

But Mr. C. does not give it up so,—and sends a note to the Boston Journal's correspondent, saying:

"In answer to the denial I state unqualifiedly that Governor Pierpont *did* express the sentiment imputed to him, not, however, in the precise words as stated in the dispatches to which he alluded, but in more objectionable and offensive language, and I also affirm that I directed him to leave my office. FREEMAN A. CLARK."

Mr. Clark encloses in proof of the accuracy of his statement the sworn affidavit to *that effect* of Mr. Charles D. Smith, a brother of Hon. James C. Smith, one of the Justices of the Supreme Court of the State of New York, who was present and heard the whole conversation.

Gov. Pierpont is getting decidedly the worst side of the question of veracity, as there is still another person who can affirm the truth of the allegations, which are already sustained by the statement of Mr. Clark, backed by the oath of an unimpeachable witness.

Some of the Congressmen elect from Virginia are much exercised over their Governor's speeches, which they fear may delay the admission of their delegation next session. The two Virginia Senators have called upon Mr. Clark to express surprise, and to dissent srom the doctrines enunciated by Gov. Pierpont.

THE THIRTY-NINTH CONGRESS.—We have generally been apt to regard every succeeding Congress as the most important in our history. Without question, however (says the Monitor) the next meeting of this branch of our government will be the most important we have ever known. Questions will arise which have never been discussed in our halls of legislation, and decisions must be made which will have a perpetual influence on the future existence of the country.

Even the momentous requirements of a civil war in active operation will be exceeded in importance by the questions consequent on the return of peace and the reconstruction of the government. The status of the Southern States which have participated in the rebellion, will be rendered more uncertain from the fact that many members have been elected who are unable to take the prescribed oath, and Congress is likely to meet this stumbling block at the very outset.

However the theories of State rights and the want of power to interfere with the domestic institutions of lately rebellious States may be considered, there is little doubt that these points will be brought before Congress and will be thoroughly discussed. The national finances are hardly less difficult of management than when we were required to raise two millions of dollars per day, and the safe disposal of the national debt will be a matter for a great deal of discussion and legislation.

With these considerations in view, we may congratulate ourselves that we are represented for the most part by able men in both houses; and especially that the interests of freedom, so long contended for, will not be lightly sacrificed.

THE EPISCOPAL CONVENTION.—There was quite a spicy debate on Saturday morning in the Convention at Philadelphia, upon the proposition to confer with and aid the reforming priests in Italy. Mr. Hamilton Fish opposed the measure strongly, on the ground that it was a political movement. Some of the members thought that delicacy toward the Pope was rather absurd, in view of the aid and comfort he had afforded to Jeff. Davis. The committee appointed to consider the question of friendly intercourse between the "Orthodox Apostolical Churches" of Russia and America, asked for further time.

Perry's Moth and Freckle Lotion.

Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. J. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

DEAFNESS!

CATARRH!

—AND—

Diseases of the Throat.

Extension of Dr. Campbell's Stay IN PORTSMOUTH.

DR. CAMPBELL,

At the earnest solicitation of numerous patients and persons desirous of a treatment, will extend his stay at the

Franklin House, Portsmouth,

Until Saturday, Oct. 28.

HOME TESTIMONY.

Certificate of Simon J. Torr, Esq.

PORTSMOUTH, N. H., Oct. 9th, 1865.

TO THE DEAF.—I wish to state that my son Andrew, now 18 years of age, has been deaf in both ears since three years old, and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely, wholly and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from so early an age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Although at times he has suffered from *very severe* colds, his hearing has *always* been good during their continuance, and the catarrh which greatly afflicted him at the time of commencing Dr. C.'s treatment has *entirely disappeared. This statement may be relied on*: the skeptical can write to me or call at my residence in South Dover, N. H. My son faithfully persevered in the treatment six months, at the end of which time he was pronounced by a FULL AND COMPLETE RESTORATION OF HIS HEARING.
SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1866.

DR. CAMPBELL, Franklin House—Dear Sir: I have been deaf from earliest infancy, with at times discharges from my ears, and have suffered *intensely* from catarrh, and excessively painful noises in my head. I am only too happy to certify that under your skill, ful treatment I can now *hear as well as any one*, the discharge all gone, and I have so to speak, "AN ENTIRE NEW HEAD." *The distress is gone entirely.* If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to me, or my husband, Mr. Benj. Seaward of the Navy Yard. Rest assured I shall send all afflicted as myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours.
MRS. MARY A. SEAWARD.

Certificate of Miss Junkins.

PORTSMOUTH, N. H., Oct. 10th, 1865.

When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "running" from them, most revoltingly offensive to myself and acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all came to the conclusion that I was incurable, and would do nothing for me. Hearing of Dr Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 27 years' duration by Dr. C., I placed myself in his hands for treatment. At the time of doing so there was a perforation of the drum of one ear, the discharge was more constant and profuse than ever from both, I could not hear a watch tick or talk without the greatest difficulty understand conversation unless spoken to *close* to my ear. I carried out the treatment prescribed by Dr. C. but three months, at the end of which time the discharge from one ear had CEASED ENTIRELY, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch tick a good distance, and sustain a conversation across the room. My other ear discharges a *very little* at times, but that is owing to my neglecting to send for more medicine. My hearing in that ear, however, is greatly improved, while the bad noises in my head are gone. I reside with the family of Mr. Young, at York, Me., where I can be seen at any time.
ELIZABETH J. JUNKINS.

Certificate of Mr. Stephen Blanchard.

PORTSMOUTH, N. H., Oct. 4th, 1865.

Grateful to Dr. Campbell, now at the Franklin House, for being the means of completely restoring me to health, I cheerfully make this statement of my case, for the benefit of others similarly affected.

Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work in the Navy Yard, and for seven weeks had been confined to my father's house. I consulted the best physicians, but got no help, and was rapidly failing. I placed myself in the hands of Dr. C. one year ago. In three weeks after commencing his treatment I had gained *four pounds* in flesh, and resumed my work in the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months* A WELL MAN, *and am a living evidence* that by Dr. Campbell's system of treatment, CATARRH CAN BE CURED. Every vestige of my catarrh has left me months ago, my sense of smell has returned, acute as ever, and I can in this certificate but faintly express my grateful feelings to the Doctor for what he has done for me. I carried out my treatment at home, without any difficulty or inconvenience, and only say the Doctor invites—Persons to doubt can call on me at the Navy Yard, where I shall be happy to verify this statement. STEPHEN BLANCHARD,
Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.

PORTSMOUTH, N. H., Oct. 9th, 1865.

I have been for fourteen years *totally* deaf in my right ear, and have been greatly troubled and annoyed by a profuse *fœtid* discharge from it all the time. I have tried almost everything, but nothing seemed to do any good. I went to Dr. Campell when he first came to Portsmouth. He said he could cure me of both the discharge and deafness, and in a few moments removed a large "polypus" from my ear. I could hear directly, and since then, by the use of the Doctor's preparations, the discharge has *wholly ceased*, and I can hear now as well with that ear as with the other, which has always been good.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

On the part of the South can prevent the success of the Union arms. Grant and Sherman's policy, like

CRISTADORO'S HAIR DYE,

Everywhere establishes colors which are beautiful in the people's eyes. The hues of the National Flag are those of Heaven, but among all the dyes of Earth there is none save CRISTADORO'S that produces instantaneously perfect fac simile of nature's every shade of black and brown.—Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. s29dawlm 5

Brandreth's Pills,

WHOSE TIMELY USE UNDER PROVIDENCE, HAS OFTEN SAVED LIFE.

These celebrated Vegetable Pills are no new, untried remedy; they have been used and tested in the United States for thirty years, and are relied upon by hundreds of thousands of families as almost their sole medicine when sick. No care or expense is spared in their preparation, and it is certainly true when I assert that no King can have a medicine safer or surer than Brandreth's Pills.

They produce a good effect upon disease almost immediately they are taken. By some wonderful power, perhaps electric or nervous influence, the progress of the diseased action is arrested; where watchfulness and pain have been present, the system becomes quieter, and the patient soon obtains refreshing sleep.

The genuine BRANDRETH PILL BOX has upon it a UNITED STATES GOVERNMENT STAMP with B. BRANDRETH in White Letters in the same. s29dawlm

Batchelor's Hair Dye!

The Original and Best in the World! The only true and perfect Hair Dye. Harmless, Reliable and Instantaneous. Produces immediately a splendid Black or natural Brown, without injuring the hair or skin. Remedies the ill effects of bad dyes. Sold by all Druggists. The genuine is signed William A. Batchelor. SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and its medicinal virtues. We speak in this matter of "*what we do know*," after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 35 Cents per Bottle.

Local.

S. J. COURT, *Tuesday.* — Several persons who were indicted for stealing from persons in Portsmouth in July last, have failed to appear, and the recognizances to the amount of $6000 have been forfeited.

In case State vs. Lowell, the jury found a verdict of guilty on Tuesday evening.

Wednesday.—John Jones, a transient person, was brought in for trial for breaking and entering the house of Thos. Entwistle in Portsmouth May 31st, and stealing two table cloths, six pillow cases, one linen coat, and two pair stockings, all of the value of $24; but he retracted his former plea of not guilty, and plead guilty of larceny to amount of $18. Plea accepted by the Attorney General. Sentenced to common jail six months, paying to Entwistle three times amount stolen less one-third for goods recovered, $24. Hatch for respondent.

On Wednesday, indictment vs. Nelson N. Downing and Samuel Wilson was tried. Respondents are charged with entering the premises of Alonzo K. Warren, near Portsmouth, and stealing a bag containing a quantity of rye. The State offered a witness, Hiram Gove, an accomplice, to prove the charge.

LIFE INSURANCE.—As a matter of wise, judicious, investment Life Insurance is no longer a question. The only question for every thoughtful and prudent man who is not insured is, to decide to which Company he will apply.

From our long connection with the old Charter Oak Life Insurance Co., we can cordially recommend it to our readers as one of the oldest, safest and best companies in the country. It is a stock company, judiciously managed, a large surplus and perpetual charter, and offers many inducements in the way of low rates and large dividends which other companies cannot. We confidently advise all who are thinking of Life Insurance to call at the Insurance Office of J. S. Harvey, Congress St., where they can have the various plans and peculiar advantages of this company explained by their special agent, Mr. J. C. French. There is one remarkable fact connected with Life Insurance in Portsmouth which may serve as an inducement for those to insure who wish to live to a green old age. There are probably over five hundred men insured in this city, some of whom have been insured over thirty years, but as far as we know there has never been a death of one who had a life policy.

☞ Prof. Gunning's Geological Lecture, at the Court Street Christian Chapel, Tuesday evening, was a very pleasant and instructive colloquial talk on "the Earth's history of itself," and was highly enjoyed by the very appreciative audience. But though perhaps "the *better* part of Athens" was there, we regret to say that that small house even was by no means full, as it ought to have been, for the merits of the lecture and the ability of the speaker. The third lecture of the Course will be given next Tuesday; and at the insufficient price of 50 cents for the remaining four lectures, the Chapel certainly ought to be full—though as to that, we have never seen that to cheapen a good thing too much, makes it go any better.

☞ The Programme for the Concert to-night, as given in our advertising columns, promises a feast for those who appreciate first-class music; and the names of the performers would seem to be a guarantee of the excellence of their rendering of the fine compositions. The entertainment appears eminently worthy of liberal patronage, and we hope will receive it, for it is rarely our citizens have opportunity to enjoy such here.

THE REV. R. G. TOLES, Superintendent of the Baldwin Place *Home for Little Wanderers*, Boston, will speak in behalf of the above Mission on Sunday morning next, at 9 o'clock, at the Unitarian Sabbath School: in the forenoon at the Christian Church, Rev. I. F. Waterhouse; in the afternoon at the Baptist Church, Rev. H. F. Lane; and in the evening at the Congregational Church, Rev. G. M. Adams, at 7 o'clock. A company of the children from the Home will be present to sing.

☞ They are to have a new Woollen Factory in Salisbury. Why not more manufacturing in Portsmouth? Why not?

☞ The British ship Commander-in-Chief, formerly the Isaac H. Boardman, which was burnt while loading in the dock at Cardiff for Callao, was built in Portsmouth in 1855, for Isaac H. Boardman, Henry Cook, J. B. Moss and others, and registered 1432 tons. At the outbreak of the rebellion she was sold in England, and hailed from Bristol at the time of her loss. In English tonnage she registered 1718 tons. The parties who owned her had quite a fleet of ships in 1860, only one of which, the Merrimac, survives. Three of them have gone by fire: first, the Crown Point, burnt by the Confederates; second, the North Atlantic, burnt at Calcutta, probably by her crew; and now the Isaac H. Boardman.

GOLD, Wednesday, 146.

THE INCREASE OF HOURS AT THE NAVY YARD.—We learn on good authority that the substance of the late order received at the Charlestown Navy Yard respecting the increase of the hours of labor was simply to appoint a committee from the Yard to investigate the number of hours workmen outside are employed. A quarterman from each gang was sent out this morning for that purpose. It is surmised that the cause of the order was the presence of Mr. Jeremiah Remick in Washington, with statistics relating to the price paid outside of the yard, further information being needed in regard to the number of hours that men were required to work for those prices.—*Traveller.*

We think it would be as difficult to ascertain the hours of commencing labor outside of this Yard, as it was to get a correct statement of the amount of wages paid in its immediate vicinity.

The idea of the Head of the Navy Department seems to be that if workmen get, for instance, $3 per day outside, that day extending from sun to sun, it would be nothing more than justice to give Government employees $3 and also compel them to labor the same number of hours as those receiving an equal amount of pay outside. This is progression towards the eight-hour system, though, with a vengeance!

☞ Mr. Langdon M. Perkins, formerly of Portsmouth, has raised this year in Hartford, Vt., where he now lives, four bushels of California potatoes, from five potatoes planted.

☞ At Alexandria, Va., in 1863, the Provost Marshal, during a time when small pox was raging in that city, impressed a large number of colored persons and set them to work cleaning the city, &c., but owing to the negligence of the person in charge no means were ever taken to pay them. The Freedmen's Bureau has now made up rolls for the time those persons labored, and the Secretary of War will probably order payment on them. The amount thus due to freed people in Alexandria is from $2500 to $3000.

THE LATEST AND GREATEST Discovery in Dental Hygenic, is Sozodont. It has superseded all the other dentifrices, and, for this reason: that while it contains no solvent principle injurious to the enamel of the teeth, it obliterates tartar and every other dental concretion, prevents canker of the gums, removes blemishes, both from the molars and incisors, and leaves the breath pure and sweet. o23eod

SINGER'S LETTER "A"
FAMILY SEWING MACHINE.

THIS SPLENDID MACHINE UNITE combines all the good qualities of our *well known manufacturing machines*, with many new and valuable improvements. It is swift, quiet and positive in its operation; sews the very finest and coarsest materials, and anything between the two extremes, in a beautiful and substantial manner. It *Hems, Feils, Cords, Binds, Tucks, Gathers, Stitches, &c.* and will generally do a greater range of work than any machine heretofore offered to the public. We respectfully invite all in want of a *Superior Family Sewing Machine* to pay us a visit.—Every machine warranted, and full instructions given by competent lady teachers free of charge. Send for pamphlet. THE SINGER MANUFACTURING COMPANY, 69 Hanover Street, Boston, 458 Broadway, New York.

HORSESHOES.

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished Shoes of every variety of style and size. The iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as the best hand made shoes. The bars are drawn with a groove and a beard, and with a wide flat face, so a concave foot-face. This amount of work on the bars enables the blacksmith to make twice as many shoes as he can make from common shoe shapes, and the shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished shoes much lower than hand-made Shoes, with which alone they can be compared, and which in reality they are.

N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years travelling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; a thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

FENIANS IN CANADA.—Toronto correspondence says the Fenian movement is causing great agitation throughout Canada, and great activity is said to prevail in military quarters; garrisons are strengthened in regions where the Irish predominate, loyalty of officers investigated and arms distributed among citizens known to be opposed to the Fenians. It is thought that the movement in Ireland is only a ruse, and Canada is the prize the Fenians are after.

— The Tribune contains a card from Gov. Fierpont, to the effect that Freeman Clark did not order Governor P. to leave his office, and that Gov. P. did not say the people of the South would not submit to be taxed, &c. But the denial may be received with as many grains of allowance as the reader chooses.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capolins, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Persons need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow regrets and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE PILLS are surpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. Be confident, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 22 Endicott street.
Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that Ladies can come to the Doctor himself.
Address DR. BRISCOE, at No. 22 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1865. 1TuSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 22 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

OF
RYE.
What Is It?
Ask the thousands who are using it.
Make the inquiry anywhere from one end of this glorious Country to the other.
Some People Call it the very best
OLD RYE WHISKEY
THEY EVER TASTED; PERHAPS THEY ARE RIGHT.
Try It and See.
It is made from
RYE,
And Nothing Else, and from the Best Rye at that.
NONE OF YOUR
Musty, Mouldy, Heated Stuff,
BUT THE VERY BEST OF RYE THAT GROWS IN THE
CUMBERLAND VALLEY.
It is enough to do a Man's soul good to taste it, and see how different it is from the STRONG, FIERY STUFF that people use for
RYE WHISKEY.
It is made different; it retains, by a peculiar mode of Distillation,
The Very Medicinal Qaulities
that have made it so popular.
If you want to use a pure, genuine article of Spirit to stimulate a weak Stomach, or to give you renewed health and long life, use the
Extract of Rye.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.
"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, mild and agreeable,—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Merdum,
Henry F. Wendell, John Sise, and others.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, except *when forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics, Hypochondria, Female, Palpitation of the Heart and all Nervous Diseases.* It restores to vigor the aged, causing the hot blood of youth to course the veins, restoring *Debility, restoring Manliness and full vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged it is a blessing greater than the "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to feel youth, joy and pleasure.
"As the Phenix rises from the ashes of its ancestor, animated with new life"—so does this Elixir rejuvenate the system and cause it to become strong.
Price, one bottle $2; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

The Chronicle.

☞ It is certainly to be *hoped* that the following effusion contains "more truth than poetry :"

For the Chronicle.
PORTSMOUTH, Oct. 22d.

Dear Editor :—
I have just arrived on shore,
After traversing the ocean o'er and o'er;
And in hopes I can spend a few pleasant hours,
I have dropped both right and left bowers.
Thus my boldness you must excuse,
As I'm seeking something to drive away the blues.

I am considered an old Shellback,
Though a good yarn I can spin, or a joke I can crack;
And at a growl I can't be beat,
Nor am I astern when called on to treat.

Although my shirt is blue,
Yet beneath it beats a heart that's true
To the flag that waves o'er the free,—
For which I have fought on land and sea;
And never shall it be trampled in the dust,
While my gun will carry a shot or my sabre's clear from rust.

As I have introduced myself to thee,
I would say that gilts and gold are naught to me;
That *something* which I seek is a *loving* heart—
One that can pluck away pain's keenest dart—
And be to me an angel in disguise,
And of course the vulgar she will surely despise;
One who is of purity and innocence combined,
And in her walks is really sublime.

Although I am aware
My shipmates would stare,
To see me take a weaker craft in tow,
And on her all my affections bestow,

As I have been three years on the blockade,
A good pile of greenbacks I have made;
I am just in the prime of life,
As I am only twenty-five.

If you will only pass this round,
And tell them that I can be found
By addressing a note to W. H. E.,
Which by the mail will certainly reach me,
And an answer she will surely receive—
Thus my story she must believe.
And as I have no more to say,
I will bid you and the lady good day.

Yours, W. H. E.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I feel bound to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlie, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
I trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attack, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, OCTOBER 27, 1865.

☞ It is probable that the Republican party will retain all its popular strength, so long as it has such intrepid Democratic champions as Maj. Gen. Peck, who made the following successive charges upon the opponents of the Union Republicans in a speech at Syracuse a few days ago:

Fellow-Democrats, beware of that party which was for and against the war, which opposed the draft law, and is responsible for untold millions of bounty money. Beware of that party which declared the war a failure, and was rejected by the people in November last, by an extraordinary majority. Beware of that party which would have received the rebel States, with all their slaves, and indemnified their owners for losses. Beware of the pro-slavery party, which is throwing every obstacle in the canvass for the defeat of the proposed amendment to the Constitution of the United States. Beware of that party whose opposition to the government in 1862 and 1863 united the divided South, made the rebels sanguine of success, and emboldened their base allies in Europe. Beware of that party whose policy, direct and indirect, has prolonged the war at least eighteen months, and is responsible to the tax-payers, to families and history, for the consequent losses and expenditures. Beware of that party which, in New York, is striving to cover up its record and blind the people, by a pretended conversion to the views of President Johnson, and by a marvellous outburst of love for the soldiers. An examination of the platforms of New Jersey, Ohio, Pennsylvania, Connecticut and other States, show that it is all a trick and sham. The peaceful leopard, Democracy, cannot change its spots.

WASHINGTON ITEMS.—Senor Romero has received assurances that the Mexican loan recently put upon the market will not be interfered with by the United States authorities.

The statement that has gone forth that Wirz will be hung on Friday next is untrue. The verdict of the Court was only laid before Judge Advocate General Holt Wednesday morning, and he is engaged now in preparing a summary of the evidence to be submitted to the Secretary of War. If the verdict of the Court is approved Wirz will undoubtedly suffer the extreme penalty.

EARL RUSSELL says, in his letter to Mr. Adams that "the efforts by which the United States government and Congress have shaken off slavery have the warmest sympathy of the people of those kingdoms." Mr. Adams replies—"In the midst of the gravest of our difficulties I cannot forget that even your lordship was pleased, in an official published dispatch, to visit with the severity of your but too weighty censure *the greatest political measure of the late lamented President*, that which, in fact, opened the way to the final attainment of the glorious end."

Hypocrisy was never more keenly exposed in a diplomatic letter.

NATIONAL THANKSGIVING.—At Washington on Monday a deputation of Congregationalists, consisting the of pastor and sixteen members of the new church recently organized in Washington, called upon the President in pursuance of resolutions recently adopted by that body, and expressed to him a respectable wish that he would set apart Thursday, the 30th of November, the day usually observed annually by most of the States of the Union, as a day of national thanksgiving and prayer to Almighty God for his goodness unto us as a nation, and especially for the suppression of the recent rebellion, for the destruction of slavery—the cause of our civil war—and for the restoration of peace within all our borders, and to offer devout supplication that He still would keep us as He has done in all our national history and trials, under His divine guardianship, and inspire all our rulers and people to deal justly, love mercy and walk humbly before Him, and tendering to President Johnson their prayers that he may, in the discharge of the high and solemn duties which Providence has devolved upon him, be sustained by the God of our fathers, and be guided by that wisdom which comes from above.

GEORGIA.—The Georgia State Convention assembled at Milledgeville. Governor Johnson called the members to order, and made a few remarks. Mr. Herschel V. Johnson was chosen President. Subsequently a message was received from Gov. Johnson, in which he depicted the perfectly exhausted condition of the State finances, and announced that the entire State debt was over $20,000,000; that portion of indebtedness contracted before the war, he said, was honorable, and must be discharged, but that incurred to aid the rebellion must be ignored. The rebel currency and the rebel cause, he remarks, flourished together in life, and must be buried together in one grave.

— Contrary to general expectation, the various theological seminaries open this fall with full numbers. The young men who have been variously employed during the war are returning to their studies.

NEW HAMPSHIRE ITEMS.

—— Rev. Mr. Bridge of Dublin has ceased to be a pastor there, and removed to Vermont.

—— Rev. M. Stevens has resigned his place as pastor of the Unitarian Church at Manchester. He goes to a church in Cambridgeport, Mass.

—— Two men have been attempting to pass a counterfeit $50 greenback, at Manchester. By mismanagement of worthy citizens, one of the rascals got hold of the bill again, and destroyed it,—thus getting clear.

NEW HAMPSHIRE FINANCES.—A Concord correspondent of the Boston Advertiser has the following favorable notice:

The efforts and success of His Excellency Gov. Smyth, at the head of our State government, deserve a passing notice. I am informed that since his inauguration there has been obtained from various sources, through his intervention mainly, about $1,200,000 for the use of the State, and in this instance the old adage text, "A prophet is not without honor, save in his own country," &c., has been reversed, for of this large amount some $400,000 were obtained in the city of his adoption, being furnished chiefly by the several banking institutions of Manchester. This sum has been applied in liquidation of notes and outstanding claims, eight per cent. being the maximum of interest. Our six per cent. bonds are negotiated in encouraging quantities among our own citizens at a small discount, selling at 95 cents per dollar.

During the past financial year, ending last June, State aid to families of soldiers to the amount of $600,000 was paid. The towns advance this aid, which is reimbursed by the State. The amount of money raised by State tax last year and this is $750,000 per year, leaving for the year just closed $150,000 for current expenses. As but a very small amount of aid will be paid out the present year, a large proportion of the three-quarters of a million of State tax will be available for the reduction of our State debt.

The Governor and Council hold a regular semi-monthly session, whilst a committee of the Council, acting in a financial capacity, meet weekly. The Governor and Council are busily engaged in closing up outstanding affairs, mainly claims growing out of war matters, and the reception and care of returning regiments.

GOLD DISCOVERY.—The Trancript says Mr. George L. Rice, proprietor of the Mountain House, on Mt. Monadnock, in Jaffrey, N. H., is erecting a larger hotel near the same place; the workman digging, struck a vein of quartz, a few feet from the ground, which was pronounced by a resident of California to be gold-bearing quartz. An analyzed specimen contained $10.13 of gold to a ton; another contained 13.50. Whether it will pay to work is not decided, but Mr. Rice is determined to test it.

☞ The Washington correspondent of the Boston Advertiser writes:

An influential body of citizens of the States of South Carolina and Florida, accompanied by some Northern men in high official positions, called upon the President, and urged him to rescind his order in regard to the Sea Island property and the freedmen. The rescinding of the order is recommended by Governor Johnson of Georgia. The President declined to interfere with the order, at all events until he shall have received the report of Gen. Howard, who is now, under the order referred to, investigating the condition of freedmen's affairs upon the islands. In the course of the interview the President stated that he was opposed to the plan of colonizing the freedmen, believing that by contact with the white people their intelligence would be developed and sharpened, and their condition in all things improved.

DEATH OF A NAVAL OFFICER.—John S. Missroon, a Commodore in the U. S. Navy, and for some years Ordnance Officer at the Charlestown Yard, died at his residence in Charlestown, Monday night. He was a native of South Carolina; has been in the service over 42 years; and was a brother-in-law to Commodore Downs, whose funeral took place Tuesday.

CHOLERA IN SPAIN.—At Madrid, Oct. 12, there was a great increase of the cholera. 540 cases and 175 deaths during the day. A general panic prevails.

— On Tuesday, at Indianapolis, the colored people of Indiana met in convention. One hundred and fifty delegates were present, representing nearly all the counties in the State.

— A mass convention of western farmers and grain dealers is called to assemble at Morris, Illinois, Nov. 22, to break down the excessive rate now charged on grain shipments to the East.

— Ira C. Doe, Esq., of Saco, while attempting to stop a horse that was running away with a boy, was thrown down and run over, and had two or three ribs broken and was otherwise injured.

— Capt. Timothy Dacey, who served gallantly through the war in the 9th Massachusetts regiment, and who left Lawrence for his native country some months ago, is among the Fenians arrested in Ireland.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal Saleratus, than by yeast fermentation or any other Saleratus. It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. RESCUE OF A SHIPWRECKED CREW.—The New Bedford Mercury contains a thrilling account of the rescue of the crew of the schooner Evelyn Treat of Frankfort, Me., which was wrecked on the South side of Nantucket on Saturday last. A wrecking gang on discovering the schooner proceeded to the shore, taking with them the gun of the Massachusetts Humane Society and its apparatus. Their proceedings are described as follows:

"A large schooner lay bilged and sunk, about two hundred yards from the shore, with the crew of five men lashed in the rigging. Her decks were under water, even in the hollow of the seas, which were making their roll above her submerged hull. No life boat could be launched, although one was at hand, and the masts as they oscillated showed that there was no time to be lost. The gun was loaded and elevated by Capt. Hamlin, and so skillfully that the line attached to it fell upon the rigging of the ill-fated vessel, so that the men, who were all in the rigging, got the small line the end of which was carried by the ball beyond the vessel. The men were evidently exhausted. They, however, after much delay by reason of their weakness, hauled on board the larger line attached, and read the order sent by it to fasten it to the mainmast bend. When this was done, a chair made for the purpose was run off on a hanging block, and one of the crew got in to be hauled on shore. When his weight began to press on the small line from the mast head to the shore, it began to stretch and be to sink down towards the top of the raging billows beneath him. But everything was well rigged on shore, and the tackle on the shore end was gradually gathered in, which kept him from being drifted from his seat by the surges. When a little more than half way to land, the small line from the vessel used to steer him along the line and to pull the chair back, got taut, and for more than an hour there the poor fellow hung, the line stretching, and the waves ready to swallow him in case it parted. Everybody stood breathless and waited for the feeble crew to clear the line, which was so slow in doing that despair was on every countenance. At last enough was cleared to bring the man within a few yards of the nearest breaker, into which he was now dipping every time the vessel rolled towards the beach. Then was the time for fresh exertion. Capt. Charles Hussey of the R. L. Barstow, with Charles Gardner and Alexander B. Dunham by his side, up to their necks in the breakers, got nearly under him and threw him a rope, with orders to lash it round him and drop into the breakers from the chair. This he did, and he was pulled through the surf and saved. The chair was hauled off again, and another of the crew with much delay landed in the same way. The third man that came was the captain, Job Philbrook, who had been hurt when the vessel struck at midnight. He had another son on board, who veered him out on the line, but unfortunately the line on board got more foul, and he hung for another hour suspended where he could not be reached from the shore. The hearts of many now sank. The old man was dipping into the breakers as the vessel rolled, and seemed nearly exhausted. A crotch was set up under the line, which held him up some, when a young man, Frederick Ramsdell, offered to shin along the line and cut the small one leading from the vessel. This he did amid the cheers of the multitude, and at the risk of his own life, and soon the old gentleman was landed and taken to town. The other two were soon after rescued, and the people came away with light hearts."

A BOY AVENGER.—Capt. John P. Ward of Detroit, commander of a lake steamer, having committed an atrocious crime on a young lady named Farman, was put under examination last week. A boy of fifteen; brother of the injured lady, attended court during the examination, and at the close of the day's proceedings followed Ward (who was on bail) and his friends into the street and fired a revolver at him. Ward was but a few feet in advance, and the ball took effect, entering about the small of the back and passing out just below the fifth rib. He immediately staggered and fell, when Farman fired two more shots, which took effect, one entering or passing through the lung, and the other striking a rib and glancing outward, inflicting a severe and painful flesh wound. Farman then immediately turned about, walked into the court room, where several persons were still remaining, and gave himself into custody.

LOOK OUT FOR $50 COUNTERFEITS.—A man giving his name as James Gray, from New York, attempted to pass five hundred dollars in counterfeit fifty dollar greenbacks at the 1st National Bank in Springfield, Mass., on Wednesday afternoon. Upon being informed that the bills were counterfeits, he seized the roll and ran from the bank. He was pursued and captured by the police. Before he was arrested he threw away the five hundred dollars, together with a roll containing four hundred more. The bills are splendidly executed.

IOWA ELECTION.—Election returns from fifty-six counties in Iowa give Stone a majority of 15,550. Forty-one counties, casting about one-tenth of the vote of the State, remain to be heard from, and are likely to increase Stone's majority to at least 18,000. The Legislature will stand about as follows: Senate—Republican 43; Opposition 5; House—Republican 88; Opposition 15.—The suffrage amendment has been adopted by a large majority. The Maine Law is sustained.

— A Houston, Texas, paper says that more than half the spelling books sold there go into the hands of negroes.

FATAL ACCIDENT.—On Friday afternoon last, Oliver Gongo, aged about 18 years, 2d engineer at Daniel B. Pond's Warp Mill, Woonsocket, R. I., was killed under the following circumstances: The operatives in the mill noticed the speed slackening, and on going below to oil the machinery, it was found that the young man's body had passed between two seven-inch gears, moving one of them, which was securely fastened to the shaft by a set screw, about four inches. Every bone in his body seemed to be broken, and, strange to say, the skin was not cut.

MEXICAN NEWS CONTRADICTED.—Positive information has been received at Washington that President Juarez was at El Paso, in the State of Chihuahua, on the 26th of September. As the time required for communication with Chihuahua is twenty days, the declaration of Maximilian, dated the 2d of October, that the cause which President Juarez upheld had been abandoned, and that he had departed from his native soil, is not believed to be true; nor is it credited in diplomatic circles that Juarez has sanctioned, as has been stated, the Imperial Mexican Express Company.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a great desideratum. Dr. B. C. Perry, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

DEAFNESS!

CATARRH!

—AND—

Diseases of the Throat.

Extension of Dr. Campbell's Stay IN PORTSMOUTH.

DR. CAMPBELL,

At the earnest solicitation of numerous patients and persons desiring treatment, will extend his stay at the

Franklin House, Portsmouth,

Until Saturday, Oct. 28.

HOME TESTIMONY.

Certificate of Simon J. Tuey, Esq.

PORTSMOUTH, N. H., Oct. 9th, 1865.

TO THE DEAF.—I wish to state that my son Andrew, now 18 years of age, has been deaf in both ears since three years old; and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from so early an age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Although at times he has suffered from *very severe* colds, his hearing has always been good during their continuance, and the catarrh which greatly afflicted him at the time of commencing Dr. C's treatment has *entirely disappeared. This statement may be relied on*: the skeptical can come to me or call at my residence in South Dover, N. H. My son faithfully persevered in the treatment six months, at the end of which time he was rewarded by A FULL AND COMPLETE RESTORATION OF HIS HEARING.

SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1865.

DR. CAMPBELL, Franklin House—Dear Sir: I have been suffering from catarrh and deafness, discharges from my ears, and have suffered *extensively* from catarrh, and excessively painful noises in my head. I am only too happy to inform you that under your skilful treatment I can now *hear as well as any one*, the discharge all gone, and I have no to speak, "AS EVERYTHING SEEMS BEAD." *The diseases is gone entirely* If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to me, or my husband, Mr. Benj. Seaward of the Navy Yard. Rest assured I shall send all afflicted as myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours,

MRS. MARY A. SEAWARD

Certificate of Miss Jenkins.

PORTSMOUTH, N. H., Oct. 10th, 1865.

When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "*running*" from them, most revolting to me and to powerful sound acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all came to the conclusion that I was INCURABLE, and would do nothing for me. Hearing of Dr Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 27 years' duration by Dr. C., I placed myself in his hands for treatment. At the time of doing so there was a perforation of the drum of one ear, the discharge was more constant and offensive than from both, I could not hear a watch tick or without the greatest difficulty understand conversation unless spoken to close to my ear. I carried out the treatment prescribed by Dr. C. but three months, at the end of which time the discharge from one ear had CEASED ENTIRELY, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch tick a good distance, and sustain a conversation across the room. My other ear discharges *a very little* at times, but that is owing to my neglecting to send for more medicine. My hearing in that ear, however, is greatly improved, while the bad smell is entirely gone. I reside with the family of Mr. Young, at York, Me., where I can be seen any time.

ELIZABETH P. JENKINS.

Certificate of Mr. Stephen Blanchard.

PORTSMOUTH, N. H., Oct 4th, 1865.

Grateful to Dr. Campbell, now at the Franklin House, for being the means of completely restoring me to health, I cheerfully make this statement of my case, for the benefit of others similarly affected.

Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work at the Navy Yard, and for seven weeks had been confined to my father's house. I consulted the best physicians, but got no help, and was rapidly failing. I placed myself in the hands of Dr. C. one year ago. In three weeks after commencing his treatment I had gained *four pounds* in flesh, and remained so for my work in the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for two weeks, a WELL MAN, and a living evidence* that by Dr. Campbell's system of treatment, CATARRH CAN BE CURED. Every trace of catarrh left me six months ago, my sense of smell has returned, acute as ever, and I can in this certificate but faintly express my gratefulness to the Doctor for what he has done for me. I carried out my treatment at home, without any difficulty or inconvenience, and only saw the Doctor at his office.—Persons who doubt can call on me at the Navy Yard, where I shall be happy to verify this statement.

STEPHEN BLANCHARD,
Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.

PORTSMOUTH, N. H., Oct. 9th, 1865.

I have been for fourteen years *totally* deaf in my right ear, and have been greatly troubled and annoyed by a protuse *fetid* discharge from it all the time. I have tried almost everything, but nothing seemed to do me any good. I went to Dr. Campbell when he first came to Portsmouth. He said he could cure me of both the discharge and deafness, and in a few moments removed a large "polypus" from my ear. I could hear directly, and since then, by the use of the Doctor's preparations, the discharge has *wholly ceased*, and I can hear now as well with that ear as with the other, which has always been good.

DR. TEBBETTS'
Physiological Hair Regenerator.
The Most Wonderful Discovery of the Age.

WILL POSITIVELY RESTORE GRAY HAIR TO ITS ORIGINAL COLOR, whether black, brown, or auburn; and being a delightful dressing, it imparts to it a beautiful glossy and healthy appearance. It will also promote a growth of new hair on bald heads, where the glands or roots of the hair are not disorganized; and effectually remove all dandruff, itching and humors from the scalp. ☞ It is warranted to produce the above results, or money refunded.

PRICE—$1 per Bottle.

CLOCK'S
Excelsior Hair Restorer

Is warranted to restore Gray Hair in all cases to its original color, whether black or brown. It will not stain the skin or the finest linen. It will instantly arrest the hair from falling off; causes hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy, and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 2 Market Square.

Durne's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1285, New York City.

CRISTADORO'S HAIR DYE,

Everywhere establishes colors which are beautiful in the people's eyes. The hues of the National Flag are those of Heaven, but among all the dyes of Earth there is none save CRISTADORO'S that produces instantaneously perfect fac simile of nature's every shade of black and brown.—Manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. e23dawlm 5

Brandreth's Pills,
WHOSE TIMELY USE UNDER PROVIDENCE, HAS OFTEN SAVED LIFE.

These celebrated Vegetable Pills are no new, untried remedy; they have been used and tested in the United States for thirty years, and are relied upon by hundreds of thousands of families as almost their sole medicine when sick. No care or expense is spared in their preparation, and it is certainly true when I assert that no King can have a medicine safer or surer than Brandreth's Pills.

They produce a good effect upon disease almost immediately they are taken. By some wonderful power, perhaps electric or nervous influence, the progress of the diseased action is arrested; where watchfulness and pain have been present, the system becomes quieter, and the patient soon obtains refreshing sleep.

The genuine BRANDRETH PILL BOX has upon it a UNITED STATES GOVERNMENT STAMP with B. BRANDRETH in White Letters in the same. e29dawlm

SOOTHING SYRUP
For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels,

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Local.

☞ The ship Eagle Wing, a noted Boston clipper, sailed from that city for Bombay in April last, under command of Capt. Joshua Hickey of this city; and from that time to this, upwards of eight months, no tidings whatever have been received from or of her or the crew. Of course much anxiety has for some time been entertained respecting the matter; and we understand the Boston owners of ship have given her up as lost, but hope and expect the crew are safe somewhere. This is devoutly to be wished, by the hosts of friends Capt. Hickey has at home and abroad—for he is widely known as an exemplary and successful shipmaster, and a most worthy gentleman. He had for some years retired from the sea, but we have heard was intending to build and command for one voyage at least, a new ship; when the urgent solicitations of the owners of the Eagle Wing finally persuaded him to take charge of her. We hope we shall meet his pleasant smile and grasp his warm hand again, many a time and oft.

☞ The "Governor" in a family is often deemed a great bugbear by Young America. The Governor of a State is sometimes a very important personage. The Governor of a steam engine performs a very necessary part. But the "Governor" Cook Stove, Coleman says, sells like hot cakes, though, unlike the biscuit, it does not burt by a little waiting, but improves on acquaintance. To see his advertisement, look in our columns; the Stove itself, with a good variety of others, new and second hand, and furniture ditto, you will find at his store, 96 Market Street, corner Deer.

☞ As Mr. Gilman C. Berry, of Rye, was picking baldwin apples from a tree, seated on a limb hanging over the road, a week or two since, the branch broke from the main trunk; and Mr. Berry fell so heavily on the hard road, as to be severely bruised, and almost entirely helpless for some days. He is still very lame, but no bones are broken, and he will, we hope, speedily recover.

☞ Dr. Campbell will remain at the Franklin House in this city only until to-morrow, Saturday, as he "opens" in Newburyport on Monday. See his advertisement, and note the certificates of wonderful cures.

☞ Among the internal revenue returns in Boston for September, we see the Eastern Railroad pays $3480 on receipts, and Messrs. Beal & Hooper $803 on furniture.

POLICE COURT, Oct. 26.—Otis Hewin, arrested on a charge of stealing a watch from Mary P. Hodgdon. Discharged.

EMIGRATION OF GIPSEYS. — The Trenton (N. J.) Gazette of Tuesday says: "There is an encampment of gipseys on the Branch Turnpike which appears to be populous, requiring twenty-six wagons for the transportation of themselves and baggage. They are encamped on the edge of a piece of wood above the residence of Mr. Morgan Beakes, and appear to have established a tolerably permanent settlement. The men buy, sell and trade horses; manufacture and sell baskets, &c., and the women tell fortunes, discover stolen goods and raise money by all such methods. These gipseys say they came from England a few months ago, with the purpose of making this country their future home."

Owing to recent acts of the British Parliament, by which extensive commons are enclosed and the former gipsey haunts are becoming trespassable, it is said that the gipseys are becoming quite numerous in the United States.

THE CHRISTIAN REPORTER, (published at Concord, and edited by Rev. Dr. Stone,) is just published in a double number, for September & October, containing the Reports of the N. H. Missionary Society, and the Minutes of the General Association. Both documents are of much interest.

The Reporter is proposed to be continued through 1860, either in the present form, or in a semi-monthly paper. We think the present form the better of the two, especially for preserving documents. But it is not well sustained. Surely, the numerous and wealthy orthodox congregational churches in New Hampshire, are not about to get along without a local organ.

CALEB CUSHING TO ENGLAND.—The World's despatch says Caleb Cushing leaves for England in the next Wednesday's steamer, on a special legal mission connected with the State Department. Though the mission is confidential, it is surmised it has reference to the adjudication of claims on Great Britain. It is believed that the Government will accept Earl Russell's proposition to appoint a commission.

— An examination has proved that eight hundred houses in Petersburg have been struck by shells during the fighting before that place.

— Smith Miller, an ex-Congressman from Gibson county, Ind., turned his patriotic son out of his house when the young man returned from the war; and the Unionists thereupon took up the soldier and elected him County Clerk by a handsome majority.

— The delegates to the Alabama Convention have memorialized the President to order a speedy trial of C. C. Clay of their State, who was one of the reputed rebel agents in Canda during the war, and who was suspected of implication in the plot which resulted in the assassination of President Lincoln. It is probable that the prayer will be granted.

— The superintendent of the Southern Indians says the bitterness of feeling caused by foray of white bushwhackers in the Indian Territory, forms a great obstacle to the negotiation of favorable treaties. The tribes have lost over 300,000 head of cattle, valued at between $4,000,000 and $5,000,000. Nineteen thousand Indians are now subsisted by the government.

— A man named Samuel Taylor, 36 years of age, hanged himself in London lately, and at the inquest his father, who gave evidence, attributed the act to his son's partiality for smoking, which he thought had affected his brain. The pipe, he said, was never out of his mouth. The jury did not bring a verdict against the pipe.

— Our Eastern exchanges contain accounts of the supposed suicide of Mr. L. S. Smith, of the firm of Smith & Gilmore, prominent corn and flour dealers in Belfast, Me. He has been missing since Wednesday morning, and as his hat was found on the shore of the bay close by the steamboat wharf, it is generally believed he committed suicide by drowning himself. His store and goods were destroyed by the late fire, and were uninsured. This misfortune is believed to have unsettled his intellect.

— The period properly covered by the drouth, which has now got its back effectually broken, extended from July 25 to October 15—eighty-one days. For eighty-two years there has been no drouth equal to this for dryness.

— In the Sander's kidnapping case at Montreal, on Saturday, the jury were again locked up, but could not agree. The court charged the jury that the honor of the country and the sacred principles of a free asylum for strangers, private as well as public honor, conscience and all things, called for a fair verdict in accordance with the facts. There is little chance of the jury agreeing.

— A man named Golder was tried last week at Lawrence for stealing a horse and buggy, and admitted his guilt, pleading intoxication as an excuse. The jury retired, deliberated and acquitted the prisoner. Perhaps they did not believe his statement.

THE REV. R. G. TOLES, Superintendent of the Baldwin Place *Home for Little Wanderers*, Boston, will speak in behalf of the above Mission on Sunday morning next, at 9 o'clock, at the Unitarian Sabbath School: in the forenoon at the Christian Church, Rev. I. F. Waterhouse; in the afternoon at the Baptist Church, Rev. H. F. Lane; and in the evening at the Congregational Church, Rev. G. M. Adams, at 7 o'clock. A company of the children from the Home will be present to sing.

☞ Special attention is invited to the advertisement of Vance's patent Submerged *Well Pump*, as an article far superior to any other pump ever offered to the public.

THE LATEST AND GREATEST Discovery in Dental Hygenic, is Sozodont. It has superseded all the other dentifrices, and, for this reason: that while it contains no solvent principle injurious to the enamel of the teeth, it obliterates tartar and every other dental concretion, prevents canker of the gums, removes blemishes, both from the molars and incisors, and leaves the breath pure and sweet. o23eod

HORSESHOES,

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished Shoes of every variety of style and size. The Iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as the best hand made shoes. The bars are drawn with a groove and a bevel, and with a seated, a flat, or a concave foot-iace. This amount of work on the bars enables the blacksmith to make twice as many Shoes a day as he can make from common shoe shapes, and the Shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished Shoes much lower than hand-made Shoes, with which alone they can be compared, and which in reality they are.

"The Secret Service,"
THE FIELD,
THE DUNGEON AND THE ESCAPE!
BY ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[NOW PUBLISHING IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

LYNN.—The shoe business of Lynn was greater during the month of Septembe than it has ever been before for a corresponding length of time. The sales of goods amounted to one million and four hundred thousand dollars. The Lynn Bulletin remarks that "it is not reasonable to expect that the ensuing two months will show as brisk a business as the past two have done. The manufacturers are many of them changing from thick to thin work, and as buyers have very generally secured their winter stocks, a brief lull may be expected. There is still, however, a demand for all the goods that can be made, and prices are firm.

☞ The New York Weekly Review, has the following ironical statement of the reason why the unpatriotic course of the Democratic party during the war will not kill it:

The Democratic party possesses some elements of strength which the Federal party of 1812 did not. Nearly every man in the United States who cannot read has been accustomed to vote with that party ever since they had a vote, and habit is strong with its votaries.

Is it possible to kill a party which owns, in fee simple all the votes of this description in the whole country?

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and those galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

THE GREAT

CONSUMPTIVE REMEDY!

DR. LAROOKAH'S

Indian Vegetable Pulmonic Syrup!

The best preparation ever made for the following complaints:

Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Hoarseness, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.

This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens, Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extract of Unsolicited Testimonials:

REV. J. C. INGALLS, *of Methuen, Mass.*, says: "LAROOKAH'S I. V. P. SYRUP, for PULMONARY DISEASES, stands unrivaled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."

REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I can most confidently recommend for Hoarseness and Severe Colds."

REV. O. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."

DR. PORTER, *of Northfield, N.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."

HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive complaints. I have recommended it to several friends, who have received great benefit from its use."

W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."

Price 50 cents and $1.00 per Bottle.

DR. LAROOKAH'S

THE MAGEE

COOKING STOVE.

The subscriber would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the

MAGEE COOK.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal, They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

The Chronicle.

A NEW FEATURE.—There are wooden weddings, tin weddings, silver weddings, golden weddings, and crystal weddings.—The brave Sergeant W. H. Carney, who so gallantly upheld the flag at Fort Wagner, is to be married to-day, and it is proposed to signalize the event by making it a "Greenback Wedding." Acting upon this novel idea, divers greenbacks have already been placed in our hands, which, with other green backs to be handed in by those of our citizens, who take this gentle hint, we shall transfer to the Sergeant, to smooth the way to the wooden anniversary.—*New Bedford Mercury.*

FENIAN—DERIVATION OF THE WORD. There are various derivations of the word Fenian which, just now, seems to be a spell to raise the wildest alarms in John Bull's tender conscience. One account says it is derived from the Gaelic word Fiann, or Fiand, and was a name given to an order or clan of professional soldiers among the Irish long before the dawn of Christianity. But a jolly Irishman in our office says he knows better. Fenian is derived, he says, from *fen*, or bog, and is only a new name for bog-trotter. It may be so, but we don't believe it. Any way, the English who in the days of the revolution pretended to ridicule the Continental soldiers by calling them "tailors, tinkers and cobblers," may take that derivation and find, in the end, that bog-trotters, like the Yankee cobblers are men enough to win their independence. *Boston Courier.*

THE REBEL DEBT.—A New Orleans paper thus foreshadows the course of the South with regard to the rebel debt:

The purpose of the Southern leaders is to saddle the rebel debt on the loyal people, and to virtually exempt those who fought for the rebel cause. The burden of the debt will, in that way, fall upon the conquerors, while the conquered will remain free—the very reverse of the common and logical result of war. In fact, on this particular question as on many others, the rebels will dictate their terms and the Federals submit to them.

CAPITAL FOR MECHANICS.—An exchange says: "The best capital for a young and industrious mechanic is a prudent wife." Yes, a capital that often proves more *productive* than desirable—a point which always should be considered in making investments.—*Portland Advertiser.*

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my family.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

SATURDAY, OCTOBER 28, 1865.

A UNITED DEMOCRACY.—Under this head the Boston Post publishes an appeal to the former members of the Democratic party who left its ranks for the sake of preserving their consistency on the slavery question, to come back and help run the old machine into power again. Among other things, the Post says:

There is no permanent division among the Democrats of New England about the Constitutional Amendment, or the right and propriety of every State to extend the suffrage, if it chooses, to all its citizens without regard to color. The conviction is too general to be disputed that *each* of these measures is *Democratic in principle*.

Democratic *principle* is one thing: but the Democratic *party*, so called, is quite another thing,—and judged by their votes, the party is *opposed* to these principles. The two measures alluded to by the Post, are the Abolition Amendment and equal suffrage. The *defeat* of equal suffrage in Connecticut has been hailed as a Democratic triumph by almost every coppery sheet in the land.

The Constitutional Amendment was passed in Congress by a vote of 119 to 56. Of the 119 in favor of it, only 16 were Democrats. Of the 56 against it, none were Republicans, and eight Democrats dodged the question. That the question was fought with intense bitterness by the Democratic party is a matter of history too well known to require argument. The progress of the amendment has been made wholly in spite of the Democratic party. The only States where it has been defeated are the only Democratic States which were in the Union at the time, and the vote on the question in the State Legislatures has always been a strict party vote, with the exception of a few Democrats, who were so few that they were always considered renegades by their own partisans. In this State, says the Monitor, besides throwing the whole strength of the party, with eight honorable exceptions, against the amendment, the party entered their protest on the record of the House against its adoption.

So much for the Constitutional Amendment, which we believe to be still the pet "windmill" for Democratic Quixotes to tilt against. If any Democrat has conscientiously left his party to fight slavery, he will hardly be green enough to "come back" on the Post's new theory that Democrats are abolitionists.

THE EPISCOPAL CONVENTION. — The three missionary bishops elected are all strong Republicans, and voted in favor of Horace Binney's resolutions. The bishops have not been able to agree about a pastoral letter, and the correspondent of the Evening Post says:

"I am informed that one proposed by Bishop Hopkins was *unanimously rejected*, while that written by Bishop McIlvane did not receive the requisite majority. This letter is to be issued in a pamphlet form, with the *informal sanction* of the majority of the upper house. There is a wide difference of opinion among the delegates about the omission of the pastoral letter. Many are greatly grieved and disappointed that the authorities of the church keep silence at such a time. It is generally understood that if the pastoral letter had not contained some strongly loyal utterance on national affairs, a protest, signed by a number of the bishops, would have been entered against it. To avoid this action it has been thought better to withold the issue of any authoritative document, and so the House of Bishops keeps silence."

[Bishop Hopkins is the well known northern advocate of slavery, and Bishop McIlvane the equally well known advocate of liberty. We consider the whole state of the case highly encouraging.]

☞ A Washington letter says, it is understood here that, as Canada will starve, if the Reciprocity Treaty is abrogated, and the English capitalists, except those who invest in our railroads, will be so hard pressed if the present Customs duties are maintained in this country, they will have to set up their workshops on this side of the Atlantic. The fight in the next Congress will be on these questions, and the members will have the opportunity of selling out at the highest prices in British funds sterling. Official cupidity may therefore be quoted in advance at a very high figure.

☞ In New York, on Thursday, at the session of the newly organized American Christian Commission, the following named gentlemen were elected an executive committee: Rev. Bishop Janes, Rev. Messrs. J. T. Duryea, H. G. Weston, S. H. Tyng, Jr., W. J. Budington, and Messrs. J. T. Stuart and J. D. McKenzie of New York; Rev. Dr. Kirk and Mr. Joseph Story of Boston; Rev. R. J. Parvin, Rev. Morris Sutphen and Jay Cooke of Philadelphia; Rev. Dr. Fowler of Utica; A. E. Chamberlin of Cincinnati; Wm. Rayland, Pennsylvania; and J. W. McIntyre, St. Louis. The members of the committee were empowered to increase their number to twenty-five.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

Wiseman Clagett—Life and Character, by Mr. Adams.

Wiseman Clagett, Esq., was born at Bristol, in England, in the month of August, 1721, and received an early and liberal education in that country. Having finished his academical studies, he became a student at the Inns of Court, qualified himself for the profession of the law, and after going through a regular course of preparatory studies, was admitted a barrister in the Court of King's Bench. A few years after his admission to the bar, he crossed the Atlantic to the West Indies; settled in Antigua under very flattering circumstances, and was cordially received by the principal inhabitants of the island, particularly by a gentleman of fortune, who as an inducement for him to remain there, settled on him a handsome annuity for life. He was appointed a notary public, and Secretary of the island. He discharged the duties of these offices with fidelity, and pursued his professional business there with success for several years, until the decease of his particular friend, and generous patron. He then embarked for this country, and settled in Portsmouth. He was admitted an attorney of the Superior Court at the next session after his arrival, and was soon afterwards appointed a Justice of the Peace. In the exercise of this office he was *strict, severe*, and *overbearing*. For many years he was the principal acting magistrate here, and his name became proverbial. When one person threatened another with a prosecution, it was usual to say, "I will Clagett you." He received the appointment of King's Attorney-General for the province in the year 1767. He took a very early and decided part in opposition to the oppressive acts of the British Parliament, at a time when a considerable portion of his property, was within the control of government. Previous to the revolution, he removed to Litchfield, where he possessed a large and valuable estate, on the banks of the Merrimack. He represented that town and some of the neighboring towns, classed with it, several years in the General Court. Being omitted one year, the towns of Merrimac and Bedford elected him their representative, although not an inhabitant of either of those places. He always entertained a greatful remembrance of this mark of confidence and respect, and frequently spoke of it with pleasure. He was for some time a member of the committee of safety, and was active, attentive and useful. He was influential in framing and carrying into effect, the temporary form of government which was first adopted in New Hampshire, under which the office of Solicitor-General was created, and Mr. Clagett was the only person, who ever had that appointment; the office ceased at the adoption of the constitution in 1784, a little previous to his death.

He possessed a great flow of wit, which accompanied by his social talents and learning, made him an agreeable companion. He was also distinguished for his classical knowledge. He wrote the Latin language with ease and elegance, and spoke it with fluency. A Latin epitaph in the burying ground at Litchfield on the grave-stone of his son, who was accidentally killed by the discharge of a fowling-piece, is a specimen of his writing. It contains some peculiar sentiments, which show the eccentricity of his genius. There is also a baptismal font in St. John's Church, with a Latin inscription written by him.* He had a fine taste for poetry, and many jeux d'esprit, the productions of his pen, have been preserved by his friends. He did not possess a perfect equanimity of temper, but was subject at times to great depression of spirits. He died at Litchfield the 4th of December 1784, in the sixty-fourth year of his age.

* "Alden's Account" says:

An elegant marble baptismal vase stands by the altar with a brazen cover, upon which is the following inscription, said to have been written by Wiseman Clagett, esquire, viz. "Sara, Catharina, et Anna Elizabetha, Johannis Tufton Mason cohortis structoris filiæ ornatissimæ hoc *baptistorium*, ex Gallicis manubiis apud Sinegallium, sub auspiciis predicti Johannis acquisitum, ecclesiæ Anglicanæ apud Portsmouth in provincia, vulgo vocata New Hampshire, liberaliter contulerunt Anno Domini. 1761, et vicesimo sexto prædicationis Arthuri Brown, Wiseman Clagett, et Samuel Livermore ecclesiæ procuratoribus."

— Gen. Kilpatrick has had the audacity to say that he believed the one hundred and fifty thousand negroes had done more to save the country than all the copperheads of the North.

— The Bath Times is informed that Edward Oaksmith, who lately died at Cuba, was *not* the slave trader who ran away from justice, but a master who went out for his health.

— Why, Missus, just look at these nice white clothes. I never had such soap to wash with before, and as long as you are my mistress, I hope you will never buy any other but the Gold Medal Soap, it is so nice and pure, and washes so easy—just think of it, I am three hours ahead of the usual time, my clothes never began to look half so well before, and thanks to the J. Monroe Taylor Gold Medal Soap. Tell your friends to try it, and they will never use any other. Most all the grocers have it to sell. 2

Correspondence of the Chronicle.

WAIFS FROM AN ESTRAY.—*Lexington, Mass., Oct. 26.*—One of the great arteries through which the life of Massachusetts pulsates, is the Boston and Worcester Railroad, whose connections not only intersect the State in all directions, but extend their ramifications to the far west and sunny south. Over this road the "Red Line" from Chicago passes, bringing freight through in five days, without breaking bulk, a matter of great importance in this age of steam. The capacity of this line is to be increased to 3000 cars. The depot in Boston, recently injured by fire, is now being remodeled, and the management of the road is in good hands, the new superintendent evidently designing to retain for the road the high reputation which his predecessor had given it. Well appointed in all that relieves travel of much of its fatigue, the tourist or man of business will find the Worcester road are easy path to distant points.

The traveler on the Connecticut River R. R., as he passes through Holyoke has a view of the great dam across the Connecticut—1009 feet between the abutments and over 30 feet high—the vast volume of water falling over which is no common sight. The dam furnishes power for five cotton mills, one spool cotton mill and four paper mills. The town itself is a wilderness of brick and mortar, built in the manner of a large city, so far as it is built, and with many fine edifices aside from its great factories.

Dr. Lewis's Seminary of Mental and Physical Culture, which proved so beneficial to the young ladies who attended the first year, has more than trebled its numbers this season, and numbers of applicants for admission had to be answered in the negative. If the Doctor continues to increase his school in the same ratio, Lexington will soon be as well known for instruction of females as Cambridge for the tuition of the other sex.

Every movement made in the direction of obtaining the necessaries of life more cheaply is of general interest, so I may be pardoned a lengthy notice of the peat works in this town, the more especially as some of your citizens are about to put in operation a like enterprise in your city.

All nations and peoples seem to have made use of fire as a source of comfort or luxury, as a means of preservation or an agent of destruction. A community that posses fuel in abundance is a community having within it an important element of wealth and prosperity. A beautiful provision of Nature opens up new sources of supply as old ones disappear. When the forests were laid low, man mined the earth with coal wherewith to give him heat. Now that the consumption of coal has become enormous, and the price beyond the means of the poor man, another source of supply is opened to meet the pressing demand for fuel. That source of supply is peat.

Peat is composed mainly of carbon—its combustibility depending upon this element. In its native state, peat is a soft, pultaceous, spongy substance, filling cavities in the earth's surface, and constituting what is called *bog*; varying in color from light brown to a deep black, and is unquestionably of vegetable origin, although many contrary theories have been advanced. The upper portion, or as it is generally called, the "recent peat," contains distinct traces of its origin in the roots, leaves and stems of plants, which may be plainly seen, although they will not retain their form on being handled or pressed.

For all purposes of fuel, it seems that peat is the very thing wanted. In almost any situation in furnace, range or open grate, it ignites readily, burns freely, produces an intense heat, is easily managed, and leaves a handsome white ash, *but no clinker*. Extensive trials in many localities in the Eastern States have demonstrated that for many purposes it is unquestionably superior to coal, especially for generating steam, and for the manufacture of iron, steel, and other metals. Satisfactory tests of its superiority have been made in locomotives on the New York Central and other railroads in that State. For burning in an open grate, peat is far superior to common coal. It makes a bright, yellow, cheerful blaze, without smoke, and produces an amount of heat most gratifying on a cold winter's day. For all objects requiring a quick heat, and at the same time diffused over a considerable space, the most inflammable fuels are found best. In its natural condition, as dug out of the bog, peat burns readily, but the fire requires frequent replenishing, and is attended by a disagreeable smell, caused by the fibrous roots it contains.

On our visit to the peat factory here, its blackened walls gave evidence of the recent bursting of the great compressing tank, on which occasion the inky fluid flew in all directions. A new tank, fifteen feet in diameter and thirty-seven feet high, is in process of construction. It is made of four-inch joist, outside of which inch boards are fastened, forming a continuous series of hoops from bottom to top, and again outside of these are great circular iron bands nearly an inch in thickness and about five inches in width. The splintered timber lying about gave evidence of the great pressure the tank has to withstand.

The peat here extends to a depth of fifteen feet, but it is not found profitable to work it to a greater depth than four feet. It is brought by cars over a tramway from the bog to the manufactory, and there a set of scoops fixed on two parallel endless chains carries it up an inclined plane and drops it into the cylinder where it is freed from roots. The machinery which effects this is simple, consisting of two shafts with a row of heavy iron breakers (somewhat like the colter of a plough in shape,) placed spirally upon each, so that as the shafts revolve in opposite directions the breakers intersect, thus removing nearly every vestige of the roots, those that remain being ground so fine as to be almost undistinguishable. The ooze is then carried to the tank by another series of scoops, where the peat settles to the bottom, and then by the pressure above is forced through a small aperture in one side of the tank, and is cut off into blocks about the size of a brick as it comes out.

This is all there is to the manufacture of peat. Various machines have been tried for freeing it from water, but the particles of which it is composed are so infinitesimal as to pass through any crevice through which water can make its exit, and so machines capable of making granite from sand fail to accomplish what nature performs for the peat.

When the peat is prepared, it possesses a density approximating to hard coal, admirably adapting it to all domestic purposes, the heating of dwellings by furnaces, grates or any of the innumerable variety of stoves now in use, while, for generating steam, and all manufacturing purposes, it is far superior to anything that has yet been discovered.

In Whiteside county, Ill., a bed of peat has been discovered, extending four miles in length, with an average width of one mile, which has been sounded to a depth of thirteen feet.

A load of this article from East New York was dumped a few days since before the Seamen's Saving Bank in Wall street, and excited so much curiosity that a considerable portion of it was carried off as "specimens" before it could be taken in.

DEAFNESS!
CATARRH!
—AND—
Diseases of the Throat.
Extension of Dr. Campbell's Stay
IN PORTSMOUTH.
DR. CAMPBELL,
At the earnest solicitation of numerous patients and persons desiring treatment, will extend his stay at the
Franklin House, Portsmouth,
Until Saturday, Oct. 28.
HOME TESTIMONY.
Certificate of Simon J. Torr, Esq.
PORTSMOUTH, N. H., Oct. 9th, 1865.
TO THE DEAF.—I wish to state that my son Andrew, now 18 years of age, has been deaf in both ears since three years old, and by a steady perseverance in the treatment prescribed by Dr. Jas. P. Campbell, now at the Franklin House, he has been *entirely, wholly and permanently* CURED, and now hears, and has done for a long time, as well as anybody. I placed him in the care of Dr. C. when he was in Dover, and although from the fact that he had been deaf from an early age, I then had no hope that he could be helped, I am now delighted to say I have been most happily disappointed. Although at times he has suffered from *very severe* colds, his hearing has always been good during their continuance, and the cause which generally deafened him at the time of commencing Dr. C's treatment has *entirely disappeared. This statement may be relied on*: the skeptical can write to me on call at my residence in South Dover, N. H. My son faithfully persevered in the treatment six months, at the end of which time he was pronounced by a FULL AND COMPLETE RESTORATION OF HIS HEARING.
SIMON J. TORR, South Dover.

KITTERY POINT, Me., Oct. 5, 1865.
DR. CAMPBELL, Franklin House—Dear Sir: I have been deaf from childhood, often at times discharges from my ears, and have suffered *intensely* from catarrh, and excessively painful noises in my head. I am only too happy to certify that under your skilful treatment I can now *hear as well as any one*, the discharge all gone, and I have so to speak, "AN ENTIRE NEW HEAD." *The distress is gone entirely*. If it can be any benefit to humanity or yourself, I am perfectly willing that you should refer to me or my husband, Mr. Benj. Seaward of the Navy Yard. Rest assured I shall send all afflicted as myself to you. Wishing you every success, I am, my dear Doctor, very gratefully and respectfully yours,
MRS. MARY A. SEAWARD

Certificate of Miss Tumbins.
PORTSMOUTH, N. H., Oct. 10th, 1865.
When five years old I had the scarlet fever, which left me almost totally deaf in both ears, and with constant "running" from them, most revolting offensive to myself and acquaintances. Twelve years ago my friends consulted the best physicians in York and Portsmouth in relation to my case, but they all came to the conclusion that I was INCURABLE, and would do nothing for me. Hearing of Dr Campbell's great success in similar cases, through a friend and neighbor (Mr. Wm. Grant) who had been entirely cured of total deafness of 27 y ears' duration by Dr. C., I placed myself in his hands for treatment. At the time of coing so there was a perforation in the drum of one ear, the discharge was more constant and profuse than ever from both, I could not hear a watch tick or without the greatest difficulty understand conversation unless spoken to close to my ear. I carried out the treatment prescribed by Dr. C. but three months, at the end of which time the discharge from one ear had CEASED ENTIRELY, the perforation of the drum had healed over, and I could then and can to-day distinctly hear a watch tick a good distance, and sustain a conversation across the room. My other ear discharges a *very little* at times, but that is owing to my neglecting to send for more medicine. My hearing in that ear, however, is greatly improved, while the bad noises in the head are entirely gone. I reside with the family of Mr. Young, at York, Me., where I can be seen at any time.
ELIZABETH P. JUNKINS.

Certificate of Mr. Stephen Blanchard.
PORTSMOUTH, N. H., Oct 4th, 1865.
Grateful to Dr. Campbell, now at the Franklin House, for being the means of completely restoring me to health, I cheerfully make his statement of my case, for the benefit of others similarly affected.
Prior to consulting Dr. C. I had for eight years been an acute sufferer from chronic catarrh, in its most severe form; my head, throat and nostrils were badly affected, my sense of smell entirely gone, and my general health completely broken down, so much so that I was obliged to discontinue my work at the Navy Yard, and for seven weeks had been confined to my father's house. I consulted the best physicians, but got no help, and was rapidly failing, when I was induced to place in the hands of Dr. C. one year ago. In three weeks after commencing his treatment I had gained *four pounds in flesh*, and continued to gain, until the "fastening department" at the Portsmouth Navy Yard, and have remained there steadily ever since. *I am now, and have been for months*, a WELL MAN, *and am a living evidence* that Dr. Campbell's system of treatment, CATARRH CAN BE CURED. Every trace of my disease left me three months ago, my sense of smell has returned, acute as ever, and I can in this certificate but faintly express my gratitude to the Doctor for what he has done for me. I carried out my treatment at home, without any difficulty or inconvenience, only saw the Doctor twice—Persons who doubt can call on me at the Navy Yard, where I shall be happy to verify this statement. STEPHEN BLANCHARD,
Of Alfred, Me., now at the Navy Yard, Portsm.

Certificate of Mr. Davidson.
PORTSMOUTH, N. H., Oct. 9th, 1865.
I have been for fourteen years *totally* deaf in my right ear, and have been greatly troubled and annoyed by a profuse discharge from it all the time. I have tried almost everything, but nothing seemed to do any good. I went to Dr. Campell when he first came to Portsmouth. He said he could cure me of both the discharge and deafness, and in a few moments removed a large "polypus" from my ear. I could hear well, and since then, by the use of the Doctor's preparations, the discharge has *wholly ceased*, and I can hear now as well with that ear as with the other, which has always been good.

One Flag! One Destiny!

This is the motto of our Government; and its champions,

GRANT AND SHERMAN,

are writing in it words of fire on the

Battle Cloud.

In the meantime throughout the whole land,

CRISTADORO'S HAIR DYE

is winning its silent victories, changing rebellious reds, grays and yellows into rich blacks and browns, and converting, in a moment, unsightliness into beauty.

One Hair Dye

only will eventually be recognized in the world of fashion, viz: that manufactured by J. CRISTADORO, No. 6 Astor House, New York. Sold by Druggists. Applied by all Hair Dressers. o28

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards to day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical use. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known.

CLOCK'S

Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; cause hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

Duroc's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DUROC, P. O. Box 1235, New York City.

Mrs. WINSLOW

An experienced Nurse and Female Physician, presents to the attention of Mothers her

SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 35 Cents per Bottle.

Local.

☞ The Warren Concert of Thursday evening was a fine entertainment, though the hall was too cold to enjoy anything. Mr. Ryder brought out the exquisite beauties and magnificent powers of the new Grand Piano in a masterly manner, and was repeatedly encored; especially when he played two national airs at once—one with either hand—very clearly and distinctly. He proved himself a very skilful and tasteful performer, and shew the audience that there is nothing left to desire in a piano-forte more than Hallet, Davis & Co. put into their instruments. Our musical citizens may certainly congratulate themselves on having so rich and powerful a piano for concert use, instead of the inefficient jingling-boxes so often inflicted on audiences.

Miss Bailey rendered her pieces accurately and well, and is really a fine vocalist; but her clear, strong, bell-like voice is better fitted for oratorio than the song or ballad. We could not help wishing, however, that such excellent and powerful voices as hers, even though not so flexible as some, are not more common.

Mr. Whitney, the tenor, acquitted himself creditably, and is a finished performer. And Mr. Dudley, the basso, likewise gave good satisfaction. The attendance was not large—there being this difference 'twixt tweedledum and tweedledee: that while there be many people who denounce negro concerts, yet these institutions are always well sustained; while the music of a "higher order" has its loud and frequent defenders, but they rarely if ever fill a hall!

☞ One of the most pleasing sights (to *our* eyes, at any rate,) which we have seen for a long time, was presented at sunset of Thursday, on South Road, as viewed from Richards Avenue. At one corner of a field, on the lawn, was a gay party of ladies and gentlemen playing croquet; not far off, across the road, was a sturdy team of a dozen oxen and men, ploughing; and at the hill-top, another gang of workers, "raising" a barn frame in charge of the "Governor;" and still another near, of masons, laying the stone foundations for a house, beneath their swinging, creaking derrick; while the golden hue of the declining sun, the bright blue of the full sea in the harbor beyond the tasteful burying-ground—never an unpleasant sight to us—the autumn tints of the foliage far and near, and a number of passers on foot and in carriages—made up a picture at once beautiful and inspiriting; over which the glaring, crackling flames of several bon-fires of huge piles of bushes, just kindled, threw a lurid light and formed a splendid background on one band.

But quite another sight was shown up there next day, when both players and workers beat a retreat from the snow; the hum of industry and the mirthful laugh were still, and drear winter held complete sway for a little.

☞ Signor Blitz, the original and genuine exhibitor of ingenious tricks, dexterous juggles and comic delusions, is to visit this city shortly, when he will make sport for the old who remember him, and for the young who see him and his curiosities for the first time. He preserves his own youth by a laugh, and helps others by the same means.

☞ By a dispatch from Hon. E. H. Rollins to Mayor Bailey of this city, received last evening, the wages of August and September at the Navy Yard are ordered restored. Information *official*. The effect is to make the wages exactly as they were before the change.

☞ A very liberal purse was made up by the officers and men on board the Vandalia, for the wife of Mr. Peter Miller, Boatswain's Mate, deceased—$225, we believe—among only about seventy-five men, or so.

☞ Mr. George A. Smart, of this city, was quite seriously injured at the Navy Yard on Friday, by a fall of fifteen feet among some timber upon which he was at work. No bones were broken, although he was severely bruised.

☞ We learn that an Association of mechanics and laborers has been formed in this city, designed to further the interests of the workingmen and hasten the adoption of the eight-hour movement.

POLICE COURT, Oct. 27.—Thos. Wilson and James Smith, two soldiers, for insulting a female were fined $1, and ordered to pay one-half the costs, each $3.87.

☞ Mark the soft-falling snow, says the poet; and we mark October 27, 1865, as the first date of snow for the season in this city.

☞ Remember that to-day is the last of Dr. Campbell's stay in this city.

— Ira Wino of Portland, formerly of this city, has built a new steam fire engine, of Johnston's pattern, to go to Morristown, Pa.

— Joseph E. Worcester, LL. D., died in Cambridge, Mass., on Friday, aged 81. He was the author of the noble Dictionary bearing his name.

WASHINGTON ITEMS.—The Herald's Washington dispatch contains important naval movement news. All the available steam vessels of war are ordered to be get immediately ready for sea.

It is positively known there that the trial of Jeff. Davis has been decided upon, and the arrangements have been nearly completed. The trial will be for the crime of treason, and will take place either in Washington or Richmond, and before the U. S. Supreme Court.

☞ We have, as usual, contradictory accounts from Mexico. The latest dates favor the Liberals, but are not fully reliable.—Private letters from Western Texas say the Confederates who went to Mexico when the trans-Mississippi army surrendered, are returning home disgusted with the Mexicans, and indignant at their treatment.

— Miss Mary A. Misroon, aged 15, died in Worcester, Mass., on the 24th, one day after her father, Com. Misroon. The funeral service of father and daughter together was read in the Episcopal Church in Charlestown, and they were interred together at Mount Auburn.

— The Springfield, Mass., counterfeiter has escaped in Boston, owing to the culpable carelessness of some officers who were taking a description of the prisoner in the jail office. He suddenly opened the door and ran—for which he is not to be blamed—but the officers are.

HORSESHOES.

THE WHEELER HORSESHOE COMPANY offer for sale, corner of Portland and Traverse Streets, Boston, Horseshoe Bars and Shapes, and also finished Shoes of every variety of style and size. The iron is made from selected scrap, including old shoes, and is warranted as good as any in the market, and to wear as long as the best hand made shoes. The bars are drawn with a groove and a bevel, and with a seated, a flat, or a concave foot-face. This amount of work on the bars enables the blacksmith to make twice as many Shoes in a day as he can make from common shoe shapes, and the Shoes are of better finish and quality when done. The iron in bars is offered at the ordinary price of common shapes, and the finished Shoes much lower than hand-made Shoes, with which alone they can be compared, and which in reality they are.

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union Southerners. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

SOME DAY.

BY FLORENCE PERCY.

"Some day" is the burden of many a song that's never done in rythm. Florence Percy has thus given one of them:

You smooth the tangles from my hair
With gentle touch and tenderest care,
And count the years ere you shall mark
Bright silver threads among the dark—
Smiling the while to hear me say,
"You'll think of this again some day,
Some day!"

I do not scorn the power of Time,
Nor count on years of fadeless prime.
But no white gleams will ever shine
Among these heavy locks of mine;
Ay, laugh as gayly as you may,
You'll think of this again some day,
Some day!

Some day! I shall not feel as now—
Your soft hands move about my brow;
I shall not slight your light commands,
And draw the long braids thro' my hands;—
I shall be silent and obey—
And you—you will not laugh that day—
Some day!

I know how long your loving hands
Will linger with those glossy bands,—
When you shall weave my last, last crown
Of these thick braidings, long and brown;
But you will see the scissors gleam
Adown their shining length that day—
Some day!

And while your tears are falling hot
Upon the lips which answer not,
You'll take from those one treasured tress,
And leave the rest to oliveness—
Remembering that I used to say,
"You'll think of this again some day!
Some day!"

A PEACE DEMOCRAT.—The Chicago Republican has a dispatch from Indianapolis, chronicling a fight between Dan Voorhees and Judge Clay, over some law point, at Greencastle, the other day. It was, we are told, a square fight, in which nobody was seriously hurt, but cost them each $10. Dan's objection to fighting is limited to belligerent propensities directed against the enemies of the country. When a point of law is started, he can serve his client with his fist as readily as with his tongue.

— A party of young men, a few days since, while digging roots some miles north of Vincennes, Indiana, discovered an old leather sack containing $7000 in gold and $3000 in silver. It is supposed that it had been concealed there by a robber.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually.

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Boils, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been cured in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Mate—a complete work on Matrimony, containing hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will insure a copy by return mail. Dr TELLER has devoted a lifetime to the care of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The only Female Pill, 10,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine for stoppage, irregularities, and other complaints of the female.

CAUTION.—Married ladies in certain delicate situations should avoid these pills. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 9 A.M. to 8 P.M., and on Sundays from 9 to 2 P.M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines carefully packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Siss, and others.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, except when *forbidden by directions*, and are easy to administer, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare a Medicine for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysteria in Females, Palpitation of the Heart and all Nervous Diseases.* It restores youthful vigor to the aged, causing the hot blood of youth to course the veins, restoring the *vitalities of Generation, removing Impotency and Debility, restoring Manliness and Vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged and old, there is no prior to this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor to the entire system to thrill with joy and pleasure.

"As the Phenix rises from the ashes of Primitive fire, animated with new life"—so does this Elixir rejuvenate the system and fill vigor, thus proving a cure for all diseases.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Daily Morning Chronicle

VOL. XXVII. PORTSMOUTH, N. H. MONDAY, OCT. 30, 1865 : 303. No. 103.

The Chronicle.

— A newspaper correspondent, in speaking of the false rumor of the marriage of a certain eminent actor, says that the lady with whom his name was connected was his "financee." As she is the niece of a rich Philadelphia perfumer, the word is suggestive, although the writer probably did not mean to coin it.

— A Fall River paper tells of a citizen who went to Newport, Tuesday evening, took a state room on the New York boat, and slept. Awaking in the early morning, he took his travelling bag, went ashore, got into a hack and asked to be driven to the Astor House. The astonishment of the hackman led to a discovery of the fact that the boat had been weather-bound at the wharf in Newport all night.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All access'ry to a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now *pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SEVEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents.
R. H. EDDY.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Chronic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, OCTOBER 30, 1865.

IN SOUTH CAROLINA, Gov. Perry's Message to the Legislature is rather *lordly* in some parts, but crouching in others. He says:—"an early day should be fixed for the election of members of Congress. Should those elected be in Washington with their credentials when the clerk calls the rolls, they cannot be excluded any more than those from Massachusetts.

No man in South Carolina can take the test oath without perjury as it is now. It is not the policy of the President to enforce this, and he believes it is not the policy of Congress.

On the other hand he says: "Now that slavery has been abandoned, labor is becoming more honorable and more necessary. Young men must become tradesmen, manufacturers and mechanics. Northern friends are invited to come to the State. Immediate provision must be made for the protection by Government of freedmen. This is expected by the President and Congress, and will remove all pretext for military rule.

☞ The dock race between the Winooski and Algonquin has again ended in a wrangle. At ten minutes past 2 o'clock on Thursday, the engines of the Algonquin were stopped—her revolutions at that time being 63,282, against the Winooski's 62,983. In the present case Mr. Dickerson of the Algonquin ordered the stoppage of the engines of his vessel on the ground that some technical advantage of him had been taken by those having charge of the Winooski, which they emphatically deny. The Board of Engineers in the race have decided that Mr. Dickerson was not justified in stopping the engines of the Algonquin. They also declare that up to the time of the stoppage the Winooski engines had proved to be the better.

☞ It is well known that Gov. Bramlette and other half way Union men of Kentucky tried very hard to displace Gen. Palmer from his command there, because he handled slavery without gloves. But they came off second best. Gen. Palmer has just received the following endorsement.

WASHINGTON, Oct. 29, 1865.

Maj. Gen. Palmer: Major General Thomas having reported in favor of your retaining the command in Kentucky, and *approving your administraton* of the Department, the President has *approved his report* and *overruled the application for your removal.*

By order of the President.

(Signed) E. D. TOWNSEND,
A. A. General.

THE FINANCES.—It is estimated in the Treasury Department that the receipts from internal revenue during 1866 will be large enough to defray the expenses of the Government, which are estimated at $100,000,000, and pay the interest on the public debt, which is now $165,000,000. In that case the receipts for customs duties may be devoted to a sinking fund, and we shall begin to diminish the principal of our debt. The customs duties for the year will yield nearly or quite twice as much gold as will be needed to pay the gold interest on the public debt, which is a very gratifying fact.

THE CONTRACTION OF CURRENCY, already begun by the Secretary of the Treasury, taken in connection with his frank declaration of his future policy, is beginning to have its effect on the money market. A "stringency" is felt. It is to be hoped that it will continue until the banks are compelled to call in loans instead of "accommodating" speculators. The purchasable value of the greenback is increased by the Secretary's measures. Some persons complain of the absence of currency. There would be currency enough if prices would fall. When a greenback will buy double what it does now, we shall think the right limit is reached. Traders who are complaining that they cannot get money for their business purposes, will find that they can get as much as they desire if they will only sell low enough. They have got to come to this in the end, and they had better begin at once.—*Exchange.*

☞ The "silver wedding" of Hon. Henry Wilson was celebrated with unusual eclat on Friday evening, at Natick. Among the guests were Hon. Charles Sumner, Collector Hamlin, Hon. Linus Child, Hon. Anson Burlingame, Hon. Charles Theodore Russell, Generals Hamlin, Underwood and Tilton, Ginery Twitchell, Esq., Hon. J. M. S. Williams, and several past members of the Legislature, besides a large number of prominent citizens of Natick and surrounding towns.

—— Sleighs appeared in the streets of Concord on Friday.

—— The Grafton Co. Temperance Convention convenes at Littleton on Tuesday at 3 P. M., to continue Wednesday.

—— Rev. Wm. F. Bridge, pastor of the First Congregational Church at Dublin, is about to take charge of the academy at Peterboro', N. Y.

—— Hon. E. H. Rollins of Concord and Daniel C. Whitman of New Jersey have been appointed Commissioners to assist the Commissioner of Internal Revenue.

—— The price charged for the carriage of a barrel of flour by railroad, from Carroll county, Illinois, to Meredith Bridge, last week, was $5. The price of the barrel and flour at the starting point was $3.25.

—— Ellen Litchard has been arrested in Manchester for abandoning her three children by leaving them on a door-step. She wanted the county to support them, and it is likely to do so, with the mother thrown in.

—— The Lebanon Free Press has a "devil," 15 years old, who has worked at the trade but eight months, but who set ten thousand ems in ten hours about a week since.

—— Barnard Dodge, an elderly man, digging out stones on a side hill in Lebanon on Monday last, had a large stone roll upon him, breaking two of his ribs and otherwise injuring him internally. He died on Tuesday.

—— At the recent Baptist Convention in this State, it was stated that there are to-day three thousand less Baptists in New Hampshire than there were twenty years ago. Why this is so is a denominational problem that will doubtless be investigated, and perhaps solved.

—— At Littleton, last Wednesday, Jos. Whittaker, while taking a loaded gun from his wagon, caught the hammer on the wagon, which caused the gun to go off, the charge taking effect in his right arm, shattering the elbow shockingly. It is thought amputation will have to be performed.

—— The dead body of an unknown man was found on the Intervale near Concord, on Friday forenoon. His pocket-book contained papers, badly wet, with the name of Cramford, and dated Montreal; also about $75 in money. The man probably fell in a fit and died where he was found. He was a stout man, weighing about 175 lbs.; about 45 years old; dressed in stout woollen clothes, checked shirt, &c.

INSTALLATION AT HAMPTON, N. H.—Rev. John W. Dodge of Newburyport, Mass., formerly pastor of the church in Gardiner, Me., was installed pastor of the church in Hampton, on Thursday, Oct. 19, 1865. Rev. R. Campbell of Newburyport, Mass., was Moderator, and Rev. John O. Barrows of North Hampton, Scribe of the Council. The public exercises were: Reading of the Scriptures by Rev. J. O. Barrows; Introductory Prayer by Rev. J. O. Barrows; Sermon by Rev. Egbert C. Smyth, D. D., of Andover, Texts: Acts xxvi. 8, and John ii. 11.; Installing Prayer by Rev. E. D. Eldridge, Kensington; Charge by Rev. Randolph Campbell, Newburyport, Mass.; Right Hand of Fellowship by Rev. Henry A. Stevens, Melrose, Mass.; Address to the People by Rev. Alvan Tobey, Durham; Concluding Prayer by Rev. I. T. Otis, Rye; Benediction by the pastor.

— Herrick Allen's Gold Medal Saleratus is as healthy as the purest flour; will prove a great saving in that article; is peculiarly adapted to benefit weak stomachs and dyspeptic persons; is much more healthy and economical than baking powders, and greatly preferred to soda to use with cream tartar. S. J. COURT, *Friday, Oct. 27.*—The trial of the indictment against Downing and Wilson was concluded Friday forenoon. Verdict—guilty.

State vs Stevenson, for an assault on Mark Spinney. Retracted his plea of not guilty, and entered a plea of nolle contendere. Fined $25 and costs.

State vs G. H. Stone, house of ill fame. Nolle contendere entered, and affidavit of respondent read. Fined $50 and costs.

Dr. J. E. Tyler, formerly of the N. H. Asylum for the Insane, has been called here to make an examination of Albin M. Bachelder, indicted for burning saw mills in Derry, who is alleged to be insane.

Indictment against Chas. T. Lang of Portsmouth, charged with breaking down and twisting off ornamental trees on Lafayette Road in Portsmouth, was next tried. The trees were growing opposite premises of Samuel Langdon, Esq. Verdict—not guilty. Clarke, Attorney General, for State; Goodall for respondent.

Indictment vs Chas. M. Clifford was tried on Saturday. Respondent was charged with stealing a silver watch of the value of $35 from the person of Chas. S. Powell on Sept. 6th. Verdict—not guilty. Hatch for respondent.

Abner Lowell, convicted of an attempt to commit rape, was sentenced on Saturday forenoon to confinement in State Prison with hard labor, for one year, and solitary confinement for one day, and pay costs of prosecution.

Albin M. Bachelder, who pleaded guilty on two indictments for burning saw mills in Derry, was sentenced to hard labor in State Prison for three years and solitary confinement for five days on each indictment. The medical examination as to his sanity not warranting the belief that his insanity was genuine.

The new docket was called on Saturday. There are 177 actions entered this term.

The indictment of Dr. Young is in order for trial this morning.

Communication.

THE LYCEUM.—The whole number of the 3d course Lyceum tickets sold, amounted to about 650. The paying ticket-holders, complimentaries, a few hearers from out of town, who paid a fee for the single lecture at the door, counted nearly eight hundred persons, at the first lecture.

The remainder of the Course tickets can now be purchased at the usual places, for $1.65. Ticket No. 2 of the Course, (next concert and lecture) will be offered for sale at 50 cents. The receipts so far, from the course tickets, &c., will not meet the expenses of the course by some hundreds of dollars; but the Association are confident that with the disposing of a few more of the course tickets, and selling single tickts each evening, they will be able to successfully carry through the varied performance they have advertised. It is hoped that those who have neglected to secure tickets, will come forward at once and purchase them.

Mrs. Cary, the popular vocalist, has been invited, and is expected to appear at the next lecture. The audience at the 1st lecture was the most select that has ever appeared at the Temple. The house, although appearing full, had ample room for some hundreds more; and ticket-holders can be sure of good seats even at the last moment. I.

☞ We notice that workmen have commenced operations on the new bridge for the Eastern railroad, which is to span the Merrimac river at Newburyport, by driving small piles out as far as the spot on which the abutment at this end of the bridge is to rest. Others are laying the bed of the road on the Salisbury side. A firm foundation is furnished by a solid ledge in the bed of the river. The work under water will be performed by using a large diving bell that will allow several persons to work at once.

PROMPT.—Supt. Prescott, of the Eastern Road, on receipt of telegraphic intelligence of the disaster in this city, came at once to the spot, arriving before the inquest had been held on the body of Mr. Heath.

☞ Prof. Gunning's Lectures on Geology are worthy the attention of every student of Nature and Scripture. Price within the reach of all. See advertisement.

AWFUL SHIPWRECK.—English papers give the particulars of the loss of the American built ship Eagle Speed, while on her way with four hundred and ninety-seven coolies from Port Canning to Demarara. The wreck took place near Hall day's Island, August 22. Three of the Eagle Speed's boats were launched, manned by the crew. Including the coolies who threw themselves into the water on hencoops, the boats saved one hundred and sixty-nine, and all the Europeans. The steamer Lady Elgin, which was near, left for Port Canning. The ship continued to float all that night, and did not sink till seven Wednesday morning. Two steamers were at once sent round from Calcutta, and the Lady Elgin returned from Port Canning. They found three coolie lads on the mast of the wreck, and saved about sixty more who had floated to Halliday's and Butcher's Islands, where the tigers are said to have destroyed some. The coolies assert that the last European attempted to fire the ship. Of the four hundred and ninety-seven coolies, two hundred and sixty seem to have perished on that terible Wednesday morning, or afterwards in the jungle.

☞ "Hope for all invalids" is held out by Dr. Uriah Clark, 18 Chauncey street, Boston, Mass., as will be seen by his advertisement in our column of "new advertisements." According to his circular, he promises to "cure all curable diseases without medicine," and he publishes a long list of remarkable cures. 1tdaw

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, and his inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Boils, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's peculiar treatment. He has treated in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healthy and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who attended to Dr. J. broken down by disease, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the publicity of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sold a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that any sentiments should be known. J. W. JOHNSON, M. D.

Burno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. BURNO, P. O. Box 1226, New York City.

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.*

In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

EXPLOSION AND LOSS OF LIFE.—One of those fatal accidents, only too common of late, but from which our city has been so fortunate as to escape, occurred at the engine house of the Eastern Railroad at a little before ten o'clock on Saturday morning. The locomotive Gloucester, which was standing in the engine house, exploded its boiler, completely shattering the western end of the building, and killing Charles Heath, the fireman who was standing by the side of the engine. Deceased was about 19 years of age, and belonged in Charlestown, Mass. His body was found under the wreck of the engine, but was not so much disfigured as the circumstances of his death would lead one to expect, and the probability is that the inhalation of escaping steam hastened that catastrophe.

The engine had been in use but about a year, and preparations were being made for its egress from the house, as it was the engine that usually drew the 11:15 train from this city to Boston. The engine was left a wreck, and heavy fragments of the building were thrown far out into the pond. As the engine could have had but a small head of steam at that time, the cause of the explosion is as yet unexplained; and as usual in such cases, probably never can be known.

Mr. Orin Smith, Road Master, was in the sleeping apartment of the engine house at the time of the accident, but escaped with no further damage than a shower of plaster, shaken from the ceiling by the shock. A man who tends the turn-table in the engine house was also present, but also escaped uninjured. Nearly all the glass in the building was blown out.

The mangled body lay as it fell, until afternoon—a ghastly sight, amid the wrecked building. As usual in such cases, a morbid curiosity drew crowds to the spot, even including women and children. And there was nearly a double tragedy—for a heavy mass of the ruins fell amid the crowd. Matthew Hare, 12 or 14 years of age, and son of Patrick Hare, received an ugly scalp wound, extending from the right ear to the crown of the head and thence downward nearly to the nape of the neck, making a ragged cut of seven or eight inches, which was dressed by Dr. Folsom. A little girl was also badly hurt, said to be named Moulton, living on Christian Shore, and employed in the Factory.

An inquest was held upon the body of Heath in the afternoon, resulting in the verdict that the deceased came to his death by the explosion of a locomotive boiler from a cause to the jurors unknown.

POLICE COURT, Oct. 28.—The immortal bard sang in ages past of an ancient monarch entitled "Old King Coal", asserting that he "was a merry old soul" despite his courtly pride. Which leads us to believe that John Coal of Africa is a lineal descendant of the king above alluded to, for the reason that John's disposition is of a lively type, while his countenance is as radiant as a sunflower—if Mr. C. will excuse the similitude. Now it is a painful admission, yet none the less true, that most all merry men are apt—on account of an impulsive temperament—to be morose at times. This was the case with our ebony hued friend; but he always had an invigorating remedy for these moody spells, and when he became aware of their approach he would sly into his iron-clad stomach one or two swallows (half a pint) of very cheap whiskey, which had the effect to make him as gay as a tom-tit. In one of these sportive freaks, however, he made a mis-step and trampled upon the law, to repair which obliged him to put out one ten-dollar greenback and eighty seven cents in stamps. Or in other words, John Cole, colored, for brawl and tumult, fined $3, costs $7.87.

☞ We learn that a man named Robert H. Mathes, boarding in Cabot street in this city, and employed in the Borers gang on the Navy Yard, had his trunk broken open a day or two since and robbed of money and papers to the value of $1300; nine hundred in seven-thirties, and the remaining four hundred in a note against the town of Durham. The supposed thief is a man who has been employed in the boiler makers' department on the Yard, and boarded in the same house with Mathes. He is said to have been seen at various times after the robbery with a large quantity of money.

☞ Capt. J. R. Goldsborough, Inspector of Ordnance at this Navy Yard, has been detached and will probably be ordered to the command of the steamer Canandaigua or Shenandoah at Boston. Capt. Goldsborough departs with the regrets of every one having the pleasure of his acquaintance, being universally esteemed and respected by all who know him. He is succeeded by Captain Theodore P. Green.

—Rev. Mr. Atwater of Vergennes, Vt., was assaulted on Wednesday evening last in the street at Montpelier and knocked down; doubtless for his supposed agency in wholesale liquor seizures recently made.

—Richard T. Greener, the young colored man who was lately admitted to Harvard College, took one of the prizes lately offered for the best reading, another being taken by a young Southerner who had served in the rebel army!

—Levi L. Farrell, who murdered Hattie Wells in Washington, was arrested Friday evening in New York, and found dead in his cell next morning, having committed suicide by opening a vein in his arm with a piece of the pewter plate on which his supper was served. He came from Massachusetts.

[PRINCIPAL DESPATCH BEARER AND SCOUT.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the south in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, alone, through Cross and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

DAY DREAMS.

Where the orange bee on the purple flower
Of the roadside thistle dozes,
Where the flying down blows, slimy white,
And the azure air-bell poises light;
And where the mole, deep out of sight,
After his work reposes,
Alone would I be,
Without company,
And dream my old dreams o'er again.

Where the plovers whirl, and circle, and scream,
Over the loneliest places;
Where the Eastern clouds roll heavy and slow,
And the glad winds race, and flutter and blow,
Where the golden corn is all of a glow,
And so are the reapers' faces—
Alone would I be,
Without company,
And dream my old dreams o'er again.

Where the fir, so balmy and evergreen,
Raises its dripping cones,
And the squirrel, sailor-like, climbs the tree,
And the wind is breathing its lullaby,
Fond, and soft, and coaxingly,
The songs of distant zones—
Alone I would be,
Without company,
And dream my old dreams o'er again.

Where the sunshine comes in level lines
Across the velvet mosses,
And stealing in and out in patches,
In sunny fits and playful catches,
As a bough or trunk it matches,
With varying gains and losses—
Alone I would be,
Without company,
And dream my old dream o'er again.

SALE OF STEAMERS.—The steamers S. R. Spaulding and Ben. Deford, built for and formerly of the Boston and Baltimore line, were sold by auction in New York last Tuesday for the sum of $150,000 each, which is a larger amount than the steamers cost six years ago.

The above named steamers were offered to the Quartermaster and Naval Departments at the outbreak of the war, but were declined on the ground that they were not strong enough for the service. They were subsequently chartered, however, and then sold to the government, and now after four years of service in the war and two years as freight boats, they sell for more than their first cost, which is a decided compliment to their builders.—*Transcript.*

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are *permitted* to refer to Hon. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:

Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.

This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy, I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:

REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivaled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."

REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."

REV. G. C. SIMMONS, *Gouverneur, Sar. Co., N. Y.*, says: "I feel in duty bound to say Larookah's Syrup is the best medicine we ever used in our family."

DR. PORTER, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., I ever know of in the market."

HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive complaints. I have recommended it to several friends, who have received great benefit from its use."

W. R. BOWEN, *56 Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."

Price 50 cents and $1.00 per Bottle.

DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.

For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralgia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.

The trial of a Single Bottle of either will gain the confidence of the sick.

PREPARED BY S. SEVERY,
Price $1.00 per Bottle.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for vaporization, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the cool, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Reeves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

Cures *General Debility, Weakness, Hysteria in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, enabling the perfect "Elixir of Love," removing Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this Elixir of Life. It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to feel with joy and pleasure.

"As the Phenix rises from the ashes of its funeral pyre, so does this Elixir rejuvenate and put vigor, thus proving a perfect "Elixir of Life."

Price, one bottle $3; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

The Chronicle.

AUGUSTA AND BELFAST, ME.—The citizens of Bangor, Me., having through their Chief Magistrate, tendered material aid to the sufferers in the late great fires in Augusta and Belfast, have had the satisfaction of learning that their bounty will not be required. Mayor Patterson of Augusta, after expressing thanks for the active sympathy tendered, says he is not aware that many, if any, need much pecuniary assistance, the property destroyed being very generally partially, and in many cases well insured; and Mayor Abbott of Belfast, after an eloquent acknowledgement of the kind intentions of the people of Bangor, says that, by the liberality of the people of Belfast, a fund has already been raised, which is deemed sufficient not only to supply the present wants of the needy, but, also, to make good to the poorer classes a considerable portion of their losses.

NEW JERSEY.—The political campaign in New Jersey is going on vigorously. Over eighty Republican speakers are in the field, talking every night to crowded and enthusiastic audiences. Senator Wilson is said to give special satisfaction, winning voters as he ever does, wherever he speaks. The Republicans are sanguine of carrying the State, while the Democrats concede that the result is doubtful. They say that Major Stearns' published interview with the President has proved a severe blow to them.

KENTUCKY SLAVES.—Kentucky consoles herself with the idea that she is yet a slave State, and she hopes that the deluge of freedom spreading over the land will prove to be "not much of a shower after all" within her borders. But the institution is already gone from her midst, dead, but only not buried. Such facts as these tell the whole story, viz: in the small city of Lexington there are now five black schools, all in a flourishing condition, and all supported by the blacks out of their own pockets, from which also come taxes for the support of white schools, not open, of course, to the payers. According to the whole number of children, there is a larger proportion of black than of white scholars in the city. Not a single negro is fed by the Government, while not a day passes that white people do not apply for Government rations. Where such facts exist slavery is already doomed, whether the Rip Van Winkles of the ancient "governing classes" discover the truth or not.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabala, of Venezuela, who immediately trested her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

TUESDAY, OCTOBER 31, 1865.

☞ An exchange says "Chief Justice Taney left three daughters who are said to be in extreme poverty." We can hardly believe the story, as Judge T. enjoyed the salary of Chief Justice many years, and held good offices for most of his life. The same exchange adds "As he spent the best part of his life in the service of the public, it is an ungrateful country that will allow them to suffer." Truly the country has great reason to *remember* him, as the remover of the deposits, and as the author of the *dicta* in the famous Dred Scott case: but we hope there is too much christianity in Baltimore, to let his unoffending and helpless daughters, if such they be, suffer on that account. The true call in the case is for humanity: gratitude is out of the question.

PERLEY telegraphs from Washington on Sunday, to the Boston Journal, as follows:

Returning to Washington after several months furlough, I find the metropolis almost as quiet as it used to be before the war. There are but few officers or soldiers to be seen, but there is no lack of reconstructed rebels, arrogant and defiant.

Among to-day's arrivals from Dixie is Gov. Parsons of Alabama, who expresses confidence that the Southern Senators and Representatives will be admitted into Congress.

Nine-tenths of the Veteran Reserves from New England will elect to be mustered out rather than to serve their enlistments. Other reductions of the military will be made speedily.

The order canceling the dicision of the Attorney General, and prohibiting the payment of bounties to colored troops who cannot produce proof of their freedom at the commencement of the war, was issued by direction of the President.

The Union regiments recruited from rebel prisoners and sent to the Indian country are to be mustered out, and those men who desire to go to their homes at the South are to receive transportation there.

The next monthly statement of the public debt will show a reduction of the principal.

Gen. Cushing remains here, as the important law case in England in which he will act as counsel for the American interests will not be tried at as early a day as was anticipated.

☞ An insurrection has broken out among the negroes of Jamaica. The English Consul General at Havana has applied to the Captain General of Cuba for aid to put the negroes down. Four Spanish war vessels have been dispatched for that purpose.

So says an item, coming by way of North Carolina! Part of it came from Halifax, more than ten days ago. When we hear from Jamaica direct, we may find out what it means.

— The Alpine (Cal.) Chronicle relates the following extraordinary affair: "On Tuesday last, an Indian was caught in a bear trap and instantly killed at Big Meadows, Alpine county. He had seen the trap baited with a quarter of mutton, which he concluded to steal and was caught in the act. The fall of the trap was made of heavy timber and armed with large spikes which entered the Indian's body."

— The Independent says that a big bear is in the habit of coming down to San Joaquin Valley and carrying off hogs, some of them as heavy as 200 pounds. A party turned out to hunt him recently and found the "varmint," which gave battle and cleaned out the crowd. They now offer $100 for his scalp.

— The N. Y. Herald prints a private dispatch dated West Point, Miss., 26th, stating that Gen. Johnson has discovered most stupendous frauds on the Treasury Department. The Department has arrested Harrison Johnson, special Treasury agent

Columbus, and all his sub-agents in three counties, taken possession of their books, and suspended operations.

— Governor Johnson, of Georgia, has been officially informed by the Secretary of State, that the President cannot recognize the people of any State as having resumed the relations of loyalty to the Union that admit as legal obligations debts created in their name to promote the war of the rebellion.

— The Catholics of Lawrence have determined to build a splendid cathedral, which will exceed in size any church in Massachusetts, and be an edifice of great magnificence. This church is to be built by the Augustinians, who have only this church of their order in the country.

— An arrival at St. Louis from the Upper Missouri reports that the Indian Commission had abandoned their steamer 120 miles below Fort Sully, and were proceeding overland. It is not believed that the Commission will accomplish its mission, as no hostile Indians are said to be within 700 miles of Fort Sully. Forts Union and Berthold are evacuated.

— Prince Musigano, grandson of Lucien Bonaparte, born in the United States, and well known in Boston and Philadelphia, is dead.

—— The steamboat companies on Lake Winnipissogee, applied to the Supreme Court for an injunction, to restrain the manufacturing companies on the outlet of the Lake from drawing off the water to the injury of the natural rights of navigation, but after a hearing, their application was rejected.

—— The Manchester Union gives the particulars of a disgraceful row at Dartmouth arising from an attempt to "haze" the Freshmen, Sunday evening, Oct. 19.

A number of the Sophomores entered the recitation room of the Freshman class, threw the stove out of the window, took the black boards, chairs, desk and platform, removed the window sashes and blinds, carried them out of the building, and made a bon-fire of them.

The next morning there was a grand "rush," so called, between the belligerents; in other words, one side makes a desperate rush at the other, with a view of forcing them out of doors. During the melee Professors Sanborn and Aiken endeavored to separate them. This was a drawn battle.—At the following noon recitation, the battle was resumed. An eye witness, in describing the affair says: "There was the best work I ever saw. One stalwart Sophomore went around with a big billet of wood, cracking his opponents on the skull until a Freshman knocked him heels over head into his room. The Freshmen whipped(——)out of the Sophs. and drove all but three of them into their room. There the fight continued, and the Professors called on the Seniors and Juniors to separate them. We were all on the stairs at the time looking on, and when the word was given down we came and rushed them out of doors in less than no time."

The writer, who is a student, concludes his graphic account by stating that the contest resulted in the suspension of ten of the Sophomore class. The damage to the room and furniture amounted to about $100. The faculty used every effort to quell the riot, and promptly punished the offenders.

HEAVY SWINDLINGS.—Sundry Hartford, Conn., merchants have been swindled out of $40,000 worth of goods by a man named Hopkins, who, after purchasing extensively and paying promptly, got credit to the above amount in goods, which he sold at a great reduction of price, and absconded with the money.

A number of Canadian merchants, bankers, &c., have been swindled out of $50,000 by one Finlay McGregor, through purchasing some spurious sight drafts on houses in New York.

HAYTI — St. Thomas correspondence of the 7th inst. says the gunboat Kansas arrived there on 5th, bringing news of the surrender of Cape Haytien to Geffrard. The Kansas left the gunboat De Soto at Cape Haytien.

SOUTH CAROLINA.—The Times' Washington dispatch says (Gen. Howard's mission to the Sea Islands was to investigate affairs there, not to settle them. Many of the negroes there have accumulated property to the value of from $5000 to $15,000, and a just settlement of the difficulty will be no easy matter.

☞ At Poughkeepsie, N. Y., on Saturday last, a suspicious-looking schooner was boarded by the police officers of that city, and a large quantity of silver ware and ot ar les, together with a complete set of burglars' tools, were found on board. Some of the silver ware has been identified as belonging to a clergyman of that city. Most of the silver ware was marked "West," and with initials in which "W" is the final letter. Three men were found on board and arrested.

A PROCLAMATION

FOR A

Day of Public Thanksgiving and Praise.

In accordance with the custom of our fathers, the desire of all wise and Christian hearts, and the spirit of Divine revelation, I do, with advice of the Council, hereby appoint Thursday, the Thirtieth Day of November next, to be observed by the people of New Hampshire as a Day of Public Thanksgiving and Praise to Almighty God:

That He has brought us safely and victoriously to the conclusion of a long and desolating war, and that peace once more returns to bless the Nation:

That He has given it to us, this generation, to firmly establish, maintain and defend the great principles of civil liberty and equal rights; and that human Slavery is virtually abolished throughout our land:

That, while we mourn our fallen heroes, He has yet returned to us so many, illustrious for bravery and devotion to their country:

That, while enduring the scourge of war, He has yet preserved us from pestilence and famine; and has restrained the nations of the earth and given us external peace:

That the social and moral welfare of the State, the learning of the Schools, and the prosperity of the Churches, have not diminished:

That abundant harvests have crowned the labors of the husbandman; that industry has received its due reward, and that prosperity has blessed the marts of Commerce and Trade:

That the present is manifold in blessings, and the future rich in hope:

For these special causes, and the innumerable mercies that surround and gladden our daily paths, let us abandon for a day our usual avocations, assemble ourselves in houses of worship, and render devout and heartfelt thanks to the Sovereign Ruler of the Universe, and Redeemer of Men.

Given at the Council Chamber, in Concord, this twenty-fifth day of October, in the year of our Lord one thousand eight hundred and sixty-five, and the ninetieth of Independence of the United States of America.

FREDERICK SMYTH.

By His Excellency, the Governor, with the advice of the Council,

WALTER HARRIMAN, Sec. of State.

A NATIONAL THANKSGIVING.

By the President of the United States

A PROCLAMATON.

WASHINGTON, Oct. 28, 1865.

Whereas, It has pleased Almighty God during the year, which is now coming to an end, to relieve our beloved country from the fearful scourge of civil war and to permit us to secure the blessings of peace, unity and harmony, with a great enlargement of civil liberty; and,

Whereas, Our Heavenly Father has also during the year, graciously averted from us the calamities of foreign war, pestilence and famine, while our granaries are full of the fruits of an abundant season, and

Whereas, Righteousness exalteth a nation while sin is a reproach to any people, now

Therefore I, Andrew Johnson, President of the United States, do hereby recommend to the people thereof that they do set apart and observe the first Day of December as a day of National Thanksgiving to the Creator of the universe for these deliverances and blessings: and I do further recommend that on that occasion the whole people make confession of our national sins against His infinite goodness and with one heart and one mind implore the Divine guidance in the ways of national virtue and holiness.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this twenty-eighth day of October, in the year of our Lord one thousand eight hundred and sixty-five, and of the independence of the United States the ninetieth.

[L. S.]

(Signed) ANDREW JOHNSON.

By the President:

Wm. H. SEWARD, Sec. of State.

— Jeff. Thompson tells the editor of the Louisville Journal that the only persons in the South who wish to do any more fighting are those who didn't do any when they had a chance.

This is the same Jeff. who, early in the war, declared that he would fight the Yankees until a place unmentionable to ears polite had frozen over, "and then fight them a little while on the ice."

A QUESTION OF CLEANLINESS.—Dr. Channing, in his recent lecture before the Boston Social Science Association, said that the Russian Peasantry had a way of washing which had not been related in any book of travels. They took a mouthful of water from the pump and, after holding it until the chill was well off, spurted it with a lively jet into the hands and applied it briskly to the face. Towels they have none. It may be a matter of taste, but the "dry polish" of Master Sqeers, at Dotheboys', Hall would be preferable to this.—*Boston Journal.*

One need not go to Russia to witness this method of ablution. We have witnessed it so often among the German waygoners in Texas as not to have considered it a custom at all strange.

☞ In Portland at a meeting of the Portland & Rochester Railroad Co. N. L. Woodbury, Esq., was chosen President, and Lewis Pierce, Secretary. The property of the Company, including roadbed, rolling stock, land and road graded between Saco River and Rochester (14 miles) is estimated at $666,000. The estimate for the completion of the road from Portland to Rochester, even at the present prices of labor and materials, will be within $20,000 per mile.

— The remains of Col. Dahlgren arrived in Philadelphia Monday, having lain in state in Washington City Hall since Saturday morning, and will be deposited in the family ground, near Philadelphia.

☞ The passengers who came near being drowned in the steamer North Star, have published resolutions concluding as follows:

Our experience during the entire gale of the 24th and 25th of October, and in fact during the entire voyage, shows us that the New York Steamship Company was guilty of the most criminal carelessness in sending to sea a vessel so unseaworthy as the North Star.

— The proof of the pudding is not in chewing the string, but in eating and testing. The same rule will apply to the J. Monroe Taylor Gold Medal Soap. Our better half says it has no equal, and will do much better work, and go much further, besides leaving the clothes in a much better state after washing. We do not hesitate to pronounce it far superior to any Soap in the market. Go get a bar and try it—most all the merchants sell it. 3

— The Grass Valley National tells a story of a gentleman who recently started for Missouri for the purpose of marrying a girl to whom he had been engaged for twenty-one years and whom he had not seen for twelve years. Unless betrothed when very young, she must be an "old gal" at present.

Dissolution of Partnership.

Notice is hereby given that the Co-partnership between MOSES H. TILTON and S. W. WEBBER is this day dissolved, and that all unsettled accounts are to be adjusted by MOSES H. TILTON. S. W. WEBBER.

THE GREAT

CONSUMPTIVE REMEDY!

DR. LAROOKAH'S

Indian Vegetable Pulmonic Syrup!

The best preparation ever made for the following complaints:

Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.

This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all other means of being cured was a forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:

REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"I have used Dr. L. V. L. P. S. in my family and Dis-es, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of years standing."

REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."

REV. G. C. SIMMONS, *Gansvoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."

DR. FORTIS, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."

HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive complaints. I have recommended it to several friends, who have received great benefit from its use."

W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."

Price 50 cents and $1.00 per Bottle.

DR. LAROOKAH'S

SARSAPARILLA COMPOUND!

It is double the strength of any other Sarsaparilla Compound in the market.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for those discolorations, which is at once prompt, infallible and harmless.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a demand to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & Co.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Mrs. WINSLOW

An experienced Nurse and Female Physician, presents to the attention of Mothers her

SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 35 Cents per Bottle.

S. J. COURT, Monday, Oct. 30.—The jury empanneled to try the indictment of State vs William Young, consists of Amos C. Chase, Kingston, Foreman; Abraham D. Hobbs, Rueben L. Brown, No. Hampton; D. and A. Jenness, Wm. J. Rand, Rye; Jas. D. Dodge, Hampton Falls; Joseph S. Hoyt, Newington; Wm. W. Martin, NewCastle; Moses Webster, Chester; Wm. Jenness, Nottingham; Chas. W. Norton, Portsmouth; Dan'l R. Prescott, Kensington. The case was opened on Monday afternoon by C. H. Bell, County Solicitor, who explained the proof that would be presented to the jury. The respondent is charged with murder (in second degree) of Miss Sarah M. Atwell, who, while in a state of pregnancy, submitted to treatment to produce premature delivery, at Dr. Young's hand—the deceased being a simplewoman, residing in Clinton, Mass., working in a carpet mill. Attorney General Clarke and Solicitor Bell for the State John H. George and Alva Wood for the accused.

☞ The ignition of some straw in the old, two-story, wooden house, corner of Charles and Atkinson streets, caused an alarm of fire at about 10 o'clock Monday morning. The house was occupied by three families, who removed their effects in a speedy manner, after which the boys succeeded in staving most of the glass from the building. The fire was extinguished without the aid of the engines, although they were promptly on the spot. Damage small, as, indeed, it would have been had the building been totally destroyed.

POLICE COURT, Oct. 30.—James McDavitt has gone up to the House of Correction to shell corn, attend the pathetic outcries of the pigs, shovel manure into the pile of compost, and the pile of compost into the manure, pick rocks and perform such other delicate little jobs as his slender frame will permit. James would have doubtless had to-day his home to shelter him from the pitiless storm and the howling wind, had he not imprudently imbibed a pint and a half of bad gin;—locked up—$6.86—no money—goes up. That's the way of it.

CIDER COMING DOWN.—On Monday morning, near the foot of Vaughan street, a barrel of cider tipped from a wagon, one head came out of the barrel, and the contents went to wash the gutters. If the driver was holding on for a rise in the price of his produce, he only met with the fate of many a rural speculator, and experienced a fall.

☞ This day's paper contains proclamation for Two Days of Thanksgiving, viz.: one by Governor Smyth for the State of New Hampshire, and the other by President Johnson for the United States.—We presume, however, that one or the other will be changed as to the *day*.

☞ The snow storm of Friday night and Saturday, was quite extensive, closing with a warm rain. At Albany, N. Y., it is said there was a foot of snow.

☞ Prof. Gunning's Lectures on Geology are worthy the attention of every student of Nature and Scripture. Price within the reach of all. See advertisement.

THIRD LECTURE of the Course on Geology, This Evening, at the Christian Chapel, which ought to be filled.

☞ We are requested to state that Mr. Orrin Smith was not in the engine house at the Eastern Depot, when the recent explosion took place.

☞ Don't fail to let the little ones see Blitz this afternoon, and go yourself this evening.

— Seven criminals, just sentenced to the New York State Prison, broke out of Brooklyn jail, last Saturday, aided by other criminals outside.

— Steamer Conjork, a new gunboat, at Norfolk, was blown to atoms on Friday, by the explosion of her boiler; cause unknown. All on board were killed.

— The horse McGowan is to trot against time, 20 miles in an hour, for $5500, at Riverside Park to-day.

— Mrs. Darling, or "Granny Darling," as she was known all over the town of Medway, Mass., died at an early hour on Saturday at the advanced age of 102 years and 4 months.

— A Toronto despatch says the Leader calls upon the Government to disarm the volunteers, lest the Fenians obtain them, establish frontier patrols and inaugurate a passport system. A fearful state of alarm exists in Toronto. A raid on the Canadian banks is expected.

— The Grass Valley National says that Mr. Holmes, on the Grass Valley road, has gathered this season from a tree only three years old, 500 lbs. of apples.

— Jack Magruder announces that he will remain in Mexico until December. He has found a bar-room where they keep a slate, and will doubtless succeed in making a demijohn of himself.

GENERAL AMNESTY DECREE. — A Washington letter says it is semi-officially stated there that the President has concluded to issue at an early day a general amnesty decree, unfettered with any restrictions or exceptions. It is not designed thereby, however, to except from civil prosecution any parties who in the past may have rendered themselves amenable to be tried for special infraction of law.

— The rebel Gen. Ewell was in Philadelia last week, getting an artificial substitute for the leg he lost at Antietam. In this respect his example has been followed by numerous other rebel officers, from Maj. Generals down, and Yankee skill is now repairing the damage done by Yankee prowess.

— A miser aged 81 has just died at Gaudenzdorf, near Vienna, having left the whole of a fortune of nearly 2,000,000 francs by will to the Pope. He had for many years lived on a life annuity of 1000f, of which he contrived to put by a third. The only condition contained in the bequest is that the Pope will pray personally for the soul of the donor.

— The Bath Times understands that the manufacture of lime, which business is carried on quite extensively in Rockland, is very prosperous at the present time; the price is higher than usual, and the demand great.

— On the Ogdensburg Railroad, last Friday, a fireman was found dead near his engine with his oil can beside him. It was was supposed that he was struck by a passing train while oiling his machine, and instantly killed.

— On Sunday morning, at a quarter before 6 o'clock, steamer St. John from Albany for New York city, was blown up by the bursting of her boiler. Eight persons lost their lives, and a dozen men were badly scalded.

— Joseph Creel, who was two years old when Washington was born, is still living in Wisconsin, aged 139. He chews and smokes to excess, and the Doctor thinks that if he would stop that, he might live to be an old man.

— A Louisiana paper declares that the town of Natchitoches has fleas that can jump higher, quicker, bite harder, out-dodge, run faster, twist and cry other fleas. They are larger, fatter, slicker, harder to rope, than any other fleas. It takes two freedmen and a white boy to tree one of them, and suggests, as a last resort, to have them hung or shot with a Sharpe's rifle.

— "Road agents" is the name applied to highway robbers in Idaho.

— A silver statue of Napoleon I. has lately been placed in the middle of the Napoleon Saloon, in the Louvre.

— The controversy relative to the acceptance of the first forty miles of the Kansas branch of the Pacific Railroad has been finally decided by the President in favor of its acceptance, and Government bonds amounting to $700,000 will be immediately issued to the road.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Assignee of U. S. Patent Office, Washington, under the Act of 1837,

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers for Drawing Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, not possessed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more *competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend my inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

Boston, Jan 1, 1865.—3tawly

Morning Chronicle.

☞ The Boston Transcript in an item says the Pulpit at the South did much during the early part of the rebellion, to inflame the people against the North. Men born and educated in New England, who knew the falsity of the popular outcry against the Free States, were, we regret to say, the foremost among these libellers of their own friends and kindred. A resident of the city of Charleston in South Carolina who is a gentleman of much culture and moral worth, informs us that the two most harsh, unchristian and severe denunciations of the North he heard in that city, were by natives of the old Bay State—Rev. Wm. C. Dana, son of the late Daniel Dana, D. D., of Newburyport, and Rev. Wm. Hooper Adams, son of Rev. Nehemiah Adams D. D., of Boston.

— Gen. Grant has purchased and will refit for his winter residence a portion of the property known as the Douglas Hospital.

— A young man in one of the Vermont towns supplied himself with pears and apples from a lady's garden during the season, against her wish. She sent him a large bill for the quantities used, and rather than be prosecuted for stealing, he paid it. It is said that, dear as apples now are, he could have bought more than a half cheaper in the regular market.

This unsurpassable invention, now being first introduced, will, it is believed, supercede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—The Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.
We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.
Also on hand an assortment of the different sizes —of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.
"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.
The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPECIMENS OF AMERICAN DOMESTIC DISCIPLINE.

Billy Bolean jumped out of his bed,
He rushed at his sister and cut off her head;
This gave his dear mother a great deal of pain,—
Let us hope little Billy won't do so again!

Baby sat in the window seat,
Mary pushed her into the street;
Baby's brains were dashed out in the airy,
And Mamma held up her forefinger at Mary!

"Where is your sister, Margaret, tell?"
"Mother, I pushed her into the well!"
"Very cross in you, Margaret, really;
I thought you loved your sister dearly!"

Grandpa had gold in his brass nailed trunk;
Grandpa gave Harry some; Harry got drunk.
Then to get more the trunk Harry broke into
Grandpa thought Harry ought to be spoken to.

Darling sticks carving-forks into poor James—
Darling calls grandmamma horrible names;
Darling can't have any dessert—that's clear—
Unless she screams loud when there's company here!
Sammy got hold of a match one day,
And set on fire a stack of hay;
Soon hay, barn and horses were ashes and dust,
And Sammy's papa turned away in disgust!

"Oh, look, if you please, Master Jonathan, marm,
He's bitten a piece right out of my arm!"
"Oh dear!" cried the mother, in accents wild,
"I hope it won't disagree with the child!"

"Who strangled Jack with his collar and chain?
"I did, mamma, and I'll do it again;
And I'll strangle you when I get big and strong!"
"*That's* a good boyto confess when you're wrong!"

Much has been said, and more has been sung,
Of the open ingenuousness of the young;
But we own we'd like better in infant democracy
Were it even endow'd with the grace of hypocrisy.
Let's have a new motto inscribed on our banners:
As a step towards good morals, we'll strive for good manners!

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of these cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capottes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I cannot but feel that I owe it to others gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A,
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.
MANUFACTURED ONLY BY
TARRANT & CO.,

WEDNESDAY, NOVEMBER 1, 1865.

GOV. HAMILTON OF TEXAS.—While some are commenting severely on the executive conduct of Provisional Gov. Hamilton of Texas, journals in that State express very opposite opinions. The Houston Telegraph of the 14th October has a long leader on the acts of the Governor, which it says, have evinced much wisdom and prudence, and entitle him to the good wishes and support of every right-thinking man. It gives the strongest reasons for delay in the reorganization of the State—its great extent, and the fact that other States had begun their reorganization before the formal surrender of Texas took place, being among the principal ones.

Letters at Washington, from Texas, say that directly after the war the people of that State were willing to agree to almost anything for the sake of pacification, but owing to the dilatory movements of Provisional Governor Hamilton much dissatisfaction begins to be manifested. The State has made but little progress in restoring her relations to the Union, nor are proper facilities afforded throughout Texas for taking the amnesty oath.

[The delay is wise: the impatience is foolish. Better get ready and come back right and reasonable, than rush back and get snubbed.]

THE CLOSE OF THE HAYTIEN REBELLION.—Brief notice of the surrender of the town of Cape Haytien to President Geffrard and the discomfiture of the rebel Salnave, has been given. For some months past the town has been held by a party of not more it is said, than five hundred insurgents, commanded by Salnave, who is said to be the man who shot at and wounded Geffrard's prime minister, for which crime he had to escape beyond seas, and hence his hatred of the government of the republic. The Boston Journal says: United States Consul Folsom seems to have taken an important part in bringing matters to a crisis. At the date of accounts previously received the besieged in Cape Haytien were reduced to such a condition of starvation that flour sold for twelve hundred dollars a barrel, and bread for four dollars a loaf. Consul Folsom came near falling a victim to their lawlessness. Coal belonging to the American government was seized, and in other respects the American flag was violated. This led to prompt action on the part of the Consul, and a hint about resorting to extreme measures brought the rebellion to the ground. On the 2d inst., when the United States gunboat Kansas left Cape Haytien, it was agreed to surrender the town to President Geffrard and the legally constituted authorities of the republic. The captain of the British gunboat Fawn acted in concert with Consul Folsom and Lieut. Wells of the Kansas throughout the affair.

TENNESSEE.—Brig. Gen. Fisk has issued an important circular regulating the status of white refugees, freedmen and abandoned orphans of both sexes. He says the State laws of apprenticeship will be recognized by the Bureau, provided no distinction of color is made. In case there is, the laws applying to white will be extended to colored children. The officers of the Freedmen's Bureau are regarded as guardians of the orphan minors of freedmen within their respective districts. Each parish or township shall care for and provide for its paupers. The vagrant laws made for free people now in force will be extended to freedmen.

MEXICO.—Dates direct from Matamoras to the 26th say the Liberals have been whipped and driven off.

☞ The National Thanksgiving appointed by the President is the First Thursday (7th day) of December.

— Chaplain French reports great destitution among many thousand freedmen in Georgia, especially those sent there for safe keeping by old owners. It is recommended that homesteads be provided for them on public lands in Florida.

— At a small stream falling into the head of Hog Bay in the town of Franklin, Me., the people have found the muster field of eels, and catch them there in large quantities, and last fall sent to New York 49,000 pounds.

— The Astoria Gazette says: "Joe Lane's "Military Road for commerial purposes," from Astoria to Salem, on which the United States expended $80,000 from 1857 to 1860, is now pretty much blocked up, or bushed up, with fallen trees and new grown brush and trees.

— A discharged soldier at Fort Vancouver, who had been on a spree for several days, terminated his existence, while drunk, by dropping his neck between the palings of a picket fence. When found, he was standing perfectly erect by the side of the fence, holding on with both hands, his head resting on the top, dead.

A SAD RECORD OF THE WAR.—The Amesbury Villager says: Among the many sad family afflictions growing out of the late war, there are few more touching than the record given of the family of Mr. John Webster, 3d, of Kingston, N. H. Four sons enlisted in the army, each of them serving his full term of service and then re-enlisting again. John A. Webster, of the 6th New Hampshire, was starved to death at Andersonville, August, 1864, aged 37 years. Daniel A. Webster, aged 33 years, of the 11th New Hampshire, was shot in the battle of Fredericksburg, March, 1865. Charles H. Webster, of the 2d Massachusetts Heavy Artillery, died at Andersonville, August, 1864, aged 21 years. Warren A. Webster, aged 35, of the 14th Maine, died in Salisbury, Mass., a few days after his return, from disease contracted in the army. And to complete the record, the father and mother have died within a year, making six deaths in the family since August, 1864.

LITTLE JOHNNY CLEM. — Of course you remember the story of little Johnny Clem, the motherless atom of a drummer boy, aged ten, who strayed away from Newark, Ohio; and the first we knew of him, though small enough live in a drum, was beating the long roll for the 22d Michigan. At Chicamaugua he filled the office of "marker," carrying the guidon whereby they form the lines; a duty having its counterpart in the surveyor's more peaceful calling, in the flag-man who flutters the red signal along the metes and bounds. On the Sunday of the battle, the little fellow's occupation gone he picked up a gun that had fallen from some dying hand, provided himself with ammunition, and began putting in periods quite on his own account, blazing away close to the ground like a firefly in the grass. Late in the waning day, the wail left almost alone in the whirl of the battle, a rebel Colonel dashed up, and looking down at him, ordered him to surrender: "Surrender!" he shouted, "you little d——d son of a ——!" The words were hardly out of his mouth, when Johnny brought his piece to "order arms," and, as his hand slipped down to the hammer, he pressed it back, swung up the gun to the position of "charge bayonet," and as the officer raised his sabre to strike the piece aside, the glancing barrel lifted into range, and the proud colonel tumbled from his horse, his lips fresh-stained with the syllable of vile reproach he had flung on a mother's grave in the hearing of her child! A few swift moments, ticked on by musket shots, and the tiny guncer was swept up at a rebel swoop and borne away a prisoner. Soldiers, bigger but not better, were taken with him only to be washed back again by a score of federal troopers, and the prisoner of thirty minutes was again John Clem "of ours;" and Gen. Rosecrans made him a sergeant, and the stripes of rank covered him all over like a mouse in a harness; and the daughter of Mr. Sec. Chase presented him a silver medal, appropriately inscribed, which he worthily wears, a royal order of honor, upon his left breast; and all men conspire to spoil him; but, since few ladies can get at him here, perhaps he may be saved.

Well, like Flora McFlimsey, the sergeant "had nothing to wear;" the clothing in the wardrobe of royal livery was not at all like Desdemona's handkerchief, "too little," but like the garments of the man who roomed a month over a baker's oven, "a world too wide;" and so Miss Babcock of the Sanitary Commission, suggested that a uniform for the little orderly would be acceptable. Mr. Waite and other gentlemen of the "Sherman House" ordered it, Messrs. A. D. Titsworth & Co. made it, Chaplain Raymond bought it, Miss Babcock presented it, and Johnny put it on. Chaplain Raymond of the 51st Illinois—by the by, a most earnest and efficient officer—accompanied the gift with exceedingly appropriate suggestions and advice. I happened at headquarters just as the belted and armed sergeant was booted and spurred, and ready to ride. Resplendant in his elegant uniform, rigged *cap-a-pie*, modest, frank, with a clear eye and a manly expression of countenance, he looked more like a fancy picture than a living thing. Said he to the Chaplain: "You captured me by surprise, yesterday." Now, he is "going on" thirteen, as our grandmothers used to say; but he would be no monster if we called him only nine. Think of a sixty-three pound sergeant—fancy a handful of hero, and then read the Arabian Nights, and believe them. Long live the little orderly! —*Rebellion Record.*

☞ Dr. Cullen, the Roman Catholic Primate of Ireland, has issued a pastoral letter to his clergy, "on the approach of the cholera morbus and other evils." This document sets out by referring to the origin of the cholera through "superstition and fanaticism of Mussulmans during their visit to the tomb of the impostor Mahomet," then gives some very sensible advice about cleanliness, moderation and regularity of life, and concludes by bewailing the terrible amount of sin which exists in the world at the present time. The climax to this catalogue of iniquities is the wickedness of "a professor of the University of Dublin, who does not hesitate to impugn the eternity of the pains of hell, a doctrine most distinctly laid down in the Gospel."

GEORGIA STATE CONVENTION, by a heavy vote, laid on the table the resolution asking information of the Provisional Governor whether President Johnson has made repudiation of the rebel debt a condition precedent to the admission of the State into the Union.

— By recent careful measurement it has been ascertained that the level of the Dead Sea is 1,292 feet below the level of the Mediterranean.

☞ We call the attention of our readers to the advertisement in another column of VINELAND FARM and Fruit lands. This settlement, situated on the Cape May Railroad, an hour's ride south of Philadelphia, was commenced in 1862, and now numbers more than 5000 inhabitants. They go on account of the advantages of its climate, the fertility of the soil, its great capacity for fruit culture, and the ready market. The peculiar feature of this settlement is, that the originator, Chas. K. Landis, Esq., laid it out upon a general principle of beauty, and adopted a system of public adornments, the effect of which has already been to make it one of the most beautiful places in the world.

☞ We have just received from Adj. Gen. Nott Head, the Report of the Adjutant General of the State of New Hampshire, May 20, 1865. Vol. II.

It is a volume of 850 pages, handsomely got up by Amos Hadley, State Printer; and contains valuable information. These books should be preserved carefully, as they will be of use hereafter.

— It is becoming more and more evident every day, that a terrible retribution now awaits the manufacturers of the unhealthy compounds denominated Saleratus, Baking Powders, &c. Since Herrick Allen's Gold Medal Saleratus has been introduced, we are happy to state he has and is still working great revolutions for good. We would say to all our readers to try one paper, and they will say with us, the half has not been told. Our better half says, tell everybody to use it.

NATIVE SAL SODA.—The Virginia City Union speaks of the discovery of a sal soda spring near the Mountain Wells District road. It is very pure, of a semi-transparent alabaster nature, some of it being white, while other pieces are of a beautiful pink color. It is said to be 50 per cent. better than the imported article. The supply is inexhaustible, as it forms on the surface of large alkaline springs, being renewed as often as taken off. It is in the form of slabs, of various thicknesses, from half an inch to two inches and more.

☞ To those of our readers who visit Boston to purchase goods, we would recommend a call at the store of J. A. Jackson, No. 101 Court Street. Ladies will there find a beautiful assortment of furs, and now is the time to buy. Hats and Caps of every variety and style may also be found there.

Mr. Jackson takes pride in always keeping an extensive stock of superior goods. Every purchaser may obtain of him a good article, and at comparatively low prices.

WRECKS.—The steamer Massachusetts, at Key West from Mobile, reports a tremendous gale there on the 23d. Every vessel except the Massachusetts went ashore in the harbor. The next morning twenty wrecks were visible from the lookout. The gunboat Muscota went ashore, but got off. A large ship, name unknown, went ashore high and dry on the reef, near the lighthouse, but no assistance could be rendered owing to the high sea. Considerable damage was done to the roofs of buildings at Key West. The sea was very high when the Massachusetts left on the 24th, and wrecks were visible along the whole Florida coast, where the storm was very severe.

— The Herald's Washington dispatch says an effort will be made to get a bill through increasing the regular army to 75,000 men; salaries to be reduced—the Lieutenant General to have $5000, Major Generals $4000, Brigadier Generals $3000, Colonels $2500, and so on down to Second Lieutenant, who is to have $1000. An effort will also be made to create the rank of General, Grant to be promoted, Sherman to be Lieutenant General, and Thomas and Sheridan Brevetted Lieutenant Generals.

SOUTHERN RELIGIOUS VIEWS.—Bishop Davis, of the Episcopal Church in South Carolina, has addressed a letter to his clergy and laity on the subject of the proposed reunion of the Northern and Southern branches of that denomination. He maintains that owing to political events the ecclesiastical division was unavoidable, and is in favor of continuing the separation, but is willing to submit to the decision of the General Convention of the Church South, which is to assemble in Mobile during next month.

A Georgia journal says that many of the leading Methodist clergymen of that State, in consequence of their hostility to their Northern brethren, have made overtures to the Episcopalians for a union with them.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, without injuring the color of the skin, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., NOV. 11th, 1864.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to walk, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plaster to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Duruc's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the disease arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredients. Colleges, societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 50 cents per box. Can be sent by mail on receipt of 50 cents for one box, or $1 for four boxes. Address JAS. DUR. NO. 1 P. O. Box 1235, New York City.

SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to yourselves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain in the bowels, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 35 Cents per Bottle.

Local.

☞ In an item of Monday, we mentioned the fact that Robert H. Mathes, a man employed on the Navy Yard, and boarding at a house in Cabot Street, lost quite a sum of money, it having been stolen from a trunk in his room. Suspicion rested upon a man named Charles G. Foster, a young man who, until within a few days has been employed in the boiler makers' department at the Yard, and who took his discharge about the time of the discovery of the fact of the theft. Mathes visited Boston immediately after he found that Foster had decamped, and consulted Detective Dunn who gave him a letter to a detective in Philadelphia, (suspecting the thief had gone to that city,) and in less than twenty-four hours after, Mathes was on his return to this city in company with officer James R. Howley, having Foster in charge. On arriving hither, he was locked up, to await examination before Justice Odell this morning. It is said that he confesses to have stolen a part of the missing funds, and will probably plead guilty.

S. J. COURT.—Case State v Young is still on trial.

There were present on Tuesday several eminent Medical men; among them Drs. Perry and Swett of Exeter, Kittridge of New Market, and Buck of Manchester: who are summoned as experts. The reason why our Portsmouth Physicians are not summoned appears to be founded on the information obtained by the Court that the prevalence of diseases among Portsmouth jurors requires all the time of our local Doctors.

☞ The second Lyceum Entertainment will open with a rich and pleasing programme. Rev. J. C. Fletcher, who has just arrived with Prof. Agassiz's exploring expedition, direct from South America, is to give to the public his travels "2000 miles up the Amazon." Mrs. J. P. Cary, who has so many admirers and has won so much applause in this city, will give one of her charming concerts. Mr. Warren K. Day, of this city, is to preside at the piano-forte, the splendid new Grand from Hallet, Davis & Co. We bespeak a crowded house for the second Lyceum.

☞ We are glad to hear that Mr. Charles Rock, agent of the Rockingham Mills, who was badly injured by the falling of a piece of shafting about a week since, has so far recovered as to be able to again attend to his duties.

POLICE COURT, Oct. 31st.—Wm. Lewis, for assault on Annie M. Lewis, was fined $3 and costs $3.86.

Lizzie Wilson, accused of stealing money from a Mrs. Ham, was bound over in the sum of $700.

☞ Parties from Lawrence, Mass., contemplate building a spacious hotel at Hampton Beach, to be ready for business next season.

PUB. DOC.—We have from Senator Clark the Report of committee on the Conduct of the War, 3 vols.—worthy of preservation.

— Lord Palmerston died in London, Oct. 18. Earl Russell will probably succeed him, Lord Clarendon taking the Foreign Office; but nothing official has transpired.

— The Paris Temps says the deaths from cholera in that city were averaging 200 a day at the latest dates.

— Memphis, Tenn., has nearly recovered from the effects of the war, and resumed its former activity.

GOLD, Tuesday, 146.

— Some counterfeit Treasury notes of large sums have been received at Washington.

— At San Leandro (Cal.) Gazette says that five or six of the heaviest property holders in that district were sued lately for school taxes and escaped judgment because the assessor had failed to put the dollar mark before the valuation.

— At a camp meeting in Tulare, a couple of fellows excused their inability to contribute on the grounds that one had had a "full" beaten and the other "three aces," the night before!

— The Marysville Appeal says: "A party of emigrants, consisting of eight persons, are encamped just above the Pacific House in this city. Every member of the party is deaf and dumb."

— A big rock fell on a Chinaman, in Sierra county, and extinguished him. The Messenger adds: "By this unfortunate circumstance the county loses four dollars a month."

— W. Root, of Stockton, Cal., has invented a grain sowing machine, which sows about fifty acres per day, and works to perfection.

— Important discovery of oil have been made in New South Wales, where bituminous shale, very rich in oil, is said to exist in inexhaustible quantities very near the surface.

— The Hartford Press says: "As evidence of the enormous profits some dealers make on fruits, we have knowledge of one who bought grapes for 5 cents a pound and sold them in the very town in which they were grown for 20 and 40 cents."

— The Vermont Central cattle train, being on the Fitchburg Railroad Tuesday morning at five o'clock, was run into by the Rutland and Burlington cattle train going the same way. Three cars on the former train were demolished, and many cattle and sheep killed, nearly all having their legs broken. Cause, gross carelessness.

— Gov. Fenton of New York has appointed Thanksgiving Dec. 7,—agreeing with the National.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

DEATHS.

In this city, Oct. 29th, Mr. JOHN C. NEWTON, aged 47. The deceased had been for eleven years past, an assistant in the store of Mr. A. A. Payne, where he became known to a very large number of people in this city and vicinity, by whom he is remembered for his gentle spirit and unobtrusive kindness, as well as for his honest integrity and truth. His last illness was only of five hours' duration, tho' his health had been failing previously.

Funeral this (Wednesday) afternoon at 3 o'clk, at the late residence of the deceased, No. 10 Washington Street.

In this city, Oct. 30th, of typhoid fever, Mrs EUNICE V. ACKERMAN, aged 24 years, wife of Frank P. Ackerman.

Funeral from 106 State street, at 11 o'clock on Thursday. Friends and relatives are invited to attend.

In Hampton, Oct. 26th, Mrs. ABIGAIL LAMPREY, aged 91, widow of Daniel Lamprey, a Revolutionary pensioner.

PORTSMOUTH, Oct. 30, 1865

Mr. Editor: I was in the Court Room the other day, and was surprised to see our old friend Samuel Langdon, Esq. At first we didn't know but he was a Counsellor-at-law or a Police Justice—on business. We couldn't tell, but on inquiring we soon found what his business was—he had a case in Court. I am so told—but did not think it of him. As he was called to the stand to tell his story, he said he has not an ear in my in the world, and Joseph says he hasn't, and it must be so. How happens it, Ensign, that the boys twisted off your trees? How is that, Samuel? Why, what boys? Why, Mr. Purington says Charles T. Lang and George Balch. Why is that! So he says: Henry says so, too. What, that five-dollar boy? Yes, that's the boy. Well, Squire, I don't know how you will get out of it, unless you get Joseph to put in for the States and Union, as you I suppose are a large stockholder in that two-dollar a share concern.

Well, Samuel, put the boys off, Pillars, as you said you would, and pay Ivan what you agreed, too. You know, Ensign, he told just what you wanted him to; and now, Mr. Langdon, if you want the pay for your trees, go and set them out.

VINELAND

FARM AND FRUIT LANDS,

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a great fruit country. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c, produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become the *resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Society of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly setting. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Openings for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire a home where a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and condensed Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for planting that we know of this side of the Western Prairies.* n1—dawóm

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, without pass, or protection, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his single and almost miraculous journey of near 600 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the life, incident, and adventure of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, under the Act of 1837.

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents; and opinions given in legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but from its intimate relations, advantageous for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any other agency for obtaining them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

— On the farm of Gen. John Bidwell, at Chico, California, this summer, in thirty-six days and six hours, were thrashed out 40,618 bushels of wheat. This is farming to some purpose.

— Mrs. Phebe Doty of Wayne, Me., who is 108 years of age, is able to read without "specs," "goes a visiting" to the neighbors on foot, knits stockings, talks fluently on most subjects, and reads more or less every day. She was born in Nova Scotia, and moved to Plymouth, Mass., in 1769. Married Cary, of Middleboro', Mass.; after his death she married Mr. Nathaniel Billington, of what is now Wayne. She raised a family of twelve children, six by each husband.

—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when in use, they will allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is the easiest, yet the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs have ever been needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, stating the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. He is arranged with separate apartments, so that patients see none but the Doctor himself.

Address DR. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

The Old Established Hospital.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States who applied to Dr. J. Teller, broken down in health, now rejoice in all that makes life desirable and manhood happy. The reader is of course aware that the delicacy of this subject will not admit of a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Marriage, with hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. Sent, in a sealed envelope, for 25 stamps. Inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. Teller still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

Caution.—Married ladies in certain delicate situations, should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, inclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and was resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy, I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. PORTER, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaints, Dyspepsia, Scrofula, Dropsy, Neuralia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.
DR. E. R. KNIGHT, PROPRIETOR, Melrose, Ms.
☞ Sold by Druggists and Dealers generally.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, the Dr. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPH. ILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Caputes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
In all cases, or No Charges Made.
Among the physicians in Boston, none stands highest in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately prescribed her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

THURSDAY, NOVEMBER 2, 1865.

GROANS FROM THE KENNEL. — The Richmond Whig in discussing the negro question, after asserting that "as a general rule, the late masters of negroes are, and, if permitted, will continue to be the best and truest friends of those who were once their slaves, and many of the negroes feel and admit that such is the fact," proceeds to say that the planters are for the most part, reconciled to the altered condition of affairs, and concludes thus:

"Let Northern radicals hold their tongues and forego all interference with what does not concern them, and let the negroes of the South be remitted to the management of the white men of the South, who thoroughly understand their natures and necessities, and we sincerely believe that both sides will work harmoniously together for the good of both, and for the common interest of the whole country."

This is the same talk for substance, that we have heard these twenty years. "Let northern radicals hold their tongues and forego interference." This sounds something like the crack of the old "soul driver's" whip, which used to be laid on the backs of the northern doe-faces. But the *snapper* is gone from the whip now: its crack is feeble, and its blows hurt nobody. Virginia is changing; the *new* Virginia will be better than the old. But the radicals will *not* hold their tongues, and they *will* interfere.

WASHINGTON ITEMS.—The schedule of wages to be paid at the Washington Navy Yard during the months of November and December varies from $2 to $3.50 per day.

After date the clerks in all the departments will have to be at their desks from nine until four, which is an addition of one hour to their office time.

General Grant has leased the house in Douglas Row, built for John C. Breckinridge, and not the one which belonged to the Illinois Senator.

General Howard telegraphed from Savannah that he will be back in time to make a full report to the President on the condition of the freedmen at the South before the meeting of Congress.

Large quantities of valuable public lands are being taken up under the Homestead law. At the land office at St. Cloud, Minnesota, five thousand eight hundred acres were thus taken up during the month of September—one fourth of it land held at two dollars and a half per acre.

FROM CANADA.—The Toronto National in speaking of the contemplated Fenian invasion, declares that the government is forming an army of 40,000 men, to be stationed along the entire frontier line of Quebec and Toronto, and to garrison all the frontier towns. Depositors are withdrawing their funds from the banks and a panic prevails. The French cadets, who left for Mexico, have turned up on the other side of the lake, where they have unpacked kits and settled down.

The Sanders kidnappers have been committed to jail until the Spring term. The jury were censured and discharged by the Judge for not giving in a conviction after being eight days locked up.

CYCLONE AT KEY WEST.—The hurricane reported as being at Mobile, took place at Key West. The vessel which went ashore on the reef near the light house was struck by the cyclone when within seven miles of Moro Castle, bound into Havana. The inhabitants of Key West say it was the heaviest storm they have had since the hurricane of 1835, when the Sand Key Light House was carried away.

NEW MEXICO ELECTION.—The Republicans have made a clean sweep in the election of delegates to Congress from the Territory of New Mexico. Col. Chavez, their candidate, has 2331 majority, a gain of 1500 over the majority two years ago. He carried eight of the ten counties in the Territory. There is also a large Republican majority in the Territorial Legislature.

WESTERN UNIVERSALIST CONVENTION. In the Universalist Convention at Chicago, on Thursday, Rev. Dr. Ryder asked for $100,000 for the endowment of Lombard University, and $25,000 general denominational purposes. The sum of $33,000 was raised on the spot.

PEAT FOR LOCOMOTIVES.—A trial of peat was made on a locomotive of the Charlotte branch of the New York Central Railroad, last week, with excellent success, a strong and even head of steam being kept up by it.

— A National Convention of tobacconists and cigar manufacturers is to be held at the Cooper Institute on the 22d of November, to take into consideration the Internal Revenue tax on tobacco and cigars.

— The Tribune's Washington dispatch says Cushing's visit to Europe for the government is certainly professional, not diplomatic. So we supposed.—Pierre Soule has been pardoned.

NEW HAMPSHIRE ITEMS.

—— Nathan Eaton of Nashua, a drinking man, committed suicide last Sunday.

THE BAPTISTS IN NEW HAMPSHIRE.—We recently copied a paragraph which stated that it was reported at the recent Baptist Convention in New Hampshire that there to-day three thousand less Baptists in New Hampshire than there were twenty years ago. The following extract from the Secretary's report, which we find in the Christian Era, shows that statement to be in part incorrect. It is as follows:

"The decline of our denomination in New Hampshire is represented as painful to contemplate. We have now only 7718 members, though in 1840 we numbered 9555—a decline of 1837 in twenty-five years. Not so with sister denominations. The Congregationalists in 1840 numbered 16,520; in 1864 they reported 19,863—a gain of 3343. The Methodists in 1840 numbered 9996; this year they reported 12,117; a gain of 2121. Some of our more prominent churches have made considerable advance, while many weak ones have died out, and many others have become feeble."

THE GREAT TROT, of the gelding Capt. McGowan, matched to trot twenty miles within an hour, came off at Riverside Park on Tuesday. The weather was extremely favorable for the match, the temperature being moderate, with a dull sky, threatening rain, which, however, held off until after the race was finished. The track was in the very best condition. The event proved one of the most notable in the history of the American turf—in fact the most decided triumph of its class the record now bears.

On the 20th Oct., 1848, says the Boston Journal, Cornelius Bertine, who weighed 145 pounds, drove Young Trustee, in a 150 pound sulkey, twenty miles on the Union Course, Long Island, in fifty-nine minutes and thirty-five and a half seconds, he having broken at the start on account of the order to be given in an unusually loud tone but never having again tripped up during the feat, which he performed with great ease, doing his last mile eight and one-half seconds within three minutes. The effort did not seem to materially affect him afterward.

Ten years ago, Lady Fulton accomplished a similar feat in fifty-nine minutes and fifty-five seconds. She was a blood mare of very small size, and weighed only seven hundred pounds. She appeared in much apparent distress at many points in the race, and had to be very carefully managed. She frequently broke, and by doing so appeared to get some relief. The general belief was that she would prove unequal to the task, but she pulled through it "by the skin of her teeth."

Between 1848 and 1855 sundry attempts were made to trot the same distance within the hour, all of which failed. Old Trustee lost his match against older Time by about six minutes; an Abdallah gelding, Ajax, required seven minutes and thirty-seven and three-quarters seconds over the hour to make the twenty miles; and Flora Temple was withdrawn on her twelfth mile, having lost a shoe while accomplishing the eighth, and being disabled accordingly.

Never was such a rush before seen at the Park, showing the intense interest felt in the result of the match.

The race was commenced very soon after 3 o'clock. The trot was one of the finest and steadiest, and most surprising in its results, from beginning to end, ever witnessed. The gelding came down fairly and squarely to his work at the start, and his even trotting was interrupted by only one single break, and that a very slight one, between the accomplishment of the sixteenth and seventeenth miles. When McGowan came in victor the shouts and cheers of the multitude were loud and enthusiastic in the extreme. His time was the fastest ever made, and constitutes McGowan the champion horse of the world. He made the twenty miles in 58 minutes, 25 seconds, which shows an average time of two minutes and fifty-five seconds per mile—very close upon three seconds per mile faster than the time made by Young Trustee, which was a fraction over two minutes and fifty-eight and three-quarters seconds per mile.

On arriving at the stable after his unparalleled feat, Capt. McGowan was examined, before he was unharnessed, by several veterinary surgeons, who found that his pulse beat only two seconds faster per minute than it did before the race began, when a careful preliminary examination had taken place. The condition of his lungs was also examined after the trot, and it was decided that many an animal, after a trial of speed of a mile, would have been equally if not much more distressed in breathing than this extraordinary animal was after his twenty miles.

At six o'clock the horse had taken his gruel readily, and with his apparently usual good appetite, and was feeding on his hay—cooling off well—and in all respects as comfortable as he ever has been after an ordinary race.

— A letter has been received from Capt. Hall of the Arctic Expedition, dated Aug 25, in lat. 68.31.

A FEMALE SWINDLER.—The Virginia papers contain an account of a female polygamist who stole her victims' money. The woman is charged with swindling Federal officers, and it is said she has been married to four different military officers within the last three months. The first she married near Gillipulis; he was a young man who had just been mustered out of service, and had between $1000 and $1200 in greenbacks. About a week after they were married, the young wife alleged to have received a letter from her parents requesting her to come home. She pretended to leave for home, but before her departure she managed to secure the greater portion of her husband's money.

She was soon in company with another officer; a hasty marriage, a hasty robbery, and a hasty flight ensued. A third officer was soon duped, and a week or two since another officer fell a victim to her caresses and attentions. Soon after the fourth marriage she left her husband and went to Parkersburg, where she was overtaken and arrested. It is said the woman has succeeded in stealing over $3,000. She is young, not more than 22 years of age, and rather prepossessing in appearance.

WHITE LABOR IN RICHMOND.—The Richmond papers state that "a number of Germans, Swedes and Danes—men, women and children—are now at Rocketts, and another batch is expected to-morrow. The price fixed for their services, as farm hands or laborers, is $150 a year, food and lodging, for men between twenty and fifty years old; women $100. The Danes are small, but look muscular, and will no doubt make much better workmen than negroes, under the free-labor system. The agent says the demand for such labor is now greater than he can supply, and a large immigration of these people to Virginia may be expected before winter, if proper inducements are held out to them when they arrive in New York." How stubborn a thing is prejudice, and yet how short-sighted. Such white emigration to Virginia has hitherto been discouraged. Now, the terms offered are a *bid* for labor, and if they are high enough to be accepted, will surely help to raise the price of freedmen's labor as well as others.

— The J. Monroe Taylor Gold Medal Soap is one of those articles that should be in every household, and the lady who neglects to furnish herself or domestics with it, loses a boon which it will be impossible to find a substitute for. It takes less in quantity, and washes as no other soap can do. It makes rough hands smooth, and softens and whitens the skin, as well as making clothes look so white. Try it. 4

THE AMERICAN HOYLE.—This is the title of a useful and handsome book intended by the publishers, Messrs. Dick & Fitzgerald, New York, to do for this age and the public of America what old Hoyle did for his age and the people of England so many years ago. By the publication of his work, Hoyle became the established authority touching games of cards, dice, dominoes, etc., with all the countless thousands in many parts of the world who speak our language, and seek recreation and relaxation from work and the cares of business and of life by these means. But many of the rules laid down by Hoyle had become obsolete, and had been superseded by modern reforms and improvements in this country. As a general rule these were only thoroughly known by those who make the playing of cards, etc., more or less of a constant occupation. Those who, meeting casually, form a game of whist, cribbage, euchre, etc., seldom knew the rules now in use thoroughly, and hence arose disputes and complications which there was no immediate means to settle.

We have read "The American Hoyle" with care, and can strongly recommend it as a very useful book to those who engage in games of cards, dominoes, backgammon, and the like.

SOUTHERN CONGRESSMEN.— The Washington correspondent of the Philadelphia Ledger says the President favors the immediate admission of Southern members of Congress who exhibit the proper credentials. We suppose there is nothing too absurd for some correspondents to say, or for some gulls to believe. But, what are proper credentials? and what are proper qualifications for members?—are questions for each House of Congress to settle,—and not for the President. And we do not suppose the President gives out his views to the Ledger correspondent,—but rather keeps his own counsel.

☞ On the Steamer St. John, at the time of the explosion and scalding, there was a soldier yet worn and emaciated with the cruelties of Andersonville, who had just been united to his affianced bride and was taking a wedding tour, when death met them both in this terrible form. A young business man of New York, just out of his majority, with high hopes and brilliant prospects, was torn from the arms of his intended as they were taking a pleasant autumn excursion to the city. And so, to thirteen in all, came this violent death, in each case sundering the tenderest ties.

SOUTH CAROLINA.—Returns from all the districts give Orr for Governor about 500 majority over Wade Hampton.

Gov. Perry was elected U. S. Senator for the long term.

☞ A dispatch from Utica, N. Y., says a family named Loomis, who have been for many years notorious in that county, but managed to escape legal punishment, on Monday night were mobbed at their house near Waterville. Their dwelling was surrounded in the night by a large crowd of people, supposed to be a vigilance committee composed of the citizens of Marshall and Sangerfield. They burned the buildings on the place, with the exception of their dwelling house. All the property in their barns, including eight horses, was burned. One of the family, said to be Washington Loomis, was killed outright, and his brother, Grove Loomis, mortally wounded. Another account says that neither was killed, but they were terribly beaten, their skulls being fractured in several places, and that both were alive Tuesday afternoon, but with no hope of their recovery. No arrests have been made. There is much excitement in Utica and throughout the county.

JAMAICA. — The New York Express says "Havana advices confirm the accounts of a mutiny at Jamaica. Many revolting murders have been committed. A white magistrate has been killed, his fingers and toes were cut off and his bowels ripped open by negro women. The greatest alarm prevailed among the whites, and the mutiny was spreading." Some day between this and Christmas, we may get something about the matter, direct from Jamaica, that will be reliable.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctancy, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,
I. HAHN.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the disclosed spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & Co.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

Mrs. WINSLOW

An experienced Nurse and Female Physician, presents to the attention of Mothers her

SOOTHING SYRUP For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *what we do know*," after 30 years experience; *and pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Oct. 31.—Wm. Russell, for assault on Annie M. Lewis, was fined $3, and costs $3.86.

— At a German Catholic Church in Philadelphia last Sunday, somebody raised the cry of "fire!" There was a very large crowd, mostly females, in attendance, and a wild scene of confusion ensued. There was a general rush to the doors, although the clergyman and others endeavored to allay the excitement by explaining that there was no cause for alarm. Owing to the steep steps to the entrance, the confusion at the outside caused a number of persons to be thrown down, and one man had his leg broken. Quite a number of persons were more or less bruised by falls.

— The steamer John Rice, from New Orleans 19th inst., reports having experienced a hurricane on the 22d. On the 54th was at Fort Jefferson and found that the hurricane had blown down a large brick building, killing the post Quartermaster General and injuring several others. The buildings inside the fort were unroofed.

— It is reported that Gen. Saxton has ordered the restoring of a large number of plantations in South Carolina to their former owners, but in many instances they have been stripped of everything necessary for their successful working, as well as of residences and outbuildings, and some of them will of necessity remain idle.

— Col. Dahlgren's funeral took place at Washington Tuesday, with appropriate ceremonies. It will be remembered that the rebels heaped great indignities on his body and his name, for which they have as yet expressed no contrition,—but they are suffering a well-deserved retribution, while his name and remains are honored.

GOLD, Wednesday, 165 3-4.

ROBBERY.—The Boston Post contains an account of the robbery of Mr. Gowen Wilson of Kittery, who was in Boston on business. It appears that while passing down Brattle street Saturday evening about 11 o'clock, he was attacked by a party of four young men, who attempted to choke him after the garote style. They bent him backwards, applied a gag to his mouth and then rifled his pockets of $25. About this time the robbery had attracted attention, and the robbers were pursued. Three were arrested and one escaped. On being taken to Station 2, they gave their names as John Davis, James Brown and Samuel Cowen.—They were identified by a colored man, who was a pursuer and a witness. Mr. Wilson was on his way to Wilde's Hotel, Elm street, at the time. He had about $600 in another pocket, which the robbers did not obtain. The $25 stolen was probably thrown away, as it was not found on those arrested.

THE STORM AT THE SOUTH.—Key West correspondence estimates that $150,000 worth of property was destroyed there by the gale. Four wharves were entirely destroyed, and sunken schooners are crowded thickly together. The government schooner Tortugas is sunk. The streets are filled with limbs of trees, roofing and other debris. Buildings were also blown down on the Dry Tortugas.

☞ The Gloucester Telegraph says that on Sunday last, while two gentlemen of that place were walking in the vicinity of Stage Fort, they discovered a bone slightly exposed in the bank. On taking a stake and picking away the earth, they soon exhumed a large human skeleton, complete, the skull especially being perfect, with two rows of sound teeth in the jaws. It was found only about fifteen inches below the surface, and how it came there remains a matter of mystery.

— It being a serious question whether the present price of poultry will warrant two thanksgivings, the President is requested by a Connecticut contemporary to change the day fixed by by his proclamation to Nov. 30, that which the New England Governors had already assigned.

—A well-known Northern theatrical manager lately organized a dramatic company to perform in the theatre at Lynchburg, Va. After a few representations, the hostility of the inhabitants to anything coming from the North was so apparent that the company had to dissolve.

— On Wednesday morning early, at Biddeford, Me., the oil cloth factory of A. Folsom & Son was burned. Loss $80,000; insured $12,000, $5000 of which is in Hartford. Supposed to have been the work of an incendiary.

— The World's Washington dispatch says official advices at the State department from the American Consul at Beyrout state that the cholera had almost ceased to exist there, but was raging at Damascus and Aleppo.

— The lumbermen of Maine are rejoiced by the fact that the snow is already fifteen inches deep in the Aroostook woods.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly *settling.* Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Machine Stores and the like; and Steam Power, with room, to let.

For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agriculture Editor of The Tribune: *It is one of the most extensive fertile tracts, is an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawôm

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

(ISSUED IN ENGLISH AND GERMAN.)

This work contains the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the south in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons, his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

LEISURE.

BY JEAN INGELOW.

Grand is the leisure of the earth;
She gives her happy myriads birth,
And after harvest fears no dearth.
But goes to sleep in snow-wreaths dim.
Dread is the leisure up above,
The while He sits, whose name is love,
And waits, as Noah did, the dove,
To wit if she would fly to him.

He waits for us, while, houseless things,
We beat about with bruised wings,
On the dark floods and water springs,
The ruined world, the desolate sea,
With open windows from the prime,
All night, all day, He waits sublime,
Until the fullness of the time
Decreed from His eternity.

Where is our leisure? Give us rest!
Where is the quiet we possessed?
We must have had it once—were blest
With peace, whose plasms yet entice.
Sorely the mother of mankind
Longed for the gardens left behind;
For we still prove some yearnings blind,
Inherited from Paradise.

—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppression of catamenia, also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1865. 7thSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases, also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate to seek quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. Teller's great work on Manhood, sent free to all contemplating marriage—300 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid, on receipt of price, in any part of the United States. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for the whole work. Sent, in special or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases treated of in his books treat.

TO THE LADIES.

Dr. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 30,000 boxes establishes their reputation as a female remedy, unsuspected, and far in advance of every other medicine for obstructions, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 9 A. M. to 8 P. M., and on Sundays from 9 to 6 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

THE MAGEE
COOKING STOVE.

The subscriber would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We invite all those in want of the very best Stove in the market, to examine the
MAGEE COOK.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

The Chronicle.

THE LABOR QUESTION.—It might help to discover the reason why it is hard to get workmen were it known what legions upon legions are seeking to obtain livelihoods and enjoy leisure at the same time. Hosts are constitutionally indisposed to earn money, as is proved by the crowds of applicants for office. Quite a large portion of the population employ themselves either in keeping or trying to get into posts where salaries are good and little or nothing to be done. In this country of immense resources there is already an immense loafer class. Were it not for the immigrants and the persons of African descent, whom some wish to get rid of, it would be hard to say where the people are to come from who are to be the producers in the land. The consumers would soon eat out its granaries of all kinds and inaugurate an all pervading famine and lazy inefficiency. Curse or blessing, the condition that man must get his bread by the sweat of his brow, the toil of his brains or hands, is not repealed yet or likely to be soon.—*Transcript.*

THE TENNESSEE RAILROADS.—Gov. Brownlow, in a message to the Tennessee Legislature, says it will be impossible for the railroad companies in Tennessee to pay the interest on the indorsed bonds of the State, and unless the State interposes they will have to be sold, and the stockholders will lose all they expended in building them. He therefore recommends that the State issue three or four millions more of bonds to help the roads out of their difficulties.

— Says Menicus, "If I am treated rudely, let me examine into the cause, and if I cannot discover any sort of impropriety in my own conduct, I may disregard the rudeness, and consider him who displays it as little better than a brute, and why should the conduct of a brute disturb me?"

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens—Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says:—"Dr Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. TOWNAN, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 89 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralgia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for the last three years, she was finally induced to seek the advice of a learned Physician, Doctor Cubialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT.—She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, NOVEMBER 3, 1865.

WASHINGTON ITEMS.—Perley writes on Wednesday:

Henry Ward Beecher, who was closeted with Mr. Johnson an hour yesterday and again this morning, publicly expresses his opinion that "the President is right." Other Northern gentlemen of radical opinions now here say that matters look better than they had expected, and they are hopeful.

[We have seen no time recently, when we were not "hopeful." The President should not be, nor seem to be, a partisan,—but the President of the United States. Therefore he must be courteous toward ex-rebels, and even to ex-copperheads. But he also must be true to his convictions expressed before his election, and to the *loyal men* who elected him: and we trust he will be.]

Gen. Grant publishes a statement showing that the reorganization in Arkansas has progressed quietly and is a success. The Constitutional anti-slavery amendment has been ratified, and the rebellion debt has been repudiated.

[This certainly looks well.]

The court martial composed of Admirals and Commodores, with Farragut as President, commenced to-day. The first trial will be that of Lieut. Col. Ward Marston, of the Marine Corps, who will plead guilty to a charge of appropriating the bounties of recruits placed in his hands. He entered the service from Massachusetts forty-five years ago.

The N. Y. Herald's dispatch says the Secretary of the Navy has issued orders to the commanders of Navy Yards to put all the iron-clad vessels within their jurisdiction in order to be ready for sea-service at the most practicable moment.

The Committee of the American Missionary Association visited the President, making suggestions regarding the temporary care of Freedmen and protecting their rights.

The case of Capt. Pettit, the Alexandria jailor, charged with cruelties to prisoners, will come up before a military commission. Pettit was a Veteran Reserve captain, and was arrested by order of the Secretary of War for inhumanities toward citizens of Alexandria as well as Union soldiers.

☞ Many will recollect the language of Jeff. Davis in his proclamation of Dec. 28 1863, when Ben. Butler was to be driven from the face of the earth. As Mr. Davis is confined, and held at the mercy of the friends of Gen. Butler, perhaps it might be well to have the following proclamation read to Jeff.:

"Now, therefore, I, Jefferson Davis, President of the Confederate States of America, and in their name, do announce and declare the said Benjamin F. Butler to be a felon deserving of capital punishment. I do order that he shall no longer be considered and treated simply as a public enemy of the Confederate States of America, but as an *outlaw* and common enemy of mankind, and that in the event of his capture, the officer in command of the capturing force do cause him to be *immediately* executed by hanging."

This makes it fit and proper to have Jeff. tried by a Military Commission, of which Gen. Butler should be the head; and the members should be carefully selected from the officers and soldiers who suffered everything but death in rebel prisons.

JAMAICA.—The Diario of Santiago de Cuba of the 19th ult. gives the following particulars in regard to the insurrection broken out in Jamaica: The revolt commenced in St. Thomas district, which is now under martial law. The insurgents are led by a man named Paul Bogle, for whose capture the Government has offered a reward of $2000. The steamer Ardent was promptly dispatched to Barbadoes in order to transport troops to Jamaica. The Spanish war steamer Santa Lucia and Andalusia left Santiago de Cuba for Jamaica on the night of the 19th.

☞ In Washington, the famous Senatorial drinking saloon known as the "Hole-in-the-Wall," one of the old landmarks of the Capitol for thirty years, has been completely demolished by the improvements which are being made in the Congressional Library. It was in the form of an octagon, about ten feet in diameter, and was accessible in the rear of the old Senate post office. Over the door there was a sign which read "Exclusively for Senators." Within a loyal American of African descent dispensed Senatorial inspiration for twenty years.—If its walls could speak many an interesting tale would be told of public men.

☞ Grace Church, (formerly Episcopal) in Boston, has been purchased by Methodists, and opened as a *Free Church*, which may seem to some persons an *innovation*; but it is not, it is an attempted return to first principles. The early Methodist meeting houses were on the free seat plan;—and the pewed houses, with owners to each pew, were departures from that plan, in conformity with New England Congregational usage and habit.

NEW HAMPSHIRE ITEMS.

— The Independent Democrat, which was reduced in size Jan. 1, 1865, is to be restored to its former size.

— A dispatch at Concord reports the death, at Baltimore, of Lt. Col. John D. Cooper, of the 2d N. H. V.

— The Concord Statesman says: "Butter is occasionally purchased in New Hampshire, sent to Boston, repurchased by New Hampshire traders, taken to this State and sold to families. We hear of an instance where a quantity was actually sold in the town in which it was manufactured, after having made a journey to 'The Hub' and back."

☞ Near the Fox Islands and in the Sea of Okotsk vast codfish banks have been discovered which will supply the whole Pacific coast. Eastern codfish are more or less tainted before they reach San Francisco, by their passage through the tropics, but the new banks are said to furnish a supply equal in quality if not superior to those caught at Newfoundland. In September sharks in great numbers invaded the Bay of San Francisco, destroying and driving away all the smaller and more delicate kinds of fish. Parties often have caught ten or a dozen of the monsters in a day. Some of them measure from eight to ten feet in length, and weigh four hundred or six hundred pounds.

OFFICIAL.—The following has been addressed to Wm. Marvin, Provisional Governor of Florida, at Tallahassee.

"Your letter of Oct. 17 was received and submitted to the President. He is gratified with the favorable progress toward reorganization in Florida, and directs me to say he regards the ratification by the Legislature of the Congressional *amendment* of the Constitution of the United States as *indispensable* to the successful restoration of true loyal relations between Florida and other States, and equally indispensable to the return of peace and harmony throughout the Republic. WILLIAM H. SEWARD.

This looks as if the President was right, and Mr. Seward too.

— The Oregon Statesman estimates the overland emigration to that State this year at 10,000, nearly all of whom will settle in the Willamette Valley.

— The Boston Journal understands that a well known firm on Harrison Avenue, dealers in coal, suspended payment Wednesday. Liabilities $50,000.

— The journeymen shipwrights of Baltimore, determined to mark out a path for themselves, have established an independent shipyard, and are already taking contracts.

— There are ninety-six lakes or lakelets laid down on the map of Berkshire county, Mass., varying from twenty acres to one thousand, besides a dozen or so reservoirs of lake size for manufacturing purposes.

— Benjamin T. Gilbert of Mattapoisett, late second mate of the ship Hillman, burned by the pirate Shenandoah, died suddenly in New Bedford on Tuesday, of heart disease.

— The Governor of Dakotah writes to the Commissioner of Indian Affairs that there is no doubt of the desire of all the Indians in that Territory for peace. The season, however, is too late for making treaties.

— The Richmond Times says of waterfalls, "We have watched these phenomena carefully, and they have been growing larger every Sunday, and the tails of the horses of the young ladies' papas are growing smaller."

— The New York Commissioners of Health have resolved to establish a quarantine against the cholera, and the Commercial Advertiser suggests that they keep the east wind out of New York by opening the draw of Harlem Bridge, as an equally sensible proceeding. Quarantine never stopped the progress of cholera.

— Lieut. Commander Kirkland of the U. S. steamer Washington has forwarded accounts of a destructive cyclone which swept over the island of Maria Galante, 12 miles southeast of Point au Pitre. 50 were killed and 250 wounded by falling houses and trees.

— The cotton manufacturing companies of Newburyport have voted to advance the wages of their operatives ten per cent., and will make the same take effect from the first of October. This is done of their own free will, without petition or action on the part of the operatives.

— A son, 6 years old, of John G. Russell, of Leeds, Mass., was accidentally killed, on Saturday, by an older brother. The two boys were out hunting, and the elder was in the act of shooting a squirrel, when the little brother ran before the gun, receiving the whole charge in his breast, killing him instantly.

APPLES.—An editor in Western New York thinks the markets will be better supplied with apples this year than is commonly believed, as the high prices have induced farmers to send forward a larger proportion of the crop than usual.

Local.

For the Chronicle.

☞ Having business at the foot of Daniel street on Thursday, we stepped on the Navy Yard Landing to inquire if the half-past three o'clock boat had arrived, and were informed that she was just then racing with Pumpkin Island, and on viewing her from the wharf it appeared to us that the Island was slowly gaining on the steamer, and would probably get the best of her. It is stated on good authority that the Fenians contemplate purchasing this steamer Fox for use as a blockade runner on the Irish coast. She will need little repairing, however, prior to such service. JUNIPER.

Communication.

Messrs. Editors:—We noticed in the Chronicle of Wednesday an advertisement signed "Maple Tree," which appears to reflect severely on Samuel Langdon, Esq., whose premises were visited a few months since by some wanton individuals, and a number of young and thrifty trees broken down and otherwise damaged. The scrap alluded to is an ignorantly-written paragraph, and is of itself an insignificant matter; yet it seems to us that it is quite enough for a man to suffer the loss of his trees, and to be exposed to the depredations of malicious enemies; and adding to that his failure to convict the supposed parties and the consequent risk of a repetition of the same offence, besides having the whole affair sneeringly alluded to in the public print, ostensibly by those who appear, at least, to *countenance* such conduct as that of damaging the property of another, it looks very like "rubbing it in."

We have no *personal* interest in Mr. Langdon's case, (being an entirely disinterested party) but simply wish to call the public attention to the matter, that such deeds and such inuendos may be discountenanced by the community in which the culprits reside. FAIR PLAY.

☞ In reply to inquiries, we will state that the new Mechanics Association's Reading Room and Exchange, *is* open to subscription's from the public—and we will add, that we don't see how any man can better invest the $3 which, only, is charged per year.

☞ Pope Night is coming—if we may judge from the hideous tooting which the boys are allowed to keep up in our streets, day and night—to the disgrace of their parents and the reproach of the police. What's all the blowing about, boys?

☞ The Programme of the Concert at the next Lyceum may be found in to-day's paper.

☞ The late gale produced many marine disasters on Lake Erie, and much loss of property,—but we see no loss of life.

☞ We have received No. 1 of the Practical Entomologist, a Monthly Bulletin, published by the *Entomological Society of Philadelphia*, for gratuitous distribution among Farmers and Agriculturists.

— "Why, Mrs. B. how do you manage to have such nice light Bread and Biscuits?" "Because I use Herrick Allen's Gold Medal Saleratus. I never used any half as good. I like it much better to use with cream tartar than I do soda. I shall never use any other. If you will try one paper, Mrs. W., you will say the same. It has almost cured my dyspepsia." Most all the Grocers keep it.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the fair skin than on a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

DR. TEBBETTS'

Physiological Hair Regenerator.

The Most Wonderful Discovery of the Age.

WILL POSITIVELY RESTORE GRAY HAIR TO ITS ORIGINAL COLOR, whether black, brown, or auburn; and being a delightful dressing, it imparts to it a beautiful glossy and healthy appearance. It will also promote a growth of new hair on bald heads, where the glands or roots of the hair are not disorganized; and effectually remove all dandruff, itching and humors from the scalp. ☞ It is warranted to produce the above results, or money refunded.

PRICE—$1 per Bottle.

CLOCK'S

Excelsior Hair Restorer

is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown. It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; cause hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

SOOTHING SYRUP

For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammations, will allay ALL PAIN and spasmodic action, and is

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and its unsullied virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 25 Cents per Bottle.

Local.

☞ The County Commissioners paid their annual official visit to our Portsmouth City Farm, on Wednesday—and report to us a very pleasant call, courteous reception, nice collation, &c. Also, that they found everything in the best of order, both in the house and on the farm. All which nobody will doubt, who has visited and examined the farm since Mr. and Mrs. Norton had charge of it—for a matron there is as necessary as a master—and both we consider as eminently qualified for the responsible position.

☞ A big stick of timber, unhewn, say four feet through and forty odd feet long attracted considerable attention, on Market Square, yesterday. It was mounted on a couple of pair of wheels, and drawn by three yoke of oxen—and six such poor, miserable, knock-kneed, foot-sore cattle, we never before saw hitched up together. The timber came last from Martin's mast yard, at the North End of this city, and was bound for Newburyport—if that team could ever "drag their slow length along" so far, to make a bowsprit for Mr. John Currier's new ship. They tried to send it per railroad, but the monster broke down one or two axles, and they gave it up and sent for *those* oxen, whose visit was no credit to our city, nor is their permission to "ould Newbury."

POLICE COURT, Nov. 2.—Wm. Killilea, assault on John Rose, fined $2 and costs, $5.45.

John Muchmore and Charles F. Sheenard, brawl and tumult, $3 each and one half the costs $2.90.

Six young lads, whose names we withhold, hoping that they never will again be caught in a like misdemeanor, for making a brawl and tumult, fined each $2 and ninety-nine cents costs.

NAVAL.—George F. Riley, Assistant Engineer at this Navy Yard, has tendered his resignation to engage in business in New York city. He is a tip-top fellow, wherever he may go, and we trust he may find a short and easy road to fortune.

Lieut. I. H. Washburne is in town on a short furlough, from the receiving ship Vermont, Brooklyn Navy Yard.

THE COAL TRADE—The Philadelphia Ledger says the anthracite coal trade is less active. The scarcity of vessels and the accumulation of coal at Port Richmond has affected prices to some extent, and coal can be purchased at from 50 to 75 cents a ton less, except a few choice kinds specially prepared for retailing.

VERMONT NEWS.—Mary Jane Hoyt poisoned herself fatally with morphine at Northfield, on the 26th ult. Unrequited affection was the cause.

Col. W. T. Nichols and his brother, H. J. Nichols, of Rutland, were passengers on the steamer Republic, wrecked off the coast of Georgia, and have not been heard from.

GOLD, Thursday, 146 3-8.

— Robberies, public and private, are reported in Alabama.

— St. Paul's Church in Savannah was burnt on the 26th ult.

— Gov. Cony of Maine has changed the day of Thanksgiving in that State to that selected by the President, viz: December 7.

— One hundred and fifteen bales of cotton were burnt on the cars of the Alabama and Florida Railroad at Montgomery recently.

— The Lake of Texuco, immediately adjoining the city of Mexico, was, on the 5th of October, within one inch of the level of the city. If the rains had continued a few hours longer great destruction of property would have resulted.

— Steamer Wabash, from Philadelphia for New Orleans, put into Savannah in distress, having lost smoke stack and sails. Two men were lost overboard, viz: George Conrad, seaman, and John McCarthy, formerly a steam tug captain in Philadelphia.

— Steamer Raleigh arrived at Savannah on the 26th ult. from New York. She took fire on the passage, but it was extinguished readily. Her fires were also extinguished by the heavy seas, and the utmost consternation prevailed among the passengers for a time, but the skill of the officers brought her through safely.

— A girl in Schuylkill, Pa., put her head through an open window, when the sash fell upon his neck and choked her to death.

— Mrs. Lucinda Hall, of Springfield, Mass., died while at the breakfast table, Sunday morning. She was the last of a family of eight children, seven of whom died suddenly in their chairs, the eigth being found dead in bed.

— Alfred Lee, a well known and respectable mulatto man, long engaged in Washington as a feed dealer, and whose fortune is considerable, is said to have purchased the elegant mansion on H street, lately occupied by the British minister.

— Asa Fitch, the well-known manufacturer and millionaire of Fitchville, Conn., died on Monday night of pneumonia, after a brief illness.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

DEATHS.

In this city, Nov. 1st, Mr. JAMES W. BOWLES, aged 38 years.

☞ Funeral on Saturday morning, at half-past 10 o'clock, from his late residence on Middle St.

Hoping my friends will call and purchase freely, (as the price will be no obstacle) and thereby assist me in reducing my Stock, so as to be better able to sell the remainder on the 1st of January next to a good man, who will deal justly and serve his customers faithfully.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

VINELAND

FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruitgrowers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots at upward of $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Machine Shops, Foundries, Factories, and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a healthful climate, and a home in a country peacefully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawGM

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret service of the Tribune; at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons, his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

A LITTLE WHILE.

Only a little while, darling,
Only a day or year,
The golden hours are slipping past,
The web is the end is traveling fast,
The twilight is drawing near.

Only a little time at best;
But a little time at rest;
The fairy hours with winged feet,
How swift, and solemn, and strangely sweet,
As they near the home above.

I dreamed of angels yester night,
And this was the song I heard:
"Life is too fleet on its arrowy wing,
Love is too sacred and holy a thing,
For ever an angry word."

'Tis but a little while, darling,
May be but a day or year;
The loving and tender, the real and true,
Are falling from sight and slipping from view,
And the night-fall is getting near.

CHEESEDOM.—The Toronto Globe claims that Canada beats the world in her cheese. A Canada cheese maker sent to the New York State Fair a cheese weighing over 4000 lbs The cheese was carefully examined and found to be up to the mark in quality. The cheese is to be sent to England. Canadian farmers have taken up the manufacture of cheese extensively, and have cheese factories on a large scale.

— Geo Walker formerly a slave, died in Williamsburg, Va., in 1857, leaving property, and Joanna Sanders, a niece of the deceased, and who was also a slave, is now seeking through the law to recover this property. The court has directed the jury to return a verdict in her favor, subject to the decision of the full bench at general term, after argument.

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so much easier, that one can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 51 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secresy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1865. ThSly
DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never failed, he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the services of an experienced and skillful and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

PRACTICE AND PRECEPT.—Said a clergyman to his son one day, "What thou hast to do, do it with all thy might."

"So I did this morning," replied Bill, with an enthusiastic gleam in his eye.

"Ah! what was it, my darling?" and the father's hand ran throug his offspring's curls.

"Why, I thrashed Jack Edwards till he yelled like mad."

Papa looked unhappy, while he proceeded to explain that the precept did not imply a case like that, and concluded mildly with, "You should not have done that, my child."

"Then he'd have thrashed me," retorted Bill.

"Better," expostulated his sire, "to have fled from the wrath to come.'"

"Yes," urged Bill, as a final clincher, "but Jack can run twice as fast as I can."

The good man sighed, went to his study, took up a pen, and endeavored to compose himself and and a sermon reconciling practice and precept.

SILK WORM EGGS.—An arrival at San Francisco from Japan, brings 320 packages silk worm eggs, for shipment to New York and thence to France. They are valued at $80,000. They are shipped by this circuitous route to avoid the tropics.

COOLIES.—A bark has arrived at San Francisco from China with a cargo of 250 Coolies, including over 40 women. They are bound to labor five years for $4 per month, clothing themselves. Their other necessaries are to be provided for by their masters, who are also to take care of them in case of sickness. The cost of procuring Coolies on these terms is $80 each.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy, I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled. I prescribed yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says:—"Dr. Larookah's Pulmonic Syrup I would cordially recommend to all suffering citizens of Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. FOURNI, *of Newfield, Me.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Caballis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by the timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

SATURDAY, NOVEMBER 4, 1865.

ORGANIZATION OF THE HOUSE.—Mr. McPherson, Clerk of the last House of Representatives, who makes up the roll for the next House, has written a letter in which, referring to an act of Congress, he construes his duty to be to place no name of Representatives from late rebel States upon the roll, for the following reasons:

"First—That no law of the United States authorizes the election of Representatives in any of the insurrectionary States.

Second—That no law of any of the States authorizes an election held at the call of a Provisional Governor, and from which large numbers of legally recognized voters (the unsworn rebels) are excluded.

How, then, (he asks) can any names be placed on the roll as from these States? And he adds that there can be no legal government in any of the insurrectionary States, until Congress recognizes it; and without legal government there can be no legal Representatives.

These extracts make a happy disposal of the lie about this matter, which has been floating about in those papers that worship "the stump of Dagon."

WASHINGTON ITEMS.—The agent of the Associated Press says the recent statement of the law governing the Clerk of the House of Representatives in making up the roll for organization of the next House has been incorrectly attributed to the Clerk himself. There are sufficient reasons, however, for believing it exactly states the views of law upon which the Clerk will act. It may be considered settled that in the organization of the House no members elect from the late rebel States will participate. After the organization their cases will come up on the presentation of credentials, and will doubtless be referred in due course to the Committee on Elections. Mr. McPherson himself, however, has published nothing on the subject.

Provisional Governor Parsons of Alabama has had another interview with the President. One object of his visit is said to be the abolishment of the Freedmen's Bureau, on the ground that it has caused much trouble in the Southern States. The remedy, however, is with Congress, the Bureau having been created in pursuance of law.

It is said that $1,020,000,000 has been paid to the army alone since the beginning of the war.

☞ The U. S. Consul at Manchester, England, writing to the State Department under date of Oct. 17, reports that up to that time there had been no abatement of the plague among cattle, which was mainly confined to horned cattle, but it had in a few instances broken out with great violence in flocks of sheep. As there is danger that the disease may be transmitted to America, he suggests that importation of foreign stock be for the present prohibited. By the importation of hides from Russia the disease is by many supposed to have been introduced into England.

☞ The is often great complaint on the part of the Copperheads that their opponents have a bad habit of charging them with disloyalty, incapacity or dishonesty. They instance the cases of Gen. McClellan, Gov. Seymour and Gen. Slocum. Perhaps the only excuse that can be given is that if true the charges ought to defeat the candidates, and they are so'dom made unless they are well founded.—*Exchange.*

[There is an old fable about the Dog that was found in bad company.—A U. S. officer among the copperheads is surely in that category.]

— The style some years ago was for men to wear cloth caps, often the work of their families. It would be well to have it so now.

— The Union and Journal, published at Biddeford, Me., has been enlarged and improved. It is printed neatly and correctly, and ably edited.

— An agent of the Government, just returned from Canada, reports that John C. Breckinridge is quietly residing at St. Catherine, and that he avoids Tucker, Sanders & Company.

— There is no need of an affidavit to sustain the following observation of the Catholic Freeman's Journal as to the state of its own party, viz: "The Democracy are disorganized; they have neither the spirit nor the organization of the old party."

— Dr. Moriarty, the Catholic Bishop of Philadelphia, has lately lectured in New York, advocating the independence of Ireland, and its annexation to the United States! No interference with politics, has been a great yelp at ministers who dared to be men and citizens.

— Perley says President Johnson has been engaged on his message, in which he will argue at length his views on negro suffrage and other questions.—There are rumors of a general amnesty for those reconstructed States which adopt the Constitutional Emancipation Amendment and repudiate their State war debt.

NEW HAMPSHIRE ITEMS.

—— At Manchester, Henry T. Jeffs is put under $700 bonds to answer to a charge of robbery; Ann Duprey paid $37.80 for stealing yarn from the Mills; and Annie Sleeper $33 for a similar offence.

—— The unknown man found dead on the intervale at Concord, proves to be Charles Crawford of Montreal, farmer and produce dealer, aged 22, unmarried, and "inclined to intemperate habits occasionally."—His brother has taken the remains to Canada.

—— Maj. Gen. Terry, commanding the Department of Virginia, has approved the proceedings of a Court Martial, of which Lieut. Col. True of Maine was President, by which 2d Lieut. Wm. Williams, of the 2d N. H. Vols., was dismissed the service for conduct unbecoming an officer and a gentleman.

MAINE ITEMS.—Wednesday morning, Mr. Edwards, baggage master on the Grand Trunk Railroad at Yarmouth Junction, was found dead, hanging suspended by his arm over a railroad bridge near Yarmouth. It is thought that he had fallen under a train, as his ears were cut off and his head badly bruised.

A Portland paper wonders what reason exists why milk should be sold now for ten cents per quart when last year it was sold for eight cents, and hay and corn were then nearly double the present price, and gold much higher than now.

[Milk is sold in Portsmouth for 8 cts.]

There is a gold excitement in Leeds. The story goes that ores supposed to be gold were found in the crop of a duck, and that on digging in a gulch which the duck had frequented, specimens of similar ore had been found. The ores were sent to Prof. Hayes of Boston, and pronounced to be gold.

NEW YORK ITEMS.—Brown and Howard, the mates of the Villafranca, charged with assaulting and beating four seamen, were sentenced to one year in the Penitentiary, and to pay a fine of $50 each.

A suit was commenced by Messrs. Ketchum & Co. against Charles Graham, to recover a loan of $100,000. Defendant admits the loan, but claims that he deposited checks for gold amounting to $80,000, which were misappropriated.

Three prominent engineers, who examined the boiler of the steamer St. John, unknown to each other, declare the accident was caused by insufficient staying.

☞ In the New York Chamber of Commerce, Wednesday, resolutions were adopted approving the statements expressed by the Secretary of the Treasury in his speech at Fort Wayne, as well as his recent action in refunding $50,000,000 of legal tender notes, thus giving the assurance of his determination to exert his influence and authority in favor of an early return to specie payments; also expressing enthusiastically the conviction of the necessity of prompt but cautious movements in the direction of a curtailment of the currency, and therefore enter in advance an emphatic protest against every appeal that may be made to Congress at the approaching session to increase the issue of the National bank currency beyond the $500,000,000 authorized, or the issue of a single dollar more of paper money in any form.

MARYLAND.—The Court of Appeals of the State of Maryland has sustained the constitutionality of the registry law of the State, and also the consistency of the provisions in the Constitution of the State with the Constitution of the United States.

— The consumption of wool in our country is now double what it was five years ago, and this increase is largely of the growth of our own country. In Maine wool growing is largely increased, the quality of the wool has greatly improved. It has been most fortunate that for many years past there have been able farmers who have taken delight in raising sheep and securing the best breeds, so that when the general demand came for extending sheep husbandry, they were ready to meet it, to the benefit of themselves and others. The country now produces one hundred and fifteen million pounds of wool a year, and the demand for much more is increasing. We shall go on enlarging sheep growing and in it find a full reward. The farmers should look well to this source of profit and use.

— The greatest discovery of the age is the new soap just come out, and known as the J. Monroe Taylor Gold Medal Soap; it not only saves time in washing, but does the work in a much superior manner to all soaps now before the people. The makers claim that it is manufactured on an entirely different principle, and that it is a great labor-saving article, besides going much further than any other soap. Our experience confirms all the inventor claims for it. Try it and we think all will be convinced of the fact, and will ever have the Gold Medal or none. 5

— Elias Thompson, keeper of the New Haven Light, has raised during the past season sweet potatoes that weighed over three pounds. He planted them on the 3d of June, and raised them in rich sand on the beach, near the light, and has gathered 25 bushels from 177 hills.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

Gen. William Whipple—life and character, by Mr. Adams.

Some persons are born at the time when every faculty of the mind can be best brought into action; when those talents, with which nature has furnished them, can be employed with advantage for the public good. This was the case with the late General Whipple, who was born at Kittery in the year 1730, and received his education in one of the public schools in that town, where he was taught reading, writing, arithmetic and navigation. From school he went on board a merchantman, and was bred a sailor. Before the age of twenty-one, he had the command of a vessel, and in that capacity performed many voyages to Europe and the West Indies; and, according to the practice which too generally prevailed in those days, was concerned in the slave trade, and imported negroes from Africa into this country. About the year 1759, he left the sea, and engaged in trade in Portsmouth, in company with his brother, under the firm of William and Joseph Whipple; and continued this connexion in business until a short time previous to the revolutionary war, when he quitted all mercantile engagements. Mr. Whipple was possessed of a strong mind and quick discernment, was easy in his manners, courteous in his deportment, correct in his habits and constant in his friendships. He very early took a decided part in favor of his country in the disputes with Great Britain. His townsmen placed the highest confidence in his patriotism and integrity, and frequently elected him to offices, which required firmness and moderation. In the spring of 1775, he was elected a member of Congress, which was to meet at Philadelphia in May, and in the same year was chosen a delegate to the provincial Congress, which assumed the government after the commencement of hostilities. He was likewise one of the committee of safety for the town and for the state, and was one of the Council under the first form of state Government. In 1776, he was again elected a member of Congress, and took his seat in the month of February. At this session of that body, the declaration of independence was made, and the name of William Whipple, with those of the other illustrious signers of that instrument, will be handed down to posterity with every mark of gratitude and respect.

General Whipple was several times called into service with detachments of his brigade, to oppose the British troops. He had with him, at the capture of Burgoyne, a valuable negro servant, imported from Africa, named Prince. On his way to the army he said to his servant, "Should we be called into action, I hope you will behave yourself like a man of courage, and fight bravely for your country." Prince replied, "Sir, I have no inducement to fight, but if I had my liberty, I would endeavour to defend it to the last drop of blood." The General then said to him, "Prince, you shall have your freedom; from this time you are your own man." He was again elected a member of Congress, took his seat in the month of October, 1778, and was considered very useful and active. After his return from Congress, he was repeatedly chosen a member of the Legislature of the State. About this time the General began to be troubled with strictures in the breast, which were at times very painful to him. A little exercise would bring on violent palpitations of the heart, which were very distressing. Riding on horseback often produced this effect, and sometimes caused him to faint. This complaint prevented his engaging in the active scenes of life, and induced him to resign his military command. On the 20th of June, 1782, he was appointed a Judge of the Superior Court of Judicature. A discerning mind, sound judgment, and integrity were deemed essential qualifications, and these virtues Gen. Whipple possessed. He continued on the bench about three years, but his disorder became more painful to him; and in the fall of this year, he was obliged to leave the Court before the circuit was completed. He departed this life on the 10th day of November, 1785, in the fifty-fifth year of his age. By his special direction to his brother, Doctor Brackett, his body was opened, and it was found that an ossification had taken place in his heart; the valve was united to the aorta, only a small aperture, the size of a large knitting needle, was open, through which all the blood flowed in its circulation; and when any sudden motion gave it new impulse, it produced the palpitation and faintness, to which he was liable.

General Whipple enjoyed through life a great share of public confidence, and although his early education was limited, his natural good sense, and accurate observation, enabled him to discharge the duties of the several offices, with which he was intrusted, with credit to himself and benefit to the public.

— The income tax Commissioners in Southampton, England, have served an income tax notice upon Mr. Stratton, (Tom Thumb,) the amount of his yearly receipts being estimated at between £10,000 and £20,000.

HOLLAND'S LIFE OF LINCOLN.—This magnificent literary production is about to be published by Gurdon Bill, of Springfield, Mass. Advance sheets of this work indicate that in point of real merit it will immeasurably excel all other biographies of our late lamented President. Dr. Holland will have immortalized his name by the writing of this book, and for ages to come, "Holland's Life of Lincoln" is destined to shed untading light upon the public mind, concerning the noble life and emblemished character of the martyr President and the minons of Slavery. The mechanical execution of this work admirably comports with its literary excellencies.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these disfigurations, which is at once prompt, infallible and harmless.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and praise.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1235, New York City.

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its wonderful soothing and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience; *and pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

FIRE AND NARROW ESCAPE FROM DEATH.—On Thursday night, about quarter past twelve, fire was discovered in the store of S. P. Horn & Co., grocers, at Kittery Foreside, and before assistance could be procured, the flames had made such progress as to baffle all efforts to save the store and one or two out-buildings adjoining. The building in which the fire originated was used for a grocery and provision shop and a dwelling house; the latter (second story) being occupied by Mr. Charles Bartlett and family, all of whom, together with a young lady visitor from York, barely escaped with their lives. They were compelled to rush from their several apartments into the street with no covering save their night clothes. The young lady referred to, had just opportunity to make her way out through smoke and flame, when the floor of the room through which she had just passed fell in.

Application was made at the Navy Yard for the use of the government steam fire engine, which was granted, but thro' some mismanagement the steamer was not put into effective service for nearly three-quarters of an hour, but did good execution when it was finally started; undoubtedly preventing a serious conflagration. The citizens resident at the Foreside worked with a will in their efforts to subdue the flames, and there seems to be a fault somewhere among the fire department and citizens of Portsmouth which compelled our Kittery neighbors to labor almost wholly unaided in extinguishing the fire. Several firemen went over from this city, but with no engine, and consequently were unable to render efficient aid. It seems so unlike the general promptness of our Fire Department under such circumstances, that we are forced to believe that there is some good reason for not tendering the authorities of Kittery one of our steamers, or a hand engine, at least, on the occasion of this emergency of theirs.

The insurance was as follows: S. P. Horn & Co., $3000 on their stock and $500 on the building; Charles Bartlett, $400 on furniture. Mr. B. lost $300 in bank notes, consumed by the fire. He estimates his whole loss at $2500. His livery stable near by was saved with great difficulty, as also his horses and hogs. The Union Hotel, on the opposite corner, caught in two or three places, but the fire was extinguished without damage.

☞ During the fire in Kittery on Thursday night, two tubs, each containing fifty pounds of butter, were stolen from the wagon of a farmer who came down from the country the day previous. The high price of this article of family consumption, renders the amount of property taken quite valuable. What renders the case still more aggravated is the fact that the man who lost the butter is the father of Mr. Charles Bartlett, who was burnt out on the same night. We learn that a clue to the thief has been obtained, and it may yet be recovered. We trust it may prove so, and that the butter thief will find that he did not steal enough of the oleaginous unguent to slide him out of the grasp of the law.

S. J. COURT. — The evidence on the part of the State in the case of Dr. Young was concluded on Friday forenoon and the case was opened by Col. George on the part of the defence, and witnesses were examined on behalf of the Doctor—three witnesses being offered on the part of the defence, and in the latter part of the afternoon other evidence was offered on the part of the State, and the testimony was closed when the Court adjourned. The arguments will be made to-day.

POLICE COURT, Nov. 3.—Hannah Griffin, drunkenness, fined $3, and costs $3.86. Poor lone Hannah, saith the Muse; Hannah's at the window, to look for a victim, through whose verdancy she can secure her $6.86, to enable her to evade imprisonment as washwoman at the H. of C.

☞ Chas. E. Foster, who was suspected of robbing Robt. H. Matthews of $1000 last week, was pursued by the latter, arrested in Philadelphia, and upon his return to this city confessed the crime. Not quite half the sum stolen was recovered.

☞ Samuel Austin, Esq., THE man of the St. John's Express Co., Court street, Boston, was in town on Friday, and visited the Navy Yard in company with several of his friends in this city.

☞ The trains for Boston and Portland, on the Eastern & P. S. & P. Railroads, meet in this city at 5 o'clock P. M., on and after Nov. 6.

☞ See auction column for sale of a House by Betton & Co., and for extensive sale of Furniture, &c., by Mr. Wendell.

☞ Mark Shinborn, the burglar, who was just sentenced to ten years in the State Prison, escaped from Keene Jail last Thursday. He is a German Jew, 24 years old, of accomplished manners and elegant appearance, 5 feet 10 inches high, dark hair, side whiskers, has a large and remarkable dimple in his chin, broad face and sleepy eyes.

GYPSIES.—These nomadic people have penetrated even to California in their incursion into this country. The Marysville Appeal, speaking of a party encamped near that town, says:

It any one wants to get the romance of the "days when we went gypsying" knocked out of him, or her, we would advise a call at the Gipsy's tent. The Queen is about the color of a new saddle, and as "homely" a piece of feminity as ever put on crinoline.

☞ The Vedette, an anti-Mormon paper published at Salt Lake City, says:

As a significant step in civilization, we take pleasure in publishing the fact that the gentile element at this Mormon metropolis have commenced the erection of a handsome hall or church, of their own, wherein Christian services can be held, and gentile associations meet occasionally. A three thousand dollar lot has been bought and paid for, in a desirable part of the town, and the architects are at work erecting the first Church building in this prophet-ridden country.

— Ripe strawberries are reported so plenty in Aroostook that children gather them in quantities. That's a little tough, since 15 inches of snow was reported there the other day.—*Ex.*

A rare chance for an enterprising man to manufacture "strawberry ices" by wholesale.

— The Herald's special Washington dispatch says great complaint is made of the quality of the rations issued to the United States troops in Texas, the climate and bad food having a pernicious effect upon the army in that State.

— Owing to the cholera in Gibraltar all communication with the main land has been cut off, and the people to the number of 2000 are starving for want of food. Pestilence and want are terrible associates.

— A tornado passed over the island of Cuba, Oct. 22, doing great damage to buildings and crops, and destroying ten or twelve lives.

— A new meeting-house for the Methodist Episcopal Church has recently been dedicated in Newburyport.

GOLD, Friday, 146 3-4.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

Something for Housekeepers!

WEBSTER'S

PATENT FLAT IRONS!

By means of which the holder is dispensed with, and there is no chance of burning the hands. One handle answers for two or more flat irons, and the irons can be heated in the Stove oven or in the fire.

This is truly a valuable invention, and is destined to supersede the use of the old style Flat Irons. ☞ No Housekeeper should be without a set of them. For sale by

VINELAND

FARM AND FRUIT LANDS,

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased by thousands of people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refined civilization have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of public adornment, acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition, for pleasant farming that we know of this side of the Western Prairies.*

"The Secret Service,"

THE FIELD,

THE DUNGEON AND THE ESCAPE!

BY ALBERT D. RICHARDSON,

N. Y. Tribune Correspondent.

[ISSUED IN ENGLISH AND GERMAN.]

This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and the miraculous journey of near 400 miles, aided by negroes and Union sentinels. It abounds in stirring events, and contains more of the facts, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

American Publishing Company,

Hartford, Conn.

SCRANTON & BURR, Agents. o11—1mb&o

Morning Chronicle.

☞ "Sweet are the uses of adversity," wrote the poet. These uses are thus summed up by Punch with philosophy as well as wit:—

You wear out your old clothes.
You are not troubled with visitors.
You are exonerated from making calls.
Bores do not bore you.
Tax-gatherers hurry past your door.
Itinerent bands do not play opposite your windows.
You avoid the nuisance of serving on juries.
No one thinks of presenting you with a testimonial.
No tradesman irritates by asking—"Is there any other little article you wish to-day, sir?"
Imposters know it is no use to bleed you.
You practice temperance.
You swallow infinitely less poison than others.
Flatterers do not shoot their rubbish into your ears.
You have saved many a debt, many a deception, many a headache.
And lastly, if you have a true friend in the world, you are sure, in a very short space of time, to know it.

CALIFORNIA MINES.—The work has commenced of developing the quicksilver mine owned by a New York Company and situated near Mine Lake, 300 miles east of San Francisco. The laborers employed are freedmen, and have recently arrived from Richmond.

The Elevator (the newspaper published in San Francisco by negroes) encourages similar efforts to employ the freedmen on the coast, as the best possible opening for improving their condition.

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 51 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and is used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases from one to three days*, and is especially recommended in those cases of *Floor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $1, " $3.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

The Chronicle.

☞ The Englishmen were asking before the close of our war, "What will the American soldiers do when let loose?" As they have been let loose, they can now see. They are at work in all the departments of business, on the farms, in workshops, on the railroads, and wherever labor or attention is required, as before the war. The time spent in the army was simply like a journey, an excursion, which, for the most of the soldiers, had no influence to break up the habit of their lives, or their expectations as to their mode of support. The money thus obtained has enabled them to enter upon business prosperously. The new regions of the country visited by the army has shown attractions to some of our Northern young men, and they will plant their homes at the South, under the new system of free labor. This is the answer as to the American soldiers—they are industrious citizens again, turning as naturally to civil life as the needle to the pole.—*Kennebec Journal.*

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases. offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargements of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Skin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN,
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsele and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married lady. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package. For the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No Physician who has been employed. Notice this, address all letters to

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837,
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers relating to Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign Patents, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largestin New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL IN THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, with full copies of all patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A,
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

The Chronicle.

☞ The Englishmen were asking before the close of our war, "What will the American soldiers do when let loose?" As they have been let loose, they can now see. They are at work in all the departments of business, on the farms, in workshops, on the railroads, and wherever labor or attention is required, as before the war. The time spent in the army was simply like a journey, an excursion, which, for the most of the soldiers, had no influence to break up the habit of their lives, or their expectations as to their mode of support. The money thus obtained has enabled them to enter upon business prosperously. The new regions of the country visited by the army has shown attractions to some of our Northern young men, and they will plant their homes at the South, under the new system of free labor. This is the answer as to the American soldiers—they are industrious citizens again, turning as naturally to civil life as the needle to the pole.—*Kennebec Journal.*

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases. offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargements of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Skin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN,
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsele and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married lady. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package. For the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the Act of 1837,
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers relating to Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign Patents, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largestin New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL IN THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, with full copies of all patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

Portsmouth, N. H.

MONDAY, NOVEMBER 6, 1865.

MISSISSIPPI.—A bill to abolish the Special Court of Equity, established by Provisional Governor Sharkey, passed the House over the Governor's veto, and will pass the Senate. [The fools are bent on their own defeat.]

The Mississippi Legislature has appointed a joint Committee to petition President Johnson to pardon Jacob Thompson. The house invited ex-Governor Clark to address them, but he declined on the ground of being a paroled prisoner, and says he trusts soon to see Mississippi restored to the full enjoyment of equal political rights with her sister States under the flag of the Union.

A difficulty of some duration had occurred between Capt. Peck (Provost Marshal of the Freedmen's Bureau of Copiah county, Mississippi) and Col. Drury Brown, Sheriff of the county, in which Gov. Sharkey and the civil Courts intervened. Capt. Peck was sent to jail by the Court. He applied to Gen. Osterhaus, who sent back the negro troops to the county from which they had been withdrawn, and they took possession of the jail and released Capt. Peck. The county was then placed under close military surveillance.

MEXICO.—By the arrival in New York of Gen. Aguiroe, military commander of the State of Coahinla for the Republic of Mexico, we learn that Gen. Escrorda was at Coatio Cienegas in Coahinla, about 600 miles west of Matamoras, on the 20th and 25th of September, with his forces scattered all over that State, and New Leon; acting entirely on the defensive, and only harrassing the French by bushwhacking. He also states that Canales, Cuda, Leon and others were more than 100 miles from Matamoras, and were waiting the return of Gen. Carvajal with means and implements of war. He asserts that that the reported defeat of the Liberals at Matamoras, if true, must be of the bandit Cortinas, who has no flag. He says that the whole mass of the Mexican population will rise and exterminate the French as soon as they can get arms and ammunition, and that Juarez is in no danger.

Don Augustine Viesca is Governor of Coahuila, and is in possession of the whole State, except Saltillo, and Escoveda is Governor of New Leon. Col. Trevino, with his legation, is at Carvalro.

$1,500,000 in gold and silver coin is about to be brought to Matamoras, escorted by 1500 French troops.

Five French officers were captured and subsequently hung by the liberals. They were sacrificed according to Maximilian's own method of doing business. He was promptly and officially notified that as he had hoisted the black flag, they would deal with the Imperialists just as he would deal with them.

MEXICO.—The New Orleans Crescent of the 31st ult. says Captain Thattes, of the steamer Hancock, from Galveston, reports that advices from Matamoras to the 26th of October state that the city is still in the hands of the Imperialists. Several unsuccessful attacks had been made by the Liberals, but they were driven from the field with great slaughter. The Imperial loss was slight.

CHOLERA AT NEW YORK.—A despatch from New York Saturday morning announces the arrival of steamer Europa, from Havre, with the cholera on board. She has been ordered into quarantine.

The New York papers give some facts concerning the ravages of the cholera on board the Atalanta. It appears that the persons who brought the cholera on board came from Havre. On the first day after the Atalanta went to sea, one of them, a child, was attacked, and died on the following day. Others became sick immediately, but the disease was confined entirely to the steerage. None of the cabin passengers were in the least degree affected by it. The cases of sickness numbered from fifty to sixty, and there were fifteen deaths.

A DEN OF COUNTERFEITERS BROKEN UP.—A very extensive counterfeiting establishment has been discovered and broken up by the police near Newtown, Queens county, N. Y. The place was kept by an Italian named Gachere. The officers found under the cellar floor, a large press, five perfect plates for the manufacture of twenty-five cent fractional currency, in sheets like those printed by the government, several unfinished plates for fifty cent currency, one five-dollar plate, together with a large quantity of ink and chemical materials used in the business.

GRATIFYING NEWS—Most of the missing passengers on the wrecked steamer Republic have been picked up.

— Over eleven hundred immigrants per day have arrived from Europe at New York during the past week.

— Aquidneck Bank, of Newport, R. I., suffers about $50,000, by the defalcation of an officer, who weekly obliged a rascally "friend" for *ten years!*

NEW HAMPSHIRE ITEMS.

—— Joseph E. Worcester (of Dictionary fame) was a native of Bedford.

—— Rev. Ezra Little, of the Freewill Baptist Society in Deerfield, has just resigned his place. Cause—ill health.

—— The Catholics have purchased for $700 a lot in Claremont upon which to erect a church.

—— "Two more women" (not named) were fined $50 each, in Manchester on Friday, for stealing cloth and yarn from the Mills.

—— Rev. E. C. Coggswell has removed from New Boston to Northwood, becoming pastor of the Congregational Church in the latter place, which he left 15 years ago.

—— Deacon Daniel Farmer, one of the oldest men in Manchester, and one of the first settlers, died on Monday last, at the age of eighty-two, highly respected and esteemed.

—— A Miss Fisk of Greenfield has lately been brought to grief in the sum of $50, for stealing cotton cloth from the Phenix factory in Peterborough, where she was employed.

—— E. H. Rollins is a Representative from this State in Congress. E. A. [Ashton] Rollins is Commissioner of Internal Revenue. Their names are often confounded in the papers, owing to the fashion of giving all children *two* christian names, and the other fashion of using initials only in signatures.

—— Under the Militia Law of the State of New Hampshire, as amended by the Legislature of 1865, the following is hereby authorized:

A Company of New Hampshire Volunteer State Militia (Infantry) to be located at Concord, and designated the "State Capital Guards." The organization will be as follows: Charles T. Summers, Captain; Henry J. Griffin, First Lieutenant; Chas. H. Smart, Second Lieutenant. The rank and file to number forty-eight.

SENATOR SUMNER'S LETTER.—The following is the material portion of Senator Sumner's letter to the Independent. After stating that "all the pretensions of slavery should be trampled out," and that "this can be done only through the establishment of equal rights," he says:

"To my mind there never was a duty plainer or more instructive. It is as plain as the moral law, and as instinctive as self-defense. If the country fails to do this justice now, it will commit a crime, where guilt and meanness will strive for mastery. On this head it is enough to say that it is a debt we owe to saviours and benefactors. But here all the instincts of self defense harmonize with justice.

For the sake of the whole country, which suffers from weakness in any part; for the sake of the States lately distracted by war, which, above all things need security and repose; for the sake of agriculture which is neglected there; for the sake of Commerce which has fled; for the sake of national credit, whose generous trust is exposed to repudiation; and, finally, for the sake of reconciliation, which can be complete only when justice prevails, we must insist upon Equal Rights as the condition of the new order of things. So long as this question remains unsettled, there can be no true peace. Therefore, I would say to the merchant who wishes to open trade with this region: to the capitalist who wishes to send his money there; to the emigrant who wishes to find a home there, begin by assuring justice to all men. This is the one essential condition of prosperity, of credit and of tranquility. Without this, mercantile houses, banks and emigration societies having anything to do with this region must all fail, or at least suffer in business and resources.

To Congress we must look as the guardian under the Constitution of the national safety. I do not doubt its full power over this whole subject; nor do I doubt its duty to see that every pretended government organized by recent rebels is treated as a present nullity. President Johnson spoke well, when in Tennessee he said that 'in the work of reorganization, rebels must take the back seats, leaving place for those who have been truly loyal.' There is a key-note of just policy which I hope Congress will adopt.

It is difficult to measure the mischief that has already ensued from the 'experiment' which has been made. Looking at the positive loss to business, and the productive industry of the country, it is painful. Looking at the distress it has caused among the loyal people by the revival of the rebel spirit, it is heart-rending. Looking at it in any way, it is a terrible failure. It will be for Congress to apply the remedy."

A FAMILY OF THIEVES.—John J. Burkholder, his three daughters, two sons and two sons-in-law, living at and near Altoona, Pa., have all been convicted of stealing from the cars of the Pennsylvania Railroad Company. By means of a freight key, which one of them obtained as an employee of the road, immense quantities of goods were stolen from the cars during the past year. One thousand dollars' worth were found at the home of the sons-in-law, and large quantities were discovered concealed about the house, barn and grounds of Burkholder, who owns a large farm and was in no necessity of resorting to this mode of making a living.

— The N. Y. World has a letter from Kingston, Jamaica, purporting to give the *causes* of the negro insurrection, but giving no details beyond the statement that "several white men and women have been murdered in St. Elizabeth Parish." We do not get at the truth of the matter, yet.

Local.

MORE THAN EXPECTED.—Like "apples of gold in pictures of silver" was the sight of that barrel of apples we this week received from Enoch M. C. Lane, Esq., of Stratham, in payment for a year's papers. The bargain was made with his father about forty years ago, and has been continued by the son; and some years when the large orchard has not produced half a dozen barrels, we have had one of them.—*Portsmouth Journal.*

Ah, ha! so Br. Brewster gambles, too, does he? Well we *are* astonished! No, we ar'n't, either, for we have yet to see the man who won't "cast the lot into the lap," in some form or other, however much he may condemn the same thing in different form in other people.

But our friend Lane shows good pluck, don't he? and stands up to the rack well, fodder or no fodder. Just as we should expect of him. How different from the mean sneaks, who pocket the stakes so long as *their* side wins, but cry "baby" when *they* are hit. Such an one is mentioned by the Concord Patriot—who promptly delivered the apples until they got up to $3 and $5 per barrel, but after that preferred to pay the money!

We haven't got a barrel-of-apple subscriber—we wish we *had* one like Mr. Lane. But we have got a couple who furnish a bushel of meal each year; and they have never failed yet, though the provender has sometimes been higher than the news—notwithstanding our best endeavors to keep up with it.

Mr. Lane simply kept his contract, to be sure; but such strict-constructive honesty and honor is none too common; and we cannot but think that our high-minded Br. cotemporary of the Journal, (himself the soul of honor and scrupulous to fulfil all *his* agreements,) must have "considered" Mr. L. something on his bond, though his natural modesty prevented his mentioning it.

A LIVE MAN.—Dr. Campbell, who recently made a short professional visit to this city, set a good example in advertising—for his bill for printing of all sorts could not have been much less than $300 during his five weeks' stay here—his notices in *our* Daily and Weekly papers alone, amounting to $100 or so. Of course his charges must also be considerable, and his callers (not calls, in his case, as with most of the profession) neither few nor far between. Of his skill and success, many of our citizens, and those of neighboring towns, have given ample testimony—and there can be no mistake in setting the Dr. down as a live man; or rather in setting him *up*, for such as he can't be set "down," any how.

We commend his successful example of liberal advertising,—even in such an apparently unpromising field as physic,—to the consideration of the sleepy-heads, who, if they approve of advertising at all, consider a ten dollar bill invested in that line, in a year, as a most liberal outlay. You *can* do business without printers' ink, to be sure; and you *can* farm it without manuring your land; but *don't* both go hard? We will only add that we understand that Dr. C's. charges were from $20 to $100 per patient—and that it is of course requisite to have something *worth* advertising before you begin, and then to do it aright.

— A lady called "Augusta St. Clair" was advertised and did "lecture" Tuesday evening in the City Hall, on "Love and Marriage." Bah! She booked her name as Mary A. Smith of Boston, and her accomplice as J. M. Smith. We learn they are the same parties that last year swindled the Soldier's Aid Society in this place, and whom we published at the time. They have gone West from here, and deserve to be published by the press. About 400 fools patronized them in this city, and are crying out against the swindle. They are too easily "gulled" to deserve much sympathy.—*Biddeford Journal.*

The same parties exhibited here one evening, tickets 50 cts, entitling the holder to a piece of Attleboro' jewelry (worth about five cents) besides admission to hear what is described to us, by one who was present, as a farrago of nonsense. The house was so well filled that the agent boasted that he cleared $300 for the evening. The next evening Mr. Warren's Troupe gave a fine concert, at a cost to that gentleman, above his receipts, of $150. *Vive la humbug.*

APPLES.—The Palmyra (N. Y.) Courier says a vast quantity of apples are coming to market from Wayne county, and that Eastern buyers have been deceived into paying high prices by a false cry of scarcity. The Rochester Union says the same is true of other counties in Western New York, and adds: "The prices which have been paid for apples this fall are beyond all precedent, and wholly unwarranted. Those Eastern people who have bought for consumption have been cheated, or cheated themselves. Some who have bought apples to hold till winter or spring may find themselves bitten."

— An employee at Belcher's saloon, Philadelphia, bled to death last week from cutting a wart off one of his feet. He tried in vain to stop the hemorrhage by tying a cord around his leg, and was found dead lying on his face on the floor.

— It is a bad thing to make up a fight, but a good thing to make up a quarrel; but it is better to fight than to have your grocer palm off any other Saleratus on to you than Herrick Allen's Gold Medal, manufactured at 112 Liberty Street, New York. We are glad to see that a good many of Merchants are selling it, notwithstanding they can't make so good a profit on it as on other kinds. If any one wants to get up a fight with us, let them try to put some other kind of Saleratus or Soda on to us besides Herrick Allen's Gold Medal. 5

HOLLAND'S LIFE OF LINCOLN.—This magnificent literary production is about to be published by Gurdon Bill, of Springfield, Mass. Advance sheets of this work indicate that in point of real merit it will immeasurably excel all other biographies of our late lamented President. Dr. Holland will have immortalized his name by the writing of this book; and for ages to come, "Holland's Life of Lincoln" is destined to shed unfading light upon the public mind, concerning the noble life and unblemished character of the martyr President, and the Titanic struggle between the hosts of Freedom and the minions of Slavery. The mechanical execution of this work admirably comports with its literary excellences.

Special Notices.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Please inclose a post paid envelope, addressed to yourself. Address,

BROWN'S BRONCHIAL TROCHES

HAVING A DIRECT INFLUENCE TO THE PARTS, GIVE IMMEDIATE RELIEF.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

OBTAIN only "BROWN'S BRONCHIAL TROCHES" and do not take any of the *Worthless Imitations* that may be offered. oct24

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

Hoping my friends will call and purchase freely, (as the price will be no obstacle) and thereby assist me in reducing my Stock, so as to be better able to sell the remainder on the 1st of January next to a good man, who will deal justly and serve his customers faithfully.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.
AFFECTION OF THE SPINE CURED.
HARTFORD, CONN., Nov. 11th, 1861.
Messrs. THOS. ALLCOCK & Co.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar, to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Duruo's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.
Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DURNO, P. O. Box 1325, New York City.

We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 30 years experience *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

Local.

☞ We are glad to see that *some* of the traders in this city have sense enough to close their stores on stated evenings each week. All would gain by doing it—in in comfort and health; and could not lose in trade or profit. The traffic necessary to be done by lamp-light in Portsmouth, won't pay the gross gas-bill. The most successful grocery and the leading dry goods store of the city, within the last generation, were always closed at 8 o'clock in the evening; except Saturdays, when the 9 o'clock bell was the signal to up shutters. To be sure, the corner grocery was open in the *morning*, as we know by personal observation—and that is what most traders or workers are very loth to do. [*Mem:* As we write this paragraph at a quarter before 4 o'clock, Saturday morning, at our counting-room desk, perhaps our late-rising friends will excuse a slight rap.] At any rate—to recur to our evening subject—it is a pity that any man should be so stupid as not to *wish* to have at least a part of his evenings to himself, for social enjoyment; or so mean as not to *take* them, unless absolutely impossible.

☞ The reason assigned by the Captain of the Watch for not giving a general alarm of fire on Thursday night, being that he had no authority for it, and in order that there will be no trouble in this direction hereafter, the Mayor has issued the following notice to Marshal Dresser:—

MAYOR'S OFFICE, PORTSMOUTH, Nov. 4th, 1865.

EMERY A. DRESSER, *City Marshal*,—Sir:—In order to enable the Fire Department and citizens to render assistance, you will please direct the Captain of the Night Watch immediately upon learning of a fire at the Foreside Village in Kittery, to cause an alarm to be given in this city.
JOHN H. BAILEY, *Mayor.*

☞ Have you secured your tickets for Mrs. Cary's Concert and Mr. Fletcher's Lecture before the Lyceum? 50 cents will buy a single ticket; $1.65 will purchase a ticket for the remaining nine entertainments. Cheap enough.

S. J. COURT.—In the case of Dr. Young, the arguments of the counsel were made on Saturday forenoon, and the Court adjourned to Monday, at half past ten o'clock, when the case will be given to the jury.

PROF. GUNNING's fourth Lecture of his Course on Geology will be given on Tuesday evening, at the Christian Chapel, Court Street.

☞ The Concord train, for the Winter, leaves Portsmouth in the afternoon at 4:10, instead of 4:40 as heretofore—commencing to-day. This is the only change here.

☞ The Ladies' Humane Society, will meet at Mrs. Lyman's, No. 1 Austin Street, this (Monday) afternoon.

NEWSPAPERS.—We almost come to the conclusion, sometimes, that many rational people on most subjects, are very irrational and almost semi-barbarous, in their appreciation of the local newspaper, in a rural community. They can lavish out 10, 15, or $20 per annum for city dailies, while they grudgingly pay, or unfeelingly withold, the small pittance of $1.50 or $1.75 per annum for the paper printed, as it were at their next door. And just think—what is $1.50 now, compared with $1.50 five or six years ago. Then as good board could be got for $1.75, as can now be got for $3.50, and yet there are those among us in good comfortable circumstances, who *stop* their local paper for no other assigned reason than that they won't stand a rise on it, even of 25 or 50 cents—per annum! *Query*—how is the paper to be supported, if it is kept at the old price?—and butter at 50 cents a pound?—*Claremont Eagle.*

The readers of the Chronicle needn't fear that we are going to raise *our* price still further—for we only copy this paragraph for the benefit of those who think we ought to *reduce.*

GOLD, Saturday, 146 7-8.

— Many disasters at sea and on the southern coast, are reported in the papers.

— Great alarm, on account of the Fenians, exists at Toronto, and the city and suburbs are guarded and picketed by soldiers.

— General Sir William Fenwick Williams, the "hero of Kars," has been appointed Lieutenant-Governor of Nova Scotia, *ad interim.* Gen. Williams is a native of that province.

— The Tribune's special Washington dispatch says a letter from the frontier of Arkansas represents freedmen's affairs there as very unfavorable, the whites being firmly convinced that slavery is only temporarily suspended, and that the President will soon revoke the Emancipation Proclamation.

— The National Republican denies by authority the statement that it has been deprived of the Government advertising, which it received from President Lincoln and which it continues to receive by the written order of President Johnson.

— On the 6th of October Thomas Moore, aged 20 years, a brewer's servant, died in the London hospital from the effects of a blow in the eye from the cork of a lemonade bottle, received a short time previous, in a beer shop in St. George's street, Ratcliffe Highway.

DEAD HEADS.—Col. J. H. Wood, proprietor of the Chicago Museum, in announcing the suspension of the free list says:

"Dead heads" are those who obtain something for nothing. Hence, an editor or reporter who visits the Museum, and gives his readers a description of what he sees and hears there (thus rendering a *quid pro quo* for his ticket) is as far as possible from being a "dead head." In fact, I always consider "printers' ink" as *more valuable than money*, and am, therefore, ever anxious to establish a mutual and equitable exchange of courtesies with those who write for the public press.

A CLERGYMAN FINED.—At St. Louis, on the 30th ult., the Supreme Court in the case of Father Cummings, for preaching without taking the oath, affirmed the decision of the Circuit Civil Court, sentencing him to pay a fine of five hundred dollars. The Conservatives and Copperheads are very angry at this decision.

— George Farnham, a seaman on board a schooner at Portland, fell overboard Wednesday, while in a fit of intoxication, and although taken out of the water in time to be partially restored to life, subsequently died. He had twice before tumbled overboard while inebriated. He belonged in Boothbay, Me., where he has left a family.

— The engineer of the steamer St. John attributes the accident to that steamer to the fact that her boilers were made of "sand iron," a brittle and cheap article. Economy was practiced in the most important part of the boat, and money lavished with unstinted prodigality in her other appointments, for the craft was truly a palace on water.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruit and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire township, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with a view of its speedy improvement. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of wealth.* The increased facilities for travel within the past three years. Churches, Stores, Schools, Academies, societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Twenty dollars per acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* a1—dawóm

"The Secret Service,"
THE FIELD,
THE DUNGEON AND THE ESCAPE!
By ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]
This work embraces the entire narrative of Mr. Richardson's unprecedented experience for four years traveling through the South with the Secret Service of the Tribune at the outbreak of the war, with such cities and forts, East and West; his thrilling capture and confinement for seventy months, in seven different rebel prisons; his escape and almost marvellous journey of near 400 miles, aided by negroes and Union soldiers.
It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

From the Portsmouth Journal

Ms. Henry C. Barnabee.—Our readers will be glad to learn that Mrs. Whipple has secured the valuable assistance of Mr. Henry C. Barnabee of Boston, (formerly of this city) for her Entertainment to be given at the Temple on the 21st inst. as an Amateur Comedian, Mr. Barnabee is unsurpassed by any one in this country; and as a singer he is one of the most popular of Boston Vocalists. His voice is of very great richness and mellowness and very highly cultivated, while his keen sense of the ludicrous and aptitude for comedy render him as a humourous vocalist beyond all praise. Mr. Barnabee is a Portsmouth boy, and we hope he will be welcomed by a full house on this his first appearance before us in his public capacity,—not only on his own account, but also to show Mrs. Whipple, that her energy in procuring the gratification of the expressed wish of so many of our people, is appreciated. Of Mrs. Whipple's merits it is needless for us to speak; she has steadily won upon the public favor since her debut a year and half ago, and deservedly occupies a high position at the first rank of American Elocutionists. Works of Shakespeare and Music have a rare treat before them on the 21st of this month.

On a motion to admit the late rebel Senator Soote a in counseller a New York Court, he got off through with the oath required, then moved, and finally said he could not go farther, in view of his connection with the late rebel government, and so left the Court unsworn. This is the same gentleman who fought S. S. Prentiss at a great disadvantage in Mississippi; who threatened to hang John P. Hale on the first tree, if he entered his State as an *abolitionist;* who drew his pistol in the U. S. Senate upon Senator Benton; who represented the Tennessee rebels in the Confederate Senate; who, finding the rebellion to be only a "shell" deserted the cause; went to England; staid awhile in Canada; and has been, we believe, pardoned—but not yet quite cured of his *vagaries.* He is certainly deserving a pension from Confederate funds, not otherwise appropriated.

Lectures on Geology.—The course of lectures of Prof. Gunning, at the Christian Baptist meeting house, upon this most interesting science, is of the highest order, and very instructive and entertaining. It is truly a marvellous work of man' thus seize upon the hidden things of Nature, and trace causes from effects until the whole preadamite world, away back to the ages when all was chaos, is developed for our study as fully as if he one had viewed the whole and given the result of his experience and observation. The testimony of the rocks" is a subject for deep study, and is one of the sublimest developments history conceivable. Prof. G. is an able lecturer, and those who neglect the opportunity for listening to him upon this subject lose much. The admittance is low, and those who hear him certainly derive full as much satisfaction as from an equal number of Lyceum lectures of a miscellaneous character. The next lecture is on Tuesday evening next.

Lyceum.—The second lecture, on Tuesday evening next, will afford one of the most interesting and attractive entertainments of the season. The privilege of listening to Mrs. Cary's charming voice and artistic renderings of exceedingly popular musical gems, is alone well worth one half the price of a season ticket,—indeed, if intensity of enjoyment could be calculated in a material manner, it would be difficult to estimate the intrinsic value of such a superb musical treat. Rev. J. C. Fletcher's lecture, "Two Thousand miles up the Amazon," will be extremely interesting, as coming from one who is perfectly familiar with that region, so replete with luxuriant beauty and grandeur. Altogether, we congratulate our readers on this elegant intellectual repast.

Dick's Quite Cured Yet.—Soon after the train left Dunmarket Junction on the C. & P. R. R. one afternoon last week, as Conductor Langley was plying his usual avocation, collecting his tickets in the cars, he came to a son of the Emerald Isle of whom he demanded a ticket. "In faith," says Dick, "I laid down a five dollar bill on the depot platform and thought 'twas all right.

Mr. Langley replied that perhaps that was the case, and if so he had better go right back and get his change. As the people at the depot were none the honest, and if he delayed he might loose it, the cars were stopped, and Pat was very politely boosted out—no doubt thinking that truth *should* be spoken at all times."

Loss to the Government.—The steamers Dawn and Monticello were sold in Boston on Wednesday—the former for $20,000, the latter for $19,[illegible]. At the sale here more money was bid for the Monticello alone than both the vessels brought in Boston. The Monticello was bid in here per order of the Government for $44,500—$44,400 being the legitimate outside bid. The Dawn brought $2000 more in Boston than was bid here. Portsmouth is not so bad a place to sell vessels after all.

Government Property Recovered.—Quite a number of articles having been lately missed from the Navy Yard, and the matter having been promptly brought to the notice of Capt. Pickering, he requested a gentleman who is connected with the Yard, and who has had some experience in such affairs, to investigate the matter, and if possible, to find some clue to the guilty parties. The result has already been the recovery of the property from parties to whom it had been sold.

The New Reading Room.—As the cold winter approaches when many are looking up pleasant winter quarters for spare hours, we trust the reading room in the fine room on the south side of the Post Office, will much increase. The room is a very convenient resort for those who are in waiting for the mails to open. It is in this connection a convenient place to drop in to answer at once a letter in the morning's mail. There is a good selection of papers on file, and the Room is the most light, and convenient we have had in the city. Subscription, $3 per year.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal - Weakness, Nights - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Aversion to Society, Consumption,* and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. B. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gonorrhœa, Gleet and all Mucous Discharges in Male or Female, curing recent cases in from one to three days,* and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $3, " $6.

The Cherokee "*Cure,*" "*Remedy,*" and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

"I leave you here a little book
For you to look upon,
That you may see your father's face
When he is dead and gone."
John Rogers' Verses.

It is not, perhaps, a mark of peculiarly amiable character to keep in remembrance the bad deeds of the Democratic party during the Rebellion; but when such flagrant sinners are attempting to regain power, surely it is well that their transgressions be kept awhile before the people.

They had a torch-light procession in Syracuse, New York, a few days before the last Presidential Election, and the following sentiments were on their banners and transparencies:

"No more victims for slaughter pens. Not a man—not a dollar."

"Lincoln has murdered three white men to free one negro."

"Fresh ballots or *free bullets*. Crush the tyrant Lincoln before he crushes you."

"The Constitution we will obey, but arbitrary arrests we will resist unto death."

"The people are ready to take vengeance on the advocates of civil war."

"A despot has his parasites, and liberty hath her avenger."

"American soil scourged by an unconditional despot in Abraham Lincoln."

☞ "The American Monthly" is dead. The copperheads, feeling chagrined that among all the literary publications of the country, there was not a representative of themselves, bought the old Knickerbocker, and converted it into a copperhead monthly, and, of course, it died. We will not write down the moral of this result; it is too evident. But laugh and sneer as you will, it is a patent fact that there is not, and never has been, a copperhead literature, and never will be.

— The life-preservers of the greatest use on the battle-field are simply a pair of long legs.

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Ser. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. PORTER, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralia, Epilepsy, Erysipelas, Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.
DR. E. R. KNIGHT, Proprietor, Melrose, Ms.
☞ Sold by Druggists and Dealers generally.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!
DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically treat irregularity, Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express and, addressed by a communication stating particulars, will receive prompt attention.
Office No. 33 Endicott street.
Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that ladies can see none but the Doctor himself.
Address DR. BRISCOE, at No. 33 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office Hours from 9 A. M. to 9 P. M.
Boston, July 16, 1866. THSly
DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 33 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with good nurses. Charges moderate.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

TUESDAY, NOVEMBER 7, 1865.

PAYNE, THE CONSPIRATOR.—Mr. W. E. Doster of Easton, Penn., publishes a letter from Geo. C. Powell of Live Oak, East Florida, the father of Lewis Payne Powell, the young man who attempted to take the life of Secretary Seward, and who was executed for connection with Booth's assassination operations. It appears Mr. Powell did not hear of his son's situation until shortly before his execution, of which he heard when on his way to Washington. Concerning the early history of his son Mr. Powell says:

"In the twelfth year of his age, (he was 21 when he was executed,) he made a profession of religion, and from that time he lived a pious life up to the time of his enlistment. He was soon ordered to Virginia. From that time forward I know nothing of him only by letter. He was always kind and tender-hearted, yet determined in all his undertakings. He was much esteemed by all who knew him, and bid fair for usefulness in Church and State."

This is creditable to the father, who is much to be pitied;—and it puts Uncle Toby in mind of a passage in Ecclesiastes, which reads thus:

Dead flies cause the ointment of the apothecary to send forth a stinking savour: *so doth* a little folly him that is in reputation for wisdom *and* honour.

All sin is folly;—and the great folly of the Southern Churches and many of the Northern has been, that they did not resist popular sins which were deemed profitable and constitutional! In other words they did not dare to do right. Payne the murderer was the victim of false teaching in moral and political economy.

WASHINGTON ITEMS.—The Comptroller of the currency calls the attention of the national banks to the law requiring them to provide for the redemption of their notes.

The Herald's Washington dispatch states that a soldier's widow was denied a pension because her husband died on a transport on which there was no Surgeon to certify to his death, although the officers of the transport filed affidavits to his decease.

The War Department has dissolved the Military Commission which was to try Pettit, the Alexandria jailor, the evidence implicating too many prominent men.

Dr. Massie, who has just returned from a tour of observation South, states that the negroes are much more tractable than their late masters, and more wholesome measures will have to be observed than now in vogue for the discipline of the latter.

NEGATIVES FROM WASHINGTON.—The President has *not* issued an order, suspending the operation of the Freedmen's Bureau in Alabama.

The War Department has *not* stopped the sale of horses, wagons, &c., to put them in service.

The Navy Department has *not* ordered all the vessels into commission.

They were sensations, says the Boston Advertiser's dispatch. Perhaps they were gold stories.

— The Richmond Republic says one hundred and fifty colored emigrants for Liberia sailed last Tuesday.

— No more fractional currency will be furnished the Northern market at present. About $1,000,000 in five cent notes will be sent South, to supply the pressing want.

— An engine exploded on the South Carolina Railroad, on the 1st inst. W. H. Sudor, the engineer, and two firemen were killed.

— A blind man in Chelsea, Vt., has taken care of his garden and raised an acre and a half of potatoes the past season. He worked by night time because it was cooler.—*Ex.*

Although he was blind, he had his eyes about him. Don't you "see it."

— A mercantile man from Boston was knocked down on Brown's Square, Newburyport, on Saturday, by a stong shot in the hands of some rascal who escaped. It is supposed the ruffian mistook the man assaulted for one of the State constables, or a spy to aid in the execution of the liquor law. A very probable supposition: the champion is worthy of the cause.

— Steamer Weybosset on the 27th ult., off Cape Hatteras, saw a steamer blow up with a terrific explosion. Ran down to the spot and found the only vestige of the craft to be fragments of wood, boxes, bales, &c. The vessel was painted white, and seemed to be a small sized river steamer used as a transport. A barque, which was near, is supposed to have taken off all on board.

— Where colonies of freedmen exist in the South at such points as the relief system of the Freedmen's Bureau has not reached, the mortality among the freed people, as shown by official returns, has reached 30 per cent. Where the operations of the Bureau has so extended as to take in a number of these colonies, the mortality has been speedily reduced to 4 per cent. by the medical assistance of the Bureau.

NEW HAMPSHIRE ITEMS.

—— The 8th Regt N. H. vols. is coming home.

—— The hotel keeper in Rochester has removed his fence: reason, the Selectmen were about to open the highway which he had encumbered.

—— Warren S. Cooper, Farmington, on the 27th ult., discharged a gun while holding it over his head. The gun burst, completely shattering his hand and wrist, so that his arm had to be amputated about half-way to the elbow.

—— In Manchester, not far from the city, an attempt was made on Friday evening, to rob Mr. Jonathan Watson of his watch, by a footpad who asked the time and stepped up to Mr. W's wagon, as the latter stopped. The robber made a grab at the watch; but the guard-cord held, Mr. W. struck the robber in the face with his whip, and starting his horse briskly, went safely home.

—— The Manchester Union learns that complaints are made of ill usage of children, 9 to 12 years old, who work in the Mills,—and does "not expect its Abolition friends to trouble their tender souls much about it." This is said, not because of the children, of whom the Union "knows nothing,"—but for the sake of the *fling*. There is however a *law* to reach the case, easily enforced, if any tender souled copperhead will trouble himself to make a legal complaint.

GRAND HISTORICAL PAINTING.—The Reception of Lady Washington at Independence Hall in Philadelphia, is the title of a painting by Huntington, now on exhibition at Derby's Gallery in New York city. The room is faithfully sketched. Standing on a dais, surrounded by ladies well known to fame, Lady Washington is the leading figure. All the celebrities from Washington down, with the celebrated ladies who graced the first administration of the country in the magnificent Court costume of that period, with the most accurate portraits of the men and women of that time that has ever existed, the whole numbering not far from two hundred, form a most interesting and valuable group. Burleigh says A. T. Stewart has purchased the painting at the price of $20,000, and it will soon grace his marble palace on Fifth Avenue.

☞ The visit of Sir Morton Peto and the English capitalists to this country has ceased. Sir Morton Peto is a decidedly religious man, and has taken no pains to conceal it while in this country. He is a member of one of the leading Baptist churches in London, and for over twenty years has been President of the Missionary Society of the denomination. He made an address at the American Bible Union Society, to which cause he has long been a subscriber,—and he addressed a large Sunday School meeting with great acceptance on the last Sunday evening he spent in New York city.

NASHVILLE.—The pardon of John Overton, said to be the wealthiest man in Tennessee, was received by Gov. Brownlow some days since. Gen. Fiske of the Freedmen's Bureau declines to recognize or restore to Overton his property. A previous order of the U. S. District Court was likewise not complied with. Gen. Fiske has gone to Washington to investigate the matter, and Mr. Overton left for the same destination.

☞ The Georgia State Convention is making a fuss about pardons for notorious rebels, and does not reconstruct very rapidly.

☞ On Friday night, a largely attended Union meeting took place at the Academy of Music, Brooklyn. Speeches were made by Gen. Walbridge, Judge Kelly and Gens. Kilpatrick and Logan. Andrew Johnson was indorsed, Jeff. Davis denounced and his execution demanded.

☞ The Fenians in the District of Columbia number about 2000 men. They are actively preparing for a movement and are purchasing uniforms, arms, &c. On Saturday, notice appeared in the public press signed by the committee cautioning the brotherhood against further action in the anticipated movement until they know more and hear further from the committee.

— The Montgomery (Ala) Mail of the 27th ult. says it is useless to disguise the fact that small pox is spreading through that city, among whites as well as blacks.

— Benj. W. Greene, President of the Connecticut Fire Insurance Co., of Hartford, Conn., murdered his wife on Sunday night by cutting her throat, and afterwards tried to kill himself, but is yet alive.

— One of the extensive Woodbury cotton mills, known as the Clipper Mills, belonging to William E. Hooper & Sons, on the Northern Central Railroad, three miles from Baltimore, was totally destroyed by on Saturday morning. The building was fired by incendiaries. The machinery was valued at from $150,000 to $200,000. The stock was saved. The loss is mostly covered by insurance, chiefly in Northern offices. Two hundred hands are thrown out of employment.

THE OLD METHODIST MEETING HOUSE. A late letter of Burleigh to the Boston Journal, says, writing from New York City:

The ninety-seventh anniversary of the John Street Methodist Episcopal Church was held last Sunday. The ancient church holds its own in spite of all the attempts to convert it into a house of Mammon. So far it has defied the waves of traffic and commerce, which rise to its very doors and surge around its foundations. This was the first Methodist Church built in this country. It was built when the city was ruled by the Dutch, and when it was contrary to the law to build any church which did not worship according to the statutes of Amsterdam. But the old Dutch were too indolent to persecute anybody. They did not care how men worshipped, so long as they did not disturb them, nor meddle with their pipe, their applejack, or their glass of Holland. And when they found the Methodists desired a chapel of their own, and could not build it because the law forbade it, the Dutch Magistrates informed the Methodists that if they would put a chimney through the roof and a mantle piece in the room, it would be a dwelling house and not a church, and there was no law against a man's worshiping God as he pleased under his own roof. Acting on this hint, the first Methodist Church was so constructed, and, undisturbed, for years the early Methodists worshiped the God of their fathers. The service on Sunday was after the primitive order of Wesley—the early prayer meeting, the conference meeting, the love feast and the communion, and a sermon preached by Bishop Baker. Interest money amounting to $1500 a year on the debt of the church has to be paid. It is to be provided for by the other churches in New York.

We hope the New York Methodists will have sufficient money, and good sense, and good taste, to keep the old House, and use it, as a free church. And we deem *Wesley's order of service*, as above stated, a good one, on the whole better than the one now used. The Sunday School (being a modern invention,) we would put in *with* the conference meeting,—not *instead* of it: that is, we would *unite* the exercises, and have the young and the old enjoy them together. U. T.

CHOLERA AT NEW YORK.—The New York Times, while it recognizes the propriety of being at all times on guard against pestilence, sees nothing whatever to cause even momentary alarm in the case of ship cholera thus far reported. The disease, the Times assumes, has been created by overcrowding the ship Atlanta; and from the custom of doing so which generally prevails, it wonders that epidemics do not rage more commonly, and thinks the authorities are making too much fuss in trying to place superior importance upon circumstances that are common, for passenger vessels have always disease on board.

INFERNAL MACHINE.—In New York city, at half-past eleven o'clock, Sunday forenoon an explosion occurred in front of the Wyoming Hotel, 338 Greenwich street, shattering the front of the hotel and breaking nearly all the glass in the windows of the buildings opposite and along the square where the hotel is situated. Two men were killed and nine persons wounded. A short time ago a guest of the hotel left a box as security for his bill, and promised to call soon and redeem it. The box was placed in the baggage room in charge of a porter. This morning smoke was seen issuing from the box, and it was taken by two men and carried to the sidewalk. Just as they reached the edge of the sidewalk the explosion occurred, killing the men carrying the box and doing the damage above mentioned. The police have arrested all persons stopping at the hotel, and the matter is now under investigation. The explosion was very loud, and attracted the attention of persons a mile from the scene of its occurrence.

CANADA.—A dispatch from Toronto, Canada, says Ex-Grand Master of the Orangemen, Gowan, has published a manifesto declaring that the Fenians are coming, and calling Orangemen to arms. The Orange organ—the Watchman—declares that it has positive information of a contemplated invasion of the provinces; that six hundred armed men were in Toronto; that members of the Government are fraternizing with the Fenians; that the Premier winks at the contemplated attempt to take the provinces from the British connection; and that the Fenians drill in Toronto at night.

— The St. Paul, Minnesota, papers are growling over the price of flour, declaring $8 to 8.75 per barrel to be enormous prices when wheat is 90 and 95 cents per bushel and will soon be lower. We could do bigger grumbling than that here, where flour is from $12 to $17 per barrel.

— The 31 regiment "Veteran Reserve Corps" arrived at New York from Brattleboro', Vt., on Wednesday, under orders to be mustered out. Its whole force consisted of one Colonel, one Lieutenant Colonel, one Major, one Adjutant, one Quartermaster and one private!

— A soft or green Quaker would be as great a curiosity as a dissipated Hebrew; but not so great a one after all as to find the woman who did not prefer the J. Monroe Taylor Gold Medal Soap to any other the world can produce. Wife says it makes old clothes look as well as new, and a cross man the pleasantest and most lovely creature on the globe. Try it, and our word for it, you will always patronize the Gold Medal Soap. 6

Hoping my friends will call and purchase freely, (as the price will be no obstacle) and thereby assist me in reducing my Stock, so as to be better able to sell the remainder on the 1st of January next to a good man, who will deal justly and serve his customers faithfully.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her, after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.
AFFECTION OF THE SPINE CURED.
HARTFORD, CONN., Nov. 11th, 1861.
Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single Plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Duroc's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums. Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address JAS. DUROC, No. 1, Box 1265, New York City.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**
We have put up and sold this article for over 30 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure,* when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *what we do know,* after 30 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

POLICE COURT, Nov. 6.—Alva A. Bruce takes a short but illegal method of replenishing his wardrobe, by confiscating an overcoat hanging in front of a tailoring establishment in Market street on Friday last. Mr. Bruce would, doubtless, have been enabled to have worn the stolen garment all winter, had it not been for the exercise of the shrewdness and skill of Asst. Marshal Johnson, who was notified of the fact of the theft by Mr. Kichler, the loser of the coat, and after being shown the same style of garment, on Saturday morning Johnson nabbed his man just as he was leaving on the ten o'clock train for Portland. Subsequently it was found that he had stolen another coat from a boarder at the City Hotel, and sold the same to a man in York. This disease of overcoat on the brain has been troubling him for some weeks past, but he is all right now until the next sitting of the Supreme Judicial Court, the sitting of which he awaits for the adjudication of this little matter. Alva is sourning for the present with Charley Joy.

MADAM EUSTIS.—The Boston Journal, in speaking of Mrs. Eustis, lately deceased says:

Madam Eustis continued to live upon the estate until her death, refusing with true "Portsmouth pride" in family and homestead, all propositions to part with her house. Besides being the wife of a Governor, she was the niece of John Langdon of New Hampshire and daughter of the Governor of the same name and State.

What is said of her pride, is true. So also, it is true that she was the niece of John Langdon: but *not* true that she was the daughter of the Governor.—The Governor was John, and her father, Woodbury Langdon, never was governor: he was a member of Congress.

☞ The double entertainment offered by the Lyceum at the Temple this evening is of a high order, and is entitled to the patronage of the public. The wonders of that "Queen of the Rivers," the Amazon, will be unfolded to the audience by the great South American traveller and explorer, Rev. J. C. Fletcher, who has recently visited that section of the country, and has returned with new and specially interesting material. Mrs. Cary, the vocalist, of Boston, is so well known in this community that comment is unnecessary. Let every ticket be taken up, and give her a warm reception.

S. J. COURT, Monday.—In the case State vs Young, the Jury returned a verdict of acquittal.

State vs Wm. Fanning, and Fanny Fanning, his wife, was tried on Monday afternoon. Respondents are charged with stealing dry goods from C. H. Mendum & Co. Hatch for respondents.

☞ We learn from a friend in Kittery who witnessed the exciting race between the steamer Fox and Pumpkin Island a day or two since, that, standing on the Kittery shore, they appeared for a long time to be neck and neck, but the Fox, having the inside track, and consequently the advantage of tide, came in two lengths ahead, having won in two hours and forty minutes! ***

☞ We observe an error in an item of the Journal of last week in relation to the amount of the legitimate outside bids at this Yard on the Monticello and Dawn. We are informed that the highest bid received for the Monticello was $15,000, and $10,000 the highest offered for the Dawn.

NAVAL.—Actg. Volunteer Lieut. S. Nickerson has been ordered to the Vandalia. Actg. Master Charles W. Adams has been placed on waiting orders.

☞ A tugboat of about 300 tons burthen is daily expected at this Yard, for the use of the Government in and around this harbor.

PROF. GUNNING's fourth Lecture of his course on Geology will be given this Tuesday evening, at the Christian Chapel, Court Street.

JAMAICA.—By way of Havana and New York we get some more statements of the negro insurrection in Jamaica, viz: that Kingston is excited, business suspended, the people arming, and that the rebellion raged with fury in St. Thomas; that in the East (?) outrages were committed on lives and property; that the volunteers sent to quell the insurrection were but partially successful, while a band of 800 negroes, thoroughly organized, were sweeping all before them. Nine gentlemen are named, as being killed by the rebels. The latest dispatch from the seat of war represents the insurrection increasing, though doubtless the British Government will speedily put it down.

In former accounts it was stated that turbulent negroes from the U. S., and brutal ones from Hayti, had made the trouble. Paul Bogle is said to be their leader. But we see no statement of the cause or pretext for the outbreak.

— A snow storm at Harper's Ferry, November 5.

GOLD, Monday, 147 1-2.

JEFF. D.—Perley writing from Washington says:

The propriety or policy of trying Jefferson Davis has been a prominent topic of discussion here during the past week in high official circles. Some have thought that the arch rebel should be tried at once before a military court, but it is *said* to be the determination of the President that there shall be no more civilians tried by courts martial. If Davis is tried before a District Court of the United States it will be difficult to secure a jury, and so vague are the laws affecting high treason that he, with the aid of Charles O'Connor, might prove more than a match for Attorney Gen. Speed and his associate counsel. Besides, it is *said* that Chief Justice Chase is not willing to preside, and it is not improbable that the petitions in favor of Davis, which are arriving daily from the North as well as from the South, may prevail.

We do not place implicit reliance on this, yet it is worthy of consideration. Really our *laws* on treason are *vague;* and the U. S. Constitution seems to *shield* traitors. Let Jeff. D. go unhung, and our laws against treason are a mere farce. No *good* reason can be given for hanging Wirz, or Mrs. Surratt, or a guerrilla, which is not *better* against Jeff. D. If anybody deserves hanging, he does. Don't hang the small rascals and pardon the great ones.

— A later account of the explosion near the Wyoming Hotel, New York, says no person was killed, but 22 were injured, only one seriously. Theo. Loers, who left the box there, has been arrested; but says he knew only that there were chemicals in it, and did not know or think of any danger.

— Details begin to come of loss of vessels and lives on the Florida coast. Ship Mersey, of Liverpool, foundered; under her crew were drowned, and the survivors suffered greatly, while on a raft.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive,* varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. Land is only sold to actual settlers with provision for public improvements. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand in population within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CLAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agriculture Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawóm

AGENTS WANTED!

"The Secret Service,"
THE FIELD,
THE DUNGEON AND THE ESCAPE!
By ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]
This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the tribune at the outbreak of the war, with our armies in the West, East and West; his thrilling capture and confinement for twenty months, in seven different rebel prisons; his escape and adventurous journey of over 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

— Good men should be attentive to their health, and keep the body as much as possible the fit medium of the mind. A man may be a good performer, but what can he do with a disordered instrument? The inhabitant may have good eyes, but how can he see accurately through a soiled window? Keep, therefore, the glass clean and the organ in tune. We do not wish to be fanciful—to live in the shop of an apothecary—or to have a medical student always in attendance. But be soberly and prudently attentive to the body. Rise early. Take proper exercise. Observe and avoid whatever disagrees with your system. Never overburden nature. Be moderate in your eating—the board slays more than the sword.—[Jay.

— The remarkable and famous octogenarian negress, Sojourner Truth, who has been and now is employed in the Freedmen's Hospital, Washington, was rudely assaulted by the conductor of a street car in that city, who attempted to eject her from her seat. The case was brought before the Grand Jury, and the offending conductor put under bonds for his appearance at court to answer for the outrage.

Receipt for Courtship. — Two or three dears and two or three sweets, two or three balls and two or three treats, two or three serenades given as a lure, two or three oaths how much to endure, two or three messages sent in one day, two or three times led out from the play, two or three tickets for two or three times, two or three love-letters writ all in rhymes, two or three months keeping strict to these rules can never fail making a couple of fools.

How is it? Noah Webster defines the word "Democrat" to mean "one who favors an extension of suffrage to all classes of men." Was the lexicographer wrong, or have principles changed since that day?

— Miss Elizabeth Garrett has passed her final examination at Apothecaries' Hall, London, and received a license as a general practitioner of medicine. This is the first instance that has occurred in England, but several other ladies are pursuing their medical studies, and there is a growing feeling in favor of female practitioners.

— Messrs. Galignani, of Paris, have built and endowed a hospital for the English poor residing in that city. It is situated on the new Boulevard de Bineau, contains twenty-five beds, and is placed under the direction of an English Sister of Charity; and two physicians, also English, have undertaken to give gratuitous attendance.

Important to the Afflicted.

DR. DOW be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, may be consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of a private nature than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Some People Call it the very kind

OLD RYE WHISKEY

THEY EVER TASTED; PERHAPS THEY ARE RIGHT.

Try It and See.

It is made from

RYE,

And Nothing Else, and from the Best Rye at that.

NONE OF YOUR

Musty, Mouldy, Heated Stuff,

BUT THE VERY BEST OF RYE THAT GROWS IN THE

CUMBERLAND VALLEY.

It is enough to do a Man's soul good to taste it, and see how different it is from the STRONG, FIERY STUFF that people use for

RYE WHISKEY.

It is made different; it retains, by a peculiar mode of Distillation,

The Very Medicinal Qaulities

that have made it so popular.

If you want to use a pure, genuine article of Spirit to stimulate a weak Stomach, or to give you renewed health and long life, use the

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness,* and all diseases that arising from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions,* and are easy to administer, as they are nicely sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases,* when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

"As the Phenix rises from the ashes of its first, renewed with new life"—so does this Elixir rejuvenate. Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course its veins, restoring the *Organs of Generation, removing Impotency and Nightly Weakness, Debility, restoring Manliness at the system end and full vigor,* thus proving a perfect *"Elixir of Love,"* removing Sterility and Barrenness in females. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists throughout every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make more profit. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

POLITICAL GRAND LARCENY.—Some of the Democratic papers, since they failed to elect a President of their own, have taken to the happy conceit of *stealing* one. They call the Republican Party the *Opposition* !

There was once a patient in the Lunatic Hospital, in Worcester, who called himself "*the owner*" of the whole establishment. He owned the buildings and land, the horses and carriages; and all persons, in and about the hospital, were his *servants*. The editors to whom we allude, are laboring under a similar delusion when they claim President Johnson as their president, and denounce the Republicans who elected him as the "Opposition!" It evinces great poverty in apologies for their "sins against liberal ideas" in arraying themselves against the government in a time of war.—*Pal.*

WATERFALLS.—In a letter written more than thirty years ago by Rev. Dr. Judson, on the vanity of the heathen women, he cites as one proof of their heathenish custom, that the "Karan women wore fancifully constructed bags, inclosing their hair, and suspended from the back part of their head."

— The man who "carries everything before him"—the waiter.

— Wealth is not apt to be modest; the face on a guinea never blushes.

— Many persons are so fond of fun that they will drink it out of a cup that is only indifferently clean.

— Charlie—"Did the minister put a stamp on you when you was married, Mary?" Mary—"A stamp, Charlie! What for, pray?" Charlie—"Why, matches ain't legal without a penny stamp, you know!"

— "Do you like codfish balls, Mr. Wiggin?" Mr. Wiggin, hesitatingly: "I really don't know, Miss; I don't recollect attending one."

— A tender hearted railway engineer on a certain railroad says he never runs over a man when he can help it, because "it musses up the track so."

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabella, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not take the medicine against the advice of your Physician.

WEDNESDAY, NOVEMBER 8, 1865.

WASHINGTON ITEMS.—The World's Washington dispatch says it has the highest authority for stating that that the Cabinet had under consideration for several days the trial of Jeff. Davis. It is divided as to the course to adopt. The President is opposed to a trial by a military commission. Several members favor this mode. Definite action will probably be decided in a few days.

The Times' dispatch says the Secretaries of the several departments are preparing their annual reports. The Postmaster General will bring his report down to a later period than usual, to give an exhibit of the condition of the Southern mail service at the present time. The postal revenue in the loyal States for the past year is greater than of all the States before the war.

Gen. Grant's report, which was in the hands of the Secretary of War for a few days, has been recalled.

The World's dispatch says Chief Justice Chase has notified the President that he cannot preside over a court for the trial of Jeff. Davis in Richmond for the reason that there is no regularly organized court in that city. The President maintains that he cannot be tried in any other place.—The impression prevails that he will be released to be expatriated.

The government detectives discovered in passing new counterfeit fifties, are safely lodged in old Capitol prison.

The Times's dispatch says it has the best ground for the belief that Wirz is sentenced to death, and that the sentence has been approved by the Judge Advocate and the President. The final decision of the President will be made public Wednesday or Thursday.

☞ From a Havana correspondent of the New York Times, we gather a few items about the late insurrection in Jamaica. It appears that on the 7th of October, there having been previous trouble at Morante Bay, between some sailors and the police, arrests were made, some of which greatly excited the people, who overpowered the police, and held them as hostages. About three hundred armed themselves and held meetings, which coming to the knowledge of the Governor, he sent to Spanish Town for a company of volunteers, who arrived on the 11th, the day before the sessions.

All was tranquil until three o'clock, and the magistrates were about to retire for refreshments, when a cry of women was heard: 'Here, the people are coming.' From the windows of the Court House he perceived a furious mob of four or five hundred persons rushing down the main street to the Police Station. In they rushed, seized the guns, swords and powder, and triumphantly hurried on to the Court House. The local magistrate caught up the 'Riot Act,' which he read amidst a storm of stones and bricks; the volunteers were ordered to fire, and several of the rioters were seen dead or wounded. This seems to have been the first bloodshed.

Then came a momentary pause, when the mob rushed furiously on the handful of volunteers, who fought bravely, but they were driven into the court house, which with other buildings was soon on fire.

Two of the magistrates who tried to escape through a window were at once killed by the besiegers. In this confusion each member of the court tried to escape as he could. All took refuge in the fort, when it was discovered that the few volunteers who defended it had been overcome. The roof was now on fire. At the request of Rev. Mr. Herschel a prayer was offered up. Scarcely was it concluded when the bullets came dashing through the windows. Down came the roof, and to leave the place was imperative. Mr. M'Cormark was dashed to pieces against a cannon lying on the steps. Another rushed out with a sword, whilst the mob shouted, "Now we have the Baros, kill him! kill him!" and loud shouts announced their satisfied vengeance. Others perished.

And here came in the atrocities which we have published two or three times.

The alarm spread over the Island, and each place helped to alarm the others. The writer adds:

Gen. O'Connor writes that Capt. Luke marched upon Port Morante, expecting to find the rebels in force, but found no opposition. A gunboat, however, found a mob of 800, mostly women, employed in setting fire to the house of Mr. Duffers; some 32-pounders scattered them. Forty of the insurgents have already been hanged, and so has the policeman who favored the escape of the rebel leader, Paul Boyle. This latter has surprised most who knew him, as he was always considered pacific and jovial in his character. Of another leader, Grant, it is also said he was always very sensible and one of the supporters of the acts of the local committee, of which he was a member.

[From these facts, which we get after long delay, it is plain there must be facts, which have not yet been brought before us. We presume the insurrection was put down in less than forty-eight hours after it broke out. And there must have been a cause or pretext for it which we have not yet seen, otherwise it could not have enlisted Boyle, Grant and the policeman.]

NEW HAMPSHIRE ITEMS.

—— John L. Walker, late editor of the Claremont Eagle, is now engaged in the Boston Journal.

—— A horse, wagon, harness, and dog, were stolen from Jonas Harvey, near Manchester, Saturday night at 11 o'clock, probably by a hired man who had lived there a few days.

—— George Murdough, of Manchester, has been out to Virginia, and brought home the body of Capt. Ayers of Fisherville, whose grave in Virginia had been ploughed over and corn planted there; Murdough's knowledge of the ground enabled him to find the body with ease.

—— Polly Moore, a town pauper, lately died at Auburn, aged 70. She was a fortune teller by profession, and was known by the nickname of Molly Mink. Since her death, money and dry goods have been found, of hers, appraised at $230.—She had accumulated these things by her fortune-telling.

PAIL MANUFACTORY IN RAYMOND.—Mr. Frank B. Lovering, a young man of enterprise has established a pail manufactory with which he is doing quite a business. The work is mostly done by machinery, all of which is moved by a steam engine.

THE LADY'S ALMANAC FOR 1866.—This beautiful gem, in fine binding and gilt edges, is embellished with illustrations in lithographic colors, and contains a complete statement of the Game of Croquet, illustrated. This popular Game is now extensively introduced in this country from England, and is played in the parlor in winter, and on the lawn in summer. The Almanac is also replete with pleasing Literature and useful Household Receipts. Price 50 cents, for which it is mailed, post paid, by the publisher, George Coolidge, 3 Milk St., Boston.

IN GEORGIA, the Governor has transmitted to the State Convention voluminous documents, advising the State to claim cotton which was taken possession of by Gen. Sherman's army. The Governor's telegram to Washington on this subject was laid before the Convention, and it produced much laughter.

NEW ORLEANS.—Gen. Canby has declined to remit the tax levied in New Orleans by military order for the support of schools for negro children, although petitioned to do so by Gov. Welles and other influential citizens, who doubtless consider the tax a monstrous outrage on "Southern rights." Gen. Canby informed them that the order was issued by competent authority, at the time of the first occupation of the city, and was rendered necessary by the exigencies of the times. There were in the city forty thousand poor to be provided for, and the colored children, several thousand in number, to educate; and New Orleans was in no condition to undertake this task.

The number of the former class has been reduced to some 12,000, who are now partially fed by Government, but in the meantime more than two millions of dollars have been expended by the military authorities. Nearly $400,000 of this was disbursed without authority of law; and should it fail to be replaced, the officers ordering the issue will be held personally responsible and made pecuniary losers. As this disbursement was made in behalf and for the benefit of the people of New Orleans, the tax levy must be enforced and the funds restored.

Gen. Canby has received orders from Washington to muster out of the service as many negro troops as can be spared. Several colored regiments will soon be disbanded. To prevent insubordination among colored troops, Gen. Canby has ordered that they be not allowed to purchase their weapons.

Gen. Fullerton's administration of Freedmen's affairs is generally acceptable and popular among all classes of citizens in the State, and his circulars are highly praised by the press in the adjoining States.

—— Mr. B. W. Greene of Hartford, who killed his wife and tried to kill himself, is said to have been mentally depressed ever since the death of a daughter; and his friends were afraid he might kill himself in his insanity, but feared no evil from him to others. He was a man of property and standing, 66 years old.

—— Milton T. Stewart, hailing from Connecticut, has been arrested in Portland for passing new counterfeit change bills, 50c particularly. About $200 in the bogus bills were found on him. He and his wife boarded at the St. Lawrence House; and in their room was found a quantity of gilt and blueing.

—— Four or five barges are at Hudson, Wis., loading with potatoes at twenty five cents a bushel for St. Louis and a market. The shippers will make a dollar a bushel over all cost. That's where "high prices" come from.

—— An exchange saw a farmer the other day driving his team toward the depot, with cheerful countenance. His load of apples, drawn by one pair of cattle, brought him $105 at the station.

CONFUSION IN MISSISSIPPI.—A Jackson (Miss.) dispatch of Nov. 4 says:

"Matters in this State are assuming a threatening attitude. Gov. Humphreys has issued a proclamation urging the immediate organization of volunteer militia companies, and the Legislature is memorializing the President to remove the United States troops and release Jeff. Davis.

Meanwhile, two negro soldiers and six Government mules were captured yesterday, between this city and Raymond. The soldiers were probably shot. W. B. Wilkinson of Lauderdale county, was murdered by his former slave on Sunday last. Gen. W. B. Wade was also killed. The Federal soldiers and negroes of Vicksburg have held meetings and resolved to defend their rights.

Gov. Sharkey has just received a dispatch from Secretary Seward, announcing that he is expected to exercise the functions of Governor of Mississippi until further orders from Washington."

The Mississippi Legislature proposes to set apart twenty-five per cent. of the public debt to pay the State debt tax. A tax is to be levied for the support of disabled rebel soldiers, their widows and children. A bill was also introduced to compel the railroad companies to provide separate cars for negroes and to suspend all laws for the collection of debts in the State for a certain time.

Another bill was introduced proposing to tax all suits brought in the United States Court.

THE STRICKLAND REMEDIES.—We have for some time felt it our duty, or an agreeable privilege, at least, to say a word in favor of Dr. Strickland's Remedies; and simply for the reason that we know them to be good,—all, we believe, that they are represented to be.

Dr. Strickland resides in Cincinnati. He was a successful physician; and after thoroughly testing a few leading remedies of his own preparing, he concluded that he could do more good for the community (and probably quite as much for himself) if he would quit practice, and go to scattering some of these medicines throughout the country. For two years or more he has been doing this, and with a success, we believe, seldom met with before in such enterprises.

Some of these remedies are advertised in our paper; but that is neither here nor there—we know them to be good, and can recommend them to the afflicted. Not long since we were in a town on the Wabash, and had occasion to prescribe one of these remedies—"Strickland's Pile Ointment." There were three drug stores in the place, and each of them had had the remedy, but was out, and had ordered more. They told us that the remedy was very popular and that they could hardly keep a supply, it went off so rapidly. We have spoken of this remedy before—have known it to be thoroughly tested, in numerous cases during the past year, and with perfect success in every instance. And so it is with his remedy for Diarrhea or Cholera, and his Cough Balsam. They are all genuine, made to cure or to give relief, prepared by the Doctor himself, and may at least be classed among the best remedies that are put up for sale. Druggists sell them, right out, and have no difficulty in selling them. Geo. C. Goodwin & Co., Boston, sole Agents for A. Strickland & Co., of Cincinnati.—*Indianapolis Daily Gazette.*

CONFESSED AT LAST—That Herrick Allen's Gold Medal Saleratus is the best article known for making nice light Bread, Biscuit, Pies, Puddings, &c. Baseless imitators are trying to palm off to the public their article, saying it is Gold Medal, or as good; therefore, all who would preserve their stomachs and health, look and see that the name of Herrick Allen is on the wrapper, and be not put off with the spurious because the Merchant tells you that it is as good. Have nothing but the genuine Gold Medal. Dyspeptics can use it, and it will do them good. Try it.

ANOTHER NEGATIVE.—A Washington dispatch of Monday says:

The statement which appeared relative to turning over the property held by the Freedmen's Bureau is incorrect. Gen. Fisk was directed by the War Department *not* to surrender the property held as abandoned till ordered to do so by the President.

The word NOT in the above item, makes all the difference between truth and falsehood.

FREE MARKETS.—The Committee of the Boston City Government having this subject under consideration will visit New York, Albany and Philadelphia shortly, to inquire into and examine the workings of the markets in the former, and free markets of the latter city. The market system of Boston, tho' in many respects convenient, is yet a heavy tax, not only on Boston people, but on most towns in New England.

BOUNTY.

$100 BOUNTY.

THE OLD $100 BOUNTY.

The bounty of $100 promised to men who enlisted early in the war, but which was paid only to those who served two years, or who were discharged for wounds, will in all probability soon be paid to all men who served over one year.

This bounty was promised by placards and posters all over the country, and by nearly every recruiting officer to *all* men upon receiving honorable discharges. We therefore propose in connection with other offices, to make application for payment of bounties as follows:

1. To all soldiers the bounties promised to them, no matter for what reason, or reasons, they may have been discharged, provided such discharges were not for disability existing *prior to enlistment*, or were not ordered *as punishments*.
2. To nine months' men, three-eighths of $100—$37.50.
3. To one year's men, $100 bounty, as promised.
4. To all men discharged *within two years*, by reason of disabilities contracted while in the service, *but since become so* (unless receiving a pension), *the full bounty* to be given them by the Act of Congress under which they were enlisted.
5. To all men discharged by reason of promotion *a pro rata* bounty, according to the Act under which they enlisted, for the time they served as enlisted men.
6. Of $100 bounty to all deserters who rejoined their regiments and served two years, *exclusive* of the time they were absent without leave.
7. Of three months' pay proper to all officers who have been discharged by reason of disabilities contracted in the service, by reason of expiration of term of service, or by becoming supernumeraries on account of consolidation of regiments.
8. Of three months' pay proper to all enlisted men who were prisoners of war for three months or longer.
9. Also a grant of 100 acres of land to all enlisted men who only received the $100; and a similar grant to officers in proportion to their pay proper.

Inform all your friends who are interested and solicit their co-operation.

Dyspepsia and Fits.

FITS—**A Sure Cure** for those distressing complaints is now made known in a Treatise
FITS—on Foreign and Native Herbal preparations, published by DR. O. PHELPS
FITS—BROWN. The prescription was furnished him in such a providential manner
FITS—that he cannot conscientiously refuse to make it known, as it has cured
FITS—everybody who has used it, never having failed in a single case. It is equally sure
FITS—in cases of Fits as of Dyspepsia; and the ingredients may be obtained from any
FITS—druggist. **Sent free** to all on receipt of five cents to pre-pay postage, etc.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.
AFFECTION OF THE SPINE CURED.
HARTFORD, CONN., Nov. 11th, 1861.
Messrs. THOS. ALLCOCK & Co.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very great excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Durno's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.
Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $3 for four boxes. Address J.A.S. DUR NO. P. O. Box 1235, New York City.

Local.

☞ Emery A. Dresser who has filled the office of City Marshal of this city with good acceptance, we believe, for nearly two years past, was dismissed from his office at a special meeting of the Board of Aldermen on Monday evening upon a charge of assault on Chas. W. Bailey, Captain of the Night Watch. It appears that on Monday evening the Marshal and Bailey had some controversy in the Police Office relative to an unimportant matter, and during this colloquy high words ensued and the conversation waxed warm until Bailey called Dresser a "d——d liar," when the latter ordered him (Bailey) out of the apartment. Refusing to go, the Marshal seized Bailey by the collar of his coat, and in the scuffle, struck him over the head with a cane, inflicting quite a severe wound. The affray was immediately reported to the Mayor, and at a meeting of the Board of Aldermen, as stated above—the matter was investigated and Marshal Dresser was dismissed.

We do not intend to express any opinion at this time in regard to the course of conduct of either party, but we are sorry that this unfortunate affair has occurred, inasmuch as it reflects discredit upon Mr. Dresser and likewise the city. One half and perhaps nine-tenths of the public will never get a correct version of the altercation, and hence both parties will be belied and suffer from the busy tongues of those who know everybody's business save their own.

☞ A meeting of the City Council was held on Monday evening for the purpose of extending the limits of quarantine regulations. Resolutions were also passed expressive of sympathy with the family of the late Councilman James W. Bowles, deceased, and it was voted that a copy of these resolutions be published and forwarded to his afflicted widow.

The Council then resolved itself into a Committee of the Whole for the consideration of the subject of the eight hour question. Mr. T. S. Nowell strongly condemned the adoption of such a system, and after a few remarks from one or two others, the committe rose, and afterwards in the council, a committee was appointed to consider the propriety of the adoption of the eight hour day by the city government. We learn that Mayor Bailey favors the eight-hour movement.

☞ The vacancy created by the dismissal of Mr. Dresser is being filled temporarily by the First Assistant Marshal, Chas. L. Abbott, who is an excellent and efficient officer.

Among the aspirants for the vacant office is Mr. J. Horace Kent, formerly a Government detective and Deputy Provost Marshal of this district. We believe Mr. Kent possesses the abilities and requirements necessary to the fulfilment of the peculiar and responsible duties incumbent upon a City Marshal, and we have no doubt that the managers of public affairs connected with our city government are also aware of his qualifications, and will consider them at the proper time.

☞ Maj. Hermann, of Gen. Sickles' staff, arrived in town on Monday evening, and took up quarters at the Franklin House. On Tuesday morning he visited Forts McClary and Constitution, under the recent order to obtain the wishes of the members of the Veteran Reserve Corps now garrisoning those works in regard to being mustered out. Here, as elsewhere, the result of his inquiries, was that very few of the privates wish to remain in service. Maj. H. left on the evening train for Concord, to make returns to Maj. Silvey, who in a few days will visit the Forts in his capacity of general mustering officer for the State, and muster out all who desire.

S. J. COURT.—In the case of Fanning and wife, for stealing from Messrs. Mendum & Co., the jury returned a verdict of not guilty, on Tuesday forenoon.

A second indictment against said parties was then tried. The indictment charged the respondents with larceny from the store of Chas. E. Myers & Co., on Market street, of a pair of pantaloons and a vest, valued in all at $12. Hatch for respondents.

☞ We think our City Government might well adopt a recent by-law of Meriden, Conn, which makes sliding down hill on a sidewalk a punishable offence, rendering the offender liable to a fine of five dollars.

☞ Burglars are at work in Portland. Look out for them here.

☞ Messrs. Ticknor & Fields, Boston, have just published Aldrich's Poems in their beautiful style of blue and gold.—Aside from the fact that the poet is of us, the volume contains many a gem, deftly cut, and glittering in its rich word setting. A dainty volume of 240 pages, the purchasers will reap as much of pleasure from its perusal as we trust the publishers will from its sales.

☞ The U. S. Service Magazine for November is received. A good number of a capital periodical.

WHERE SOAP STONE IS FOUND.—In a late number of the Manchester Mirror, we find the following in a letter from a correspondent who writes from Francestown, Hillsborough county. Our readers will be interested in the paragraphs we here present:

"A long time ago there came up from Dedham, Mass., a family named Fuller, that purchased lands in the eastern part of the town. They did not succeed so well as they had anticipated; the little property they bought was consumed; the farm was mortgaged. Of his sons consumption claimed all but one, who left for Boston to labor that the farm, of whose value none then knew, might be redeemed One day, as a field was being sown, the harrow tooth stuck in a soft stone which was caught up and cut with a knife; and then it was discovered that soap stone was to be had there.

At first it was used for underpinning, door-steps, and the like; and afterwards pieces were sent to Boston to be worked into fire-places, and finally it was known that the best stone of the kind in the known world was on the Fuller farm in Francestown. It was soon largely used for stoves, and by a patent for setting them up, Power Dodge, recently deceased, was made rich.

The elder Fuller died, raised from poverty to an estate of $40,000. His son, Col. Fuller, succeeded, but declined to work the mine very extensively, preferring to let his wealth remain deposited there, rather than change it into coin to be deposited elsewhere. He, however, left a large estate, and the quarry passed into the hands of a nephew, Mr. West, and Mr. Woodward, long in his employ. They sold seven acres of the land where the ledge comes to the surface, for $10,000 per acre, and it has since been put into stock and sold at the rate of $10,000 per acre. The present proprietors have this year taken out some $10,000 worth of stone from a ledge that seems inexhaustible. A hundred thousand will soon be taken from it annually.

AGRICULTURAL REPORT FOR OCTOBER.—The monthly report of the Department of Agriculture for October shows that the wheat crop suffered less than was expected from the wet weather. The increase in the oat crop in 1866 is nearly fifty millions of bushels, and of the hay crop more than five millions of tons. The fall crops are abundant, and the yield of corn will be the largest ever known in the United States. The corn crop is equally good in the Southern States, and its planting there is so much greater than ordinary, that that section can consume but a portion of the amount grown. It can, therefore, give the next crop season to a greater production of cotton.

GOLD, Tuesday, 147 1-2.

— The Boston Journal says coal has been selling in Boston at $16 per ton: at the same time it sold for $8 at Elizabethtown, N. J., and asks if it costs *half* the difference to bring it?

— A letter from M. F. Conway, Richmond, Oct. 6, contradicts the assertion of Gov. Pierpont that the Southern people would not submit to paying taxes for the United States war debt, &c. Mr. Conway declares that no such disposition exists among the people, who are disposed to accept the present state of affairs.

— Last spring a citizen of Winsted, Conn., forged several notes, and then left town before it was found out. His friends bought up the forged paper for twenty-five cents on the dollar, and now the man has returned and been taken back to the bosom of the church. So says an item in the Boston Journal.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

INTO HER MIGHTY TRUMPET fame has breathed a new word, Sozodont, and she is making it resound through the civilized world. VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is fertile and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* The finest Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profit. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved farms for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and a good doctor, with capital, is needed.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address KARL KRAUSE, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of the Tribune. *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawdm

Male and Female,
In every Township and County,
"The Secret Service,"
THE FIELD,
THE DUNGEON AND THE ESCAPE!
BY ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]
This work contains the narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

REBEL BONDHOLDERS.—At the late meeting of this irrepressible body in London, among other discouraging statements, it was said that Erlanger (Slidell's son-in-law), who put the loan on the market, and Schroder & Co., his London agents, refused to give the unfortunate victims any information as to what money they had received or what they had done with it, or as to the nature of their contract with the rebel government.

— Only one or two Southern States have yet complied with the requisition of President Johnson to repudiate the rebel war debt. In Georgia, South Carolina, and most sections of the South, so far as there are any indications at present, they are the other way. Perhaps it is for the best that they should act so, and thus keep out in the cold awhile.

— "Man proposes, but God disposes," said a pious aunt to her over-confident niece. "Let a man propose to me if he dare," was the response, and I will dispose of him according to my own views, as he suits me."

S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easy that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of two rivets, two small bolts, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and sure cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat and Nose, Venereal Pains, Bones, Cutaneous Eruptions, Blies, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasures of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage.—200 pages—full plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Family. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichot's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies, in certain delicate situations should avoid these pills. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 1 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, inclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No stagents or boys employed. Notice this, address all letters to

CHEROKEE PILLS,
Or Female Regulator,
Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Jaundice, and all diseases that spring from irregularity,* by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicine fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Female Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course through the veins, restoring the *Organs of Generation, removing Impotency and Debility, restoring Manliness to the system, and full vigor*, thus proving a perfect "*Elixir of Love*," removing *Sterility* and Barrenness in females. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, making the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.
Price, one bottle $2; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make *Dollars*. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

BLIND TOM.—A New York paper says: "The temperament of Blind Tom is exceptionally musical, and imitative to an extraordinary degree. Thus, if any one sits down to the piano and plays a piece of music, he will at once paraphrase it, preserving the melodic coloring of the original and some of its form; he will tell you what notes are struck in any chord or discord; and more remarkable still, can play one tune with his right hand, another with his left, whilst singing a third. After indulging in the three melodies, according to the formula just given, he changed the key of each, and actually sang and played 'Yankee Doodle' in A flat, 'Fisher's Hornpipe' in A, and 'Tramp, Tramp, Tramp, in G! The boy, like all blind folk, has an excellent memory, and the slightest circumstance serves to recall former associations."

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy, I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Melrose, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. POMEROY, *of Northfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOOCH, *Member of Congress from Massachusetts*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
Price 50 cents and $1.00 per Bottle.
DR. LAROOKAH'S
SARSAPARILLA COMPOUND!
It is double the strength of any other Sarsaparilla Compound in the market.
For the cure of Liver Complaint, Dyspepsia, Scrofula, Dropsy, Neuralgia, Rheumatism, Larookah's Boils, Tumors, Salt Rheum, Ulcers and Sores, Rheumatism, Pain in the Stomach, Side, and Bowels, Debility, and all complaints arising from impurities of the BLOOD.
The trial of a single Bottle of either will gain the confidence of the sick.
PREPARED BY S. SEVERY,
Price $1.00 per Bottle.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, under the New Act of 1857,
76 *State street, opposite Kilby street,*
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers for Patents for Inventions, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full records of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeble proof of great talent and ability in his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twenty-rejected* applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For the last five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your APERIENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Portsmouth, N. H.

THURSDAY, NOVEMBER 9, 1865.

THE ELECTIONS of last Tuesday are quite satisfactory to the friends of "Union and Liberty, now and forever, one and inseparable."

In New York city, Slocum got about 25,000 majority, being a "democratic loss of 18,000."—In New York State, Barlow (Union) has about 30,000 majority, and Gen. Slocum goes to his own place.

In Massachusetts, Hon. Alexander Bullock, Union, has about 50,000 majority over Gen. Couch, and Gen. Banks goes to Congress from the 6th District. In all but four towns he received 7631 votes to 1935 for Greenwood, almost four to one.

In New Jersey, there are Republican gains over last year, when the Democratic majority was 7300. There is not much doubt of the election of Ward, the Union candidate for Governor, over Runyon, by a majority of 3000 to 5000. The returns show a large Union gain on Assemblymen, about whom there is interest felt on account of the Constitutional Amendment.

In Wisconsin, there is little doubt of the election of Mr. Fairchild by from 5000 to 10,000 Union majority. The result of the vote on negro suffrage is doubtful.

In Baltimore there was very little opposition, and less than 5000 votes cast. Thomas (Republican) is elected in the 2d Congressional District to fill the vacancy occasioned by the resignation of Col. Webster.

In Chicago the Republican ticket is elected by a majority of from 1000 to 1500.

In New Haven "the Democrats carried the City" election, their majority being slightly less than last year.

At St. Louis, Mo., the election resulted in the success of Col. Weydenieir, radical, for County Auditor, and of one Anti and one Constitution candidate for County Justices. The vote of Gen. Blair was rejected in consequence of his refusal to take the constitutional oath. The General has entered a suit against the Judges of Election for $10,000 damages.

JAMAICA.—The U. S. Consul stationed at Havana under date of Oct. 31, informs the State Department that the Captain General of the Island of Cuba has tendered to the British Consul General troops and war vessels to go and arrest the authorities of Jamaica. The war vessels were on the date of this dispatch, from St. Jago de Cuba.

Our Consul at Havana enclosed to the State Department a dispatch from our Consul at Kingston, in which he states that his predecessor, who had some four years' experience with the Islanders, expresses fears that it will take several months to suppress the insurrection effectually. He also hopes that an American war steamer may be at once dispatched to that port, and states that there are on the Island of Jamaica, about 400,000 inhabitants, of which only 10,000 are whites, about 75,000 mulattoes and the remainder blacks.

The present outbreak has evidently been long contemplated, and is intended to be a war of extermination by the blacks against the whites. The great disparity of numbers gives the former a great advantage. They have, moreover, chosen a time when there are but few English troops at that station, and but one small English war steamer, the Wolverine, at the Island.

The Portland Advertiser says: "The disaffection to the Government seems to have existed for some time, although the reason for it does not clearly appear. Some time ago a petition was sent to the home government, detailing the financial troubles of the island, complaining of the high tariff on the necessaries of life, and asking for pecuniary assistance. The reply received was not very satisfactory. The blacks on the island outnumbered the whites almost as twenty to one, but they hold local offices, and have a very large majority in the legislative assembly."

☞ The Elections are right;—Congress is doubtless right in the main. And when the two Houses get together, let them, early in the session, pass the Amendment to the Constitution which is advocated by Judge Upham and others, viz: to Apportion Representation in Congress on the portion of the Citizens allowed to be Voters. This would be a popular measure in *all* the loyal States, and would run through their legislatures very speedily. After this, equal suffrage would take care of itself.

☞ Official advices have been received that the bodies of upward of four hundred Union officers and soldiers have been disinterred on the battlefield of Chickamauga and transferred to the national cemetery at Chattanooga. It is believed that at least one thousand bodies will thus be recovered, and the working parties will then transfer the remains of the Union dead at Lookout Valley, Mission Ridge, and other battlefields in the vicinity of Chattanooga. Negro troops are performing this patriotic task.

NEW HAMPSHIRE ITEMS.

—— Jonas Harvey of Manchester has overtaken and recovered his stolen horse, at Centre Harbor.

—— The fine old Atherton mansion, in Amherst, was destroyed by fire on Monday forenoon. No insurance.

—— Luman Brown, of Hooksett, has been fined by the Police Court in Manchester, for driving round the city in his wagon, drunk, roaring, and running against horses, wagons, &c.

—— A certain clique in Wolfboro' have torn down and kicked out of doors the United States flags from a meeting house in Wolfboro', where they were placed at the time of President Lincoln's death. They did the deed on Sunday, aided by a deacon after their kind, as we learn from the News.

—— A correspondent writing from North Conway, informs us that Joseph Libbey and Elias Note of Jackson, have been arrested and were at the time of writing undergoing a preliminary examination before a justice, charged with setting fire to the hotel burned in Jackson, during the difficulty about the draft two years since. Result not known when we go to press.—*Wolfboro News.*

—— The 8th Regt. N. H. Volunteers arrived at Concord, Nov. 7th, in the evening, were welcomed by Gov. Smyth and Gen. Head, and had supper at the Phenix and Eagle. The Regiment, or rather battalion, numbers 178 men and 4 officers. The returning officers are Captain A. W. King, commanding battalion; First Lieutenants, George B. Johnson and James H. Marshall; Second Lieutenant, Nelson F. Peterson. Four officers and three men were left behind.

—— The Wolfeborough News states that the dwelling and out-buildings of Mr. John Pike, of Ossipee, were discovered on fire at about 3 o'clock on Wednesday morning, 1st inst., and, together with nearly all their contents, were consumed. Mr. Pike and his family barely escaped with their lives. Loss $2000; insured for $300. This was undoubtedly the work of an incendiary, and is the third time the buildings of Mr. Pike have been set on fire, and the second time they have burned. Mr. Pike is a very respectable citizen of Ossipee,—an ardent friend of the temperance cause—and this is the probable cause of his misfortunes. The citizens of Ossipee ought to make good his and other losses that result from the toleration of certain holes, from which nearly all crimes at present so common in that community emanate. No doubt some one in Ossipee deserves hanging.

NARROW ESCAPE. — Last Wednesday, as J. C. Bemis, Esq., of Coldbrook Hotel was engaged in target shooting, in the rear of his buildings, his rifle ball glanced from a direct course and entered the head of the horse of Mr. John Walker, jr., who was driving along the road in his buggy, accompanied by two ladies. The animal, which was a valuable one, was almost instantly killed.—*Barre Gazette.*

GOLD, Wednesday, 146 3-4.

— The Georgia Convention have voted, 133 to 117, to repudiate the rebel war debt.

— Senator Williams and Representative Henderson of Oregon are among the first arrivals of Congressmen at Washington.

— Gen. Hassem, the Tunisian Envoy, was much pleased with a sight at Gen. Grant's horses, which were led out for his inspection when he called on the General.

— It is said the New Jersey Legislature will have 10 or 12 Union majority on joint ballot,—securing the abolition amendment and a U. S. Senator.

— A young man named Clare, only 19 years of age, has been arrested at Washington, with almost positive evidence that he was the murderer of Grove, the photographer in Baltimore, on the 29th Oct.

— When the old frigate Congress was raised in Hampton Roads, several hundred barrels of beef in a good state of preservation, after being submerged for three years and a half were found.

— A Montreal paper states that Bennett Young, leader of the St. Albans raiders, has obtained from Judge Wilson of Toronto a full acquittal. He is now in Montreal and expects by and by to be allowed to return home.

— Some have strange ways of joking. The Mobile Tribune says of Sayle, who offered a reward for the murder of President Lincoln, that he is a generous and tender-hearted man, and fond of a joke. He was joking, no doubt, when he committed an "overt act of treason."

— Secretary McCulloch has appointed Assistant Secretary Chandler Acting Secretary of the Treasury, that he may be able to devote his whole time to the preparation of his annual report. A statement that he will recommend increasing the legal amount of circulation of the National Banks from $300,000,000 to $500,000,000 is untrue.

— The Tribune's dispatch says a gentleman, who was present at the reading of Wirz's sentence, reports that Wirz listened with apparent indifference, and said he expected to go to the infernal regions, where he would doubtless find many of his persecutors.

EXECUTION. — On Friday next between sunrise and noon, at Washington, pursuant to the sentence of the military commission, Wirz is to be hanged in the yard of the Old Capital Prison, under the direction of Major Russell, Provost Marshal. Father Boyle attends the condemned man, who endeavors to prepare himself for death, but at times indulges in denunciations of his persecutors, declaring that he will haunt them. He is represented as saying:

"I have been persecuted and if there is such a thing as a spirit coming back to earth, I will come back to persecute those who have perjured themselves to hang me."

He had made up his mind to suffer, but his anguish was now over, and he had no fear of meeting his maker, knowing that he was to be made a victim for the deeds of others. He felt resigned, and believed that in all instances justice would be done to him hereafter. He had stated that Father Boyle had asked him to forgive all who had testified against him, and whom he (Wirz) said had perjured themselves in his case. Wirz replied that though he was given up to die he could not conscientiously do so, as he was opposed to his lips uttering a sentiment of forgiveness that did not come from the heart.

Perley says, writing on Tuesday from Washington, "a black beaver overcoat, with a large cape, which cost $150, has been made for Jeff. Davis, and was sent to him to-day. A common shroud will be made for Wirz."

REV. DR. BACON, of New Haven, Ct., who has just returned from a visit to Virginia, gave some of the results of his observation in a sermon last Sunday evening. We take the following interesting extract from the report in the New Haven Palladium:

Gen. Terry told me that 2000 rations are daily issued to the suffering white people of Norfolk; and I learned from Col. Brown that 200 rations, only, are distributed to the black people! That number is equal—25,500 of each. Which of these people, I ask you, is it that "cannot take care of themselves?" Which that "won't work?" Which is it that is "lazy?" I heard Gov. Wise beseeching the military authorities to restore to him his estate and drive off the negroes of whom he is so much afraid. He complains that he is impoverished. But I did not see him work. Negroes were at work among the ruins which Gen. Breckinridge made, that the flames might light up his retreat. They were picking the mortar off the bricks that they might be again used. But I did not see Gov. Wise at work.

The religious people of the South are more irreconcilable to their condition than any other class. The ministers especially are obstinate and sullen. They accept the restored Union only as the result of coercion. They yield only because they must. And if the military were withdrawn, they would be more free in prayer than they are now. The nearest they come to loyalty is the prayer of some of them that, since they could not have what they wanted, they may have grace to be content with what they have got. To which I say, Amen.

We cannot co-operate with any of the so-called Christian people of the South. A minister was here a week ago raising money to rebuild his church which Breckinridge burnt—burnt, not because he was loyal, for he was one of the rankest rebels in that region, and worked in season and out of season for the rebellion. He was a renegade son of Connecticut himself, and for years he has protested to God every Sunday that the Southern States were the innocent objects of invasion, persecution and hate, while he *knew* that that accursed rebellion was organized against freedom and good order, against constitutional authority, abhorred of God and worthy to be abhorred of man. It is not with such men that we can safely co-operate. Let us work independently until the poor whites and the blacks are strong enough and wise enough to protect themselves.

— A honeshold without the J. Monroe Gold Medal Soap always on hand is like a garden without flowers or a family without children. We pity each and all alike, but have no sympathy with the family who does not enjoy the luxury of nice, clean, white clothes, provided this celebrated and more than excellent Soap can be obtained, for these luxuries can only be enjoyed by its use; so do not cease trying until you obtain it. 7

CONGRESS.—The Commercial's special Washington dispatch has the following:

The organization of Congress absorbs all the attention of politicians, who begin to crowd the city. The Clerk will not call the roll of members from the Southern States. Motions will be offered after roll call giving seats to Col. Strokes and other Representatives known for their loyalty, and who can take the oath, whose States have repudiated the rebel war debt and adopted the Constitutional Amendment.

Mr. Holden, the Conservative candidate for Governor of North Carolina, is in danger of being defeated by the anti-repudiationists.

— Secretary Harlan has decided that all pensions granted prior to the commencement of the late rebellion ceased to accrue from and after the date of the President's proclamation declaring the State in which the pensioner lived to be in insurrection.

— The hurricane of Oct. 22 and 23 did great damage in Cuba, and along the coast.

— "Are you a Christian Indian?" asked a benevolent gentleman of one of the Chippewa tribe. "No, sir," was the answer; "I whiskey Injun.

— A few days ago Thomas Eager and his wife were found—the one in bed, and the other sitting at table—dead from drinking high wines.—*Exchange.*

Quite probable: but where did it happen?

— Why is a man who doesn't lose his temper like a schoolmaster? Because he kpeps cool (keeps school.)

☞ In reference to his plea of guilty to the charge of forgery young Ketchum thus expresses himself in a private letter to a near relation:—"I have had much time for thought, and have given the subject a great deal; it is my wish and determination, whatever the future may be, to commence from the present with a sincere effort to be truthful; and, whatever may be the consequences, to do what appears to me to be right; and it is very contrary to my wishes, in this first instance, to put in a plea which I know to be false. As far as I am myself concerned, I have no fear or dread of the punishment; and have heretofore suffered mentally more than I can suffer from any confinement or labor; and it is therefore my earnest wish to avoid entering the plea of not guilty."

HARPER'S NEW MONTHLY MAGAZINE.

Critical Notices of the Press.

It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine.—*Methodist Protestant* (Baltimore.)

The most popular Monthly in the world.—*New York Observer.*

We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the American People; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading matter, appropriately illustrated with good woodcuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—TRUBNER'S *Guide to American Literature, London.*

The volumes bound constitute of themselves a library of miscellaneous reading such as can not be found in the same compass in any other publication that has come under our notice.—*Boston Courier.*

BOUNTY.

$100 BOUNTY.

THE OLD $100 BOUNTY.

The bounty of $100 promised to men who enlisted early in the war, but which was paid only to those who served two years, or who were discharged for wounds, will in all probability soon be paid to all men who served over one year.

This bounty was promised by placards and posters all over the country, and by nearly every recruiting officer to *all* men upon receiving honorable discharges. We therefore propose in connection with other offices, to make application for payment of bounties as follows:

1. To all soldiers the bounties promised to them, no matter for what reason, or reasons, they may have been discharged, provided such discharges were not for disability existing *prior to enlistment*, or were not ordered as *punishments*.

2. To nine months' men, three-eighths of $100—$37.50.

3. To one year's men, $100 bounty, as promised.

4. To all men discharged *within two years*, by reason of disabilities contracted while in the service, (*not alone because of wounds received in action.*) the *full bounty* to be given them by the Act of Congress under which they were enlisted.

5. To all men discharged by reason of promotion a *pro rata* bounty, according to the Act under which they enlisted, for the time they served as enlisted men.

6. Of $100 bounty to all deserters who rejoined their regiments and served two years, *exclusive* of the time they were absent without leave.

7. Of three months' pay proper to all officers who have been discharged by reason of disabilities contracted in the service, by reason of expiration of term of service, or by becoming supernumeraries on account of consolidation of regiments.

8. Of three months' pay proper to all enlisted men who were prisoners of war for three months or longer.

9. Also a grant of 160 acres of land to all enlisted men who only received the $100; and a similar grant to officers in proportion to their pay proper.

Inform all your friends who are interested and solicit their co-operation.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a hundred and so on. But we can supply a thousand yards a day.
AFFECTION OF THE SPINE CURED.
HARTFORD, CONN., Nov. 11th, 1861.
Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for surgical purposes. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Duruo's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the disease arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums. Sold by all Druggists for 50 cents per box. Local.

☞ The work of demolition of the angle of the old Fort Constitution which is cut off in the plan of the new fort has already begun. The new portion of the work commanding that portion of our harbor abreast the light is so far advanced as to admit a number of those shrill talking guns, yclept "Parrotts," to be already mounted there.—A difficulty in procuring suitable stone has prevented work on the northern face of the fort progressing as rapidly as would otherwise have been the case, yet even there the splendid work of the engineer in charge makes a good show. The contrast between the old and new style of harbor defenses—in solidity, elegance and weapons of destruction—is presented at a glance here; the crumbling brick and patch-work stone and mortar walls, with their armament of 24-pound pop-guns, standing side by side with the massive granite walls, pierced for 100 and 300-pound Parrotts and the leviathan 15-inch guns. Of the latter Fort Constitution is to mount six and Fort McClary nine.

A party of quill drivers were indebted to the courtesy of Mayor Bailey for a drive to Fort Constitution on Tuesday, and to Gen. Gates for an examination of the works in progress and much interesting and valuable information connected therewith. The General is a whole lecture on temperance in himself, having served in all climates, and up to the present time, although one of the oldest officers in service, having never known sickness; a fact which he attributes in a great measure to his abstinence from all spirits and from tobacco.

The hospital, under charge of Surgeon Smart, we found admirable in its location and arrangement, and much care exhibited for the comfort of the inmates. Sergeant Davidson, the veteran *garrison* of the fort for so many years, retains his youth marvellously, although entitled to ten service stripes.

Many a rich joke was enjoyed, and the party emerged from the gates of the old fort as smart as ever, accompanied by Gen. Sickles' aide, (who by the way is as great a prestidigitator as his namesake, making private citizens of enlisted men by his magic wand). All are now well.

Communication.

Mr. Editor:—The statement made in the columns of the Chronicle of the 8th inst., that I strongly condemned the eight-hour system, is incorrect. My remarks were in substance as follows:

"The questions at issue are vast and momentous, and it is of great importance as to how they are determined. One of the most important of them is, whether a man can produce as much by laboring *eight* hours as he can or will in *ten?* My first impressions were that this system would depress rather than elevate the condition and prospects of the laboring class; but that I was open to conviction, if, by carefully studying the questions involved, it could be proved that it would ameliorate their condition. All are aware that I am a laboring man, and therefore the interests of workingmen are identical with my own; and that whatever steps I might take toward forwarding or discouraging the eight hour movement, they would be taken with our highest and best interests in view.

"I am not yet prepared to take any decided stand for or against this new innovation; but should the eight-hour system be brought into vogue as a State law, I am inclined to believe when the laboring man takes his week's wages to the market, that he will obtain only *four-fifths* as many goods upon which to subsist his family as he now gets, inasmuch as the law of supply and demand always has, and probably ever will, regulate the market. Every merchant and manufacturer who pays his money for labor must receive its equivalent; and if their products cost them higher on account of the relative high price of labor, they must charge accordingly. I have no personal interest in this question, as far as my employees are concerned,—for the reason that all my hands work by the piece; but whichever way the question may be decided, I hope and trust it will conduce to the best interests of the workingman."

T. S. NOWELL.

☞ The concert by Mrs. J. S. Cary of Boston on Tuesday evening, succeeded by Rev. J. C. Fletcher's lecture on a trip up the Amazon, was well attended by the *elite* of our city. Mrs. Cary's voice is a full and rich contralto, delicate in all the artistic intonations required by the text, and mellow and pleasing in the trills and general expression. Her rendition of that old Scotch ballad—"When ye gwang awa," was novel and inspiring, and her reply to a hearty *encore*, with "Bonny Charley," roused the ballad loving audience to a good degree of enthusiasm. Of Mr. Fletcher's lecture we can say, that while not marked by the general eloquence of most lyceum lecturers, it was rich in graphic word-painting and droll in well drawn illustrations.

☞ We do not credit the statement, which has recently been made, that sleeping cars are to be attached to the morning train from this city to Concord, for the better accommodation of passengers.

NAVY YARD ITEMS.—The steam screw sloop Resaca is to be launched on the 19th inst.

Work on the new Reservoir has been suspended for this season.

The ocean steamer Piscataqua is being calked, and will soon be ready for docking.

The large additions to two of the shipbuilding houses are not yet completed, in consequence of the non-arrival of slate and shingles.

There are about nineteen hundred workmen on the Yard, and the pay-roll for the same amounts to $102,760 for the month of October.

It is stated that orders have been received to get the Resaca ready for sea as soon as possible.

The Dry Dock is incapable of service at the present, in consequence of new boilers being substituted for old and defective ones.

The name of the new tugboat—the arrival of which is daily expected—is the "Speedwell," a vessel of 350 tons, built in Boston.

☞ In relation to the difficulty between Messrs. Dresser and Bailey, the latter makes the following statement, viz:—

Bailey did not call the Marshal a d——d liar; but Dresser made a statement calling Bailey a d——d liar, which Bailey then said was false, and told Dresser if he persisted in his statement after stating the lie twice, that the lie referred back on him: and that D. struck B. over the head, twice, with an oak cane.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Philadelphia.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of 61,440 acres miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for building and improvement. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farming lots, forty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire a healthy, happy, beautiful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social advantages, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From the Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—daw6m

THE DUNGEON AND THE ESCAPE!
By ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]
This work embraces the entire narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune at the outbreak of the war, with our armies in the West, East and West; his thrilling capture and confinement, for twenty months, in seven different rebel prisons; his escape and almost marvelous journey of near 600 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

☞ The shop of J. Gray, tailor, in Reading, Mass., was robbed of a quantity of goods on Thursday night. The track of a wheelbarrow to the woods led to the arrest of the robber. While the officer was on his way to the town with the robber, the latter diverted the attention of the officer for a moment, when he struck him with a slung shot. In the struggle the officer had an ear bit off, and the robber escaped. [Every officer, who arrests such a prisoner, should first tie his hands behind him, and secondly, search his garments for weapons.]

— Rev. Dr. Hall of Providence, who has been in the ministry forty years, thirty-three years of which he has spent as pastor of the Unitarian Church in Providence, has tendered his resignation, to take effect at the end of the year—on the ground that a large society requires the whole strength of a man in the vigor of life, and that it is better for people and pastor that he should withdraw before the season of concious or unconscious failure.

— Most men who complain that they have nothing to do, are just about equal to the task of *doing* it.

— "As we two are one," said a witty brute to his wife, "when I beat you, I beat half of myself." "Well," said the wife, then beat your own half, not mine."

THE SPECIFIC Pill. Two To Six BOXES OF THE SPECIFIC PILL is usually sufficient to effect a prompt and radical cure of SPERMATORRHŒA, or SEMINAL WEAKNESS, and is equally the SPECIFIC REMEDY for every species of *Genital or Urinary Irritability*, Involuntary or *Nightly Seminal Emissions*, from whatever cause produced, or however severe, will be speedily relieved, and the organs restored to healthy action.

PROFESSIONAL OPINIONS.—"I have used your SPECIFIC PILL in many cases of *Spermatorrhœa* with the most *perfect success*."—J. MILTON SANORES, M. D., LL.D.

"I have cured very *severe cases* with from six to ten doses of your SPECIFIC PILL."—B. KEITH M. D.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of a skillful physician, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, making the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, by addressing (post paid) of your case. Dr. Dow has also for sale the French Capothes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Improper and to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incidental to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

CHEROKEE PILLS,

Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that require the system to be put into action by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, except when forbidden by directions, and are easy to administer, as they are nicely sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life, strength and vigor, aged, causing the hot blood of youth to course the veins, refreshing the cheek and giving a glow of generous health, renovating Impotency and Sterility, restoring Manliness and the perfect "Elixir of Love," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is a greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

THE PEACE AUTUMN.

BY JOHN G. WHITTIER.

Thank God for rest, where none molest,
And none can make afraid,
For 'neath that sits us Plenty's guest,
Beneath the homestead shade!

Bring pike and gun, the sword's red scourge,
The eagle's broken chain,
And beat them at the blacksmith's forge
To ploughshares for our plains.

Alike henceforth our vales of snow,
And valleys where cotton flowers;
All airmes that flow, all winds that blow,
Are freedom's motive-powers.

Henceforth to labor's chivalry
Be knightly honors paid;
For nobler than the sword's skill be
The sickle's accolade.

Build up an altar to the Lord,
O grateful hearts of ours!
And shape it of the greenest sward
That ever drank the showers.

Lay all the bloom of gardens there,
And there the orchards' fruits;
Bring golden grain from sun and air—
From earth her goodly roots.

There let our banners droop and flow,
The stars uprise and fall;
Our roll of martyrs, sad and slow,
Let sighing breezes call.

Their names let hands of horn and tan
And rough shod feet applaud,
Who died to make the slave a man,
And link with toil reward.

There let the common heart keep time
To such an anthem sung,
As never swelled on poet's rhyme,
Or thrilled on singer's tongue.

Song of our burden and relief,
Of peace and long agony;
The passion of our mighty grief
And our exceeding joy!

A song of praise to Him who filled
The harvest sown in tears,
And gave each held a double yield
To our battle years!

A song of faith that trusts the end
To match the good begun,
Nor doubts the power of love to blend
The hearts of men as one!

— A Wedding was interrupted lately in Colchester, England, by the levity of the groom. All went well until the clergyman required the bridegroom to repeat after him the words, "I, ——, take —— to be my wedded wife * * * * for better, for worse," &c., when he altered the formula to "I'll take her for better, but not for worse." The minister immediately closed the book and quitted the church.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!

TARRANT & CO
Gentlemen,
I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabballa, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,
I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.

WE ASK
The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, NOVEMBER 10, 1865.

REV. ISRAEL W. PUTNAM, DD., has just retired from the active duties of the pastorship in Middleboro', Mass., where he has spent the last thirty years, after ministering in Portsmouth the previous twenty.

The Middleboro' Gazette of Nov. 4 informs us that the previous Wednesday was celebrated at the church and parsonage on the Green, by a gathering of ministerial friends who came to pay their tribute of esteem and respect, as a response to his own farewell to the public life of the ministry. The services were public, and well attended, interesting, and the day was favorable.

The pulpit was tastefully adorned with vases, wreaths, pendants and fringes of evergreen, while the expressive motto—"Peace"—in letters of gilt illumined the front of the cushion above. Upon the wall behind, on either side, were enwreathed mottoes; one the one, "Well done, good and faithful servant," on the other, "Finally Brethren, Farewell." Three vases of beautiful autumnal flowers graced the table on the platform.

Addresses were made by many clergymen; and a letter read from Mr. Adams, pastor of the North Church in Portsmouth, gave expression to the regard in which Dr. P. was still held there.

At the close Rev. Dr. Putnam read in his usual clear voice, the hymn which he said expressed better than anything else his emotions on the occasion: "Blest be the tie that binds."

After the exercises, a bountiful collation was found prepared at the Parsonage, by the ladies of the society, and an hour or two of social enjoyment brought the occasion to a happy close.

COLD COMFORT.—The New York Democratic papers are not very talkative over the result of their State election. The Herald, whose sympathies, in spite of its wishy-washy eccentricities, are very deeply wounded by the Republican victory, comes to the conclusion that, "after all, it appears that the malign influences of the copperheads, the Vallandighams, the Buchanans and Jerry Blacks, out of New York, were too strong to be overcome by the Johnsonian Democratic principles of the Albany platform." The World, also, pretends to be more concerned at the "disastrous consequences" which will ensue from the result to President Johnson's administration than at those inflicted upon the Democratic party. It would be curious if the President were really rejoicing, and the World mourning, over one and the same event—which we believe to be the case. But the World takes the cold comfort that the Republican tide is failing every hour, (it don't look like it, though,) and when it disappears, then the Democratic party will rise into power. Of course: says the Boston Journal; and this sounds like the case of the literary aspirant who boasted to Dr Porson that his poems would be read when Shakespeare was forgotten. "And not till then," added the Doctor.

WASHINGTON ITEMS.—Perley telegraphs to the Boston Journal as follows:—

The election news has had an excellent effect here. The reconstructed rebels and their friends evidently abandon all hope of aid from the new powerless Northern Democrats, while the Union men feel confident that the President can but see who are his supporters.

When Mr. Johnson received the official returns from New Jersey, he clapped his hands, exclaiming, "Good, good!" It is indeed good news to learn that the descendants of the revolutionary "Jersey Blues" are again in the Union, shoulder to shoulder with other loyal anti-slavery States.

Secretary Seward's friends are exultant over the result in New York, which they regard as an indorsement of him.

CHOLERA.—In the New York papers, Dr. Sayer, after visiting the steamer Atlanta, makes the following highly important statement:—

From the statement made to me by the Surgeon of the ship and by Dr. Burdett, the Deputy Health Officer, there can be no doubt as to the nature of the disease with which the ship has been afflicted. The vomiting and purging, rice water discharges, sunken features, blue surface, shriveled skin with loss of its elasticity, and muscular cramps, tell the story but too plainly that it is Asiatic cholera.

GOLD, Thursday, 146 1-4.

— The merchants of Savannah are about to send North for a steam fire engine.

— The late Archbishop of Bordeaux was remarkable for his tolerance and enlightened benevolence. The following anecdote will be interesting.

"My lord," said a person to him one day, "Here's a poor woman come to ask charity. What do you wish to do for her?" "How old is she?" "Seventy." "Is she in great need?" "She says so." "She must be relieved; give her twenty-five francs." "Twenty-five francs! My lord, it is too much, especially as she is a Jewess." "A Jewess?" "Yes, my lord." "O, that makes a great difference! Give her fifty francs, and thank her for coming."

Correspondence of the Chronicle.

RICHMOND, VA., Nov. 5.

Editor Chronicle:—Owing to the derangement of labor, and the want of energy, and many other causes which naturally follow a war, the crops in this section are by no means sufficient to supply the wants of the community during the time that intervenes before another crop can be raised; and it is getting to be a serious question as to what is to become of the poorer classes the coming winter. Those who had saved a little bacon, flour, tobacco and cotton, turned the same into greenbacks immediately after the close of the war, and having made all the haste possible to furnish themselves with clothes and also indulged in various luxuries which they had been strangers to for four years, their supply of currency has about given out, and they have no means by which to get more,—and it seems certain that unless assistance is procured from the North, much suffering will take place.

One would not suppose from the number of newspapers and hotels that money was scarce, for there at the present time no less than five daily papers, and a prospect of two more shortly; and three first-class hotels, the same number of second-class, besides half a dozen of less pretensions; and of billiard and drinking saloons, there are about three for one at any previous period; and take into consideration the fact that the moderate price of fifty cents a game is charged to play a game of the former, and twenty-five cents to indulge in a plain drink of whiskey, it would seem as though somebody must have money to spend. The reason given for charging such outrageous prices is, that rents are so high that anything less would be ruinous.

John Mitchell, who was released from Fortress Monroe, is at present in this city, living with his family. His arrival here created no excitement at all, and he is living in comparative retirement. The "Enquirer," which he edited during the war, and which was about as intense a "fire-eating" journal, as everybody well knows, as was published in the South, has lately been revived, but whether he resumes his former position with it, is uncertain.

The "National Express Co.," of which so much has been said, recently organized in this city by the choice of Gen. Joe Johnston as President, and among the directors are several other late rebel officers. Subsequently the Company consolidated with Reid's Express, which has been in operation for several years. It is proposed to employ as far as possible late officers and soldiers in both the Union and Rebel armies, but it remains to be seen what success they will meet with.

The rivalry between the boats of the "New" and "Old" lines between here and Norfolk still continues, and in addition to carrying passengers for mere nothing between the two cities, the officers of the boats get up a race about every trip, so so that no one need be surprised if "A steamer blown up on the James River and many lives lost," should be the telegraphic heading in the papers some morning; and at the end of the dispatch the usual "No one to blame!" Truly Yours, R. C.

—— John Mahoney, an Irishman employed at the Rolling Mill in Nashua, was killed there Monday afternoon, being crushed, between a horse-car loaded with iron, and the building.

THE CHOLERA.—A letter from Constantinople to the Evening Post, dated Sept. 14, contains some important facts in regard to the cholera in that city. It says:

Many private individuals used medicines with which to cope the disease in its first stage, and almost always with success everywhere. It is a pleasure to mention the American missionaries established at Constantinople. They devoted themselves to the benefit of the poor with the most commendable zeal and self-sacrifice. In some cases mixtures of laudanum, rhubarb and camphor, with sometimes a few drops of peppermint, had the effect of checking the diarrhea and vomiting, and warm applications and careful diet finished the cure. With difficulty, however, could the lower classes be induced to adopt a healthy regimen and abstain from living, as usual, entirely on vegetables and fruits, the latter too often unripe. The government eventually had to prevent the introduction and sale of these in the capital."

What we have heard so often said is here repeated, and we commend it to the attention of all:

Cleanliness and a careful regimen proved to be the best prophylactics, and timely remedies applied to the sick rarely failed to arrest the disease. It has been followed by frequent cases of fever and ague, and even by typhus; but these also are subsiding as the cooler season sets in. During its prevalence the weather was mostly calm and unusually hot, though rarely so warm as the climate of New York in summer. The thermometer averaged eighty to eighty-five in the shade, and from this to ninety and ninety-four in the sun. With northerly breezes a considerable diminution of the epidemic was perceptible."

S. J. COURT.—In the Indictment of Fanning and wife, the jury returned a verdict of guilty, as to Fanning in the second case, and not guilty as to Mrs. Fanning. Atty. for State. Hatch for respondent.

Indictment of Deborah Warren, was tried on Wednesday. Respondent charged with cutting and destroying sundry cabbages belong to Thomas Roberts. Defence, that the person supposed to be the respondent was some other person. Verdict guilty, damages to cabbages $3.83. Hackett for respondant.

Thos. A Spalding of Newton, a minor, was arraigned on Thursday morning, upon an indictment charging him with maliciously throwing down and destroying 15 rods of fence, breaking windows and cutting well-rope of Myran P. Rowell at Newton. Plea not guilty.

Eliza A. Ham, indicted for keeping a house of ill-fame, restracted her plea of not guilty, and entered a plea of nolle contendere; case ordered not to be brought forward. Hatch for respondent.

Ida Barney for same offence, same course, Respondent agreeing to discontinue business. Costs remitted, Respondent allowed to go on own recognisance and discharged. Hatch for respondent.

Mary P. Hodgdon, indicted for keeping house of ill-fame, retracted her plea of not guilty, and pleaded nolle contendere and was allowed to depart under an understanding that she should go and sin no more.

Michael Cunningham, indicted on a charge of keeping a disorderly house, was tried Thursday afternoon. Several members of the public were called as witnesses on the part of the State. Hatch for deft. The defence called Capt. Tucker, T. H. Odiorne, B. Barri, and other persons doing business in the neighborhood, to show that C.'s was an orderly house, and offered a license from the United States to keep a hotel. Still on trial.

The trial of Sealey A. Lowd, charged with stealing a horse, the property of Henry R. Stoddard, was postponed until Friday morning, for the purpose of allowing respondent time to procure attendance of witnesses on his behalf.

[Communication.]

☞ Considerable surprise was expressed about town yesterday, that the Court had allowed two women charged with keeping houses of prostitution to escape punishment, (designed to be inflicted, as is supposed, to prevent others from committing crime,) on a promise that they desist from their wicked avocations.

It was a cheap escape for the prisoners. Why could not the Attorney for the State have made a bargain like this with Dr. Young, and saved the County the hundreds of dollars expense of trial? The people of Portsmouth may strive in vain to improve the morals of their city and save their young men from destruction; the Police may be vigilant and faithful, and the Police Court may do its whole duty,—but of what avail is all of this? Case after case against this kind of criminals is suffered to pass by or lie untried on the dockets of the higher Court; and their wicked traffic is boldly carried on, while neighborhoods are polluted by their presence; and our Courts afford no relief. Their money secures the services of the ablest legal talent to be found in our city. The Counsel for the State are talked into an easy bargain, and vice is thus encouraged, instead of being properly punished. REFORM.

☞ The house of Albert L Dodge, (formerly of this city,) 47 Nassau street, Brooklyn, N. Y., was entered by burglars on Monday night last, and clothing and valuables to the amount of $200 taken. The cries of a child probably alarmed them, and prevented the commission of further depredations. The entrance was effected by wrenching off a back shutter.

☞ From Messrs. Dick and Fitzgerald, New York, we have received "Sir Jasper's Tenant," a new novel by that popular authoress, Miss Braddon, and one which well sustains her reputation as a caterer to the tastes of the reading public.

— Call on your grocer for Herrick Allen's Gold Medal Saleratus. It is the only perfectly healthy Saleratus made. After using one half the paper, if you are not satisfied, return the balance, and get the money paid for the whole. It is much better to use with cream tartar than soda. It is peculiarly adapted for dyspeptic persons. Try it. For sale by Grocers and Druggists, and at wholesale by all dealers. Depot 112 Liberty street, New York. 7

— In New York, on Tuesday, election day, a quarrel took place between John Goodman and Daniel McDonald, in regard to politics. Goodman became enraged and stabbed McDonald in the neck, inflicting a very severe wound, from which he bled to death. The murderer is under arrest.

— Commissioner Rollins estimates the average cost of collecting the Internal Revenue for the fiscal year ending on the 30th of June last, at a little over four per cent. The preceding year the cost was six and one-thirteenth per cent. The expense of collecting similar taxes in England in 1863 was three and six-tents per cent.

THE REASON

Of my selling out just at a time when business is most brisk in Portsmouth, and seems to assume a permanency, awakens some curiosity in many a mind—I therefore am obliged to state that it is not seeking after a fortune induces me to leave my pleasant home of the past twelve years, to exchange it for the Southwest (Saint Louis.) My Wife's health being very feeble, and being advised many times during her suffering that change of climate would be beneficial to her,—after two years' trial, with reluctance, I am thus obliged to leave a community whose remembrance will always afford me great pleasure.

Respectfully yours,

I. HAHN.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle. Preparations producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. Price $1.50.

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., whom can be consulted on either personally, or by mail, (inclosing stamp,) concerning all private diseases and female weaknesses. Price $1.50 per bottle.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either; and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

ALLCOCK'S POROUS PLASTERS.—A Druggist said the other day, you have no need to advertise your Porous Plasters, for every one sold certainly causes a dozen to be sold, and a dozen sells a gross, and so on. But we can supply a thousand yards a day.

AFFECTION OF THE SPINE CURED.

HARTFORD, CONN., Nov. 11th, 1861.

Messrs. THOS. ALLCOCK & CO.:—Please send with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment of writing, a man applies for one, who, by employment in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he labors as well as ever. He would cheerfully pay $5 for a single plaster, if they could not be had at a lower rate. I am surprised that surgeons do not make use of these perforated plasters, to the exclusion of all others, as their flexibility and adhesiveness are greatly in advance of all other plasters with which I am acquainted; while the perforations peculiar to them render them greatly superior to all others for ordinary surgical uses. Knowing the Plasters to be so useful, I have no scruples that my sentiments should be known. J. W. JOHNSON, M. D.

Durne's Celebrated Catarrh Snuff is the best known remedy for Headache, Cold in the Head, Snuffles, Imperfect Voice, Bronchitis, and Catarrh. Few persons appreciate the diseases arising from disordered nasal organs. Sight, hearing, taste, and smell are frequently ruined by a cold in the head. The gas generated by the use of this snuff cleanses the entire head, and restores proper articulation. Its effects are pleasant and wonderful. It contains no tobacco nor other injurious ingredient. Colleges, Societies, States, and the most eminent of the Medical Faculty have awarded it testimonials and premiums.

Sold by all Druggists for 25 cents per box. Can be sent by mail on receipt of 30 cents for one box, or $1 for four boxes. Address J. A. S. DURNO, P. O. Box 1285, New York City.

Sure to Regulate the Bowels.

Depend upon it, mothers, it will give rest to your selves and **Relief and Health to Your Infants.**

We have put up and sold this article for over 20 years, and *can say in confidence and truth* of it what we have never been able to say of any other medicine—*never has it failed in a single instance to effect a cure*, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medicinal virtues. We speak in this matter of *"what we do know,"* after 20 years experience; *and pledge our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup administered.

Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by all Druggists throughout the world.

Price, Only 35 Cents per Bottle.

☞ The proprietor of this Chronicle has no wish to evad any responsibility for whatever is published in its columns. But where a paper is made up of the writings of several editors and reporters, be these never so trustworthy and careful,—it will not unfrequently happen, if all the proofs do not pass under the eye and pen of the publisher, that opinions will be expressed not exactly in accordance with his own. And, as in our case, this may be a matter of small importance to any one or the public, except as to the seeming inconsistency of an individual.

We make these remarks for the benefit of many readers who seem to think that every paragraph in a newspaper is written or seen by the chief editor or publisher—which is not and cannot usually be the case. For instance, a day or two ago, our Police Reporter expressed a preference for a certain individual for the office of City Marshal—to which, if given as the writing of a correspondent, we should not have objected. But we believe this paper has never yet, editorially expressed a preference for any candidate for any office; and we don't mean it shall, while we manage it—unless, indeed, we change our mind!

Now as to the matter in question—both officers concerned in the dispute have always been friends of ours, and both have treated us most handsomely; but we must say that from what we know of each, we should regard the Captain of the Night Watch as far more liable to become unduly excited and use improper language to his superior officer, than for the Marshal to loose *his* temper and forget *his* position. For our part, while we never go in for any new officers, we do always like to retain the old ones so long as they are worthy,—and, so far as we are informed, nothing would suit us so well as to see Marshal Dresser re-instated in his office. But if that is not to be—while we have nothing to oppose to *any* candidate, we think common fairness would demand that one of the old Police Officers or Assistant Marshals who have served long in the Department, for small pay, should be promoted to the Chief position, if worthy and capable of it.

☞ The way to immortalize yourself—buy a Magee or a Model Cook Stove. And both of them are capital stoves, too. Coleman, however, says the Governor Cook beats them all—but then he is an interested party—and as it is a new pattern, he, of course, can't yet produce such a string of endorsers as Stevens and Jones show up.

Ex-Postmaster Morse once disappointed and almost offended a lady from the rural districts, who insisted that there was a letter for her advertised in the Chronicle—which list finally turned out to be one of those stove-rosters!

And since we are upon the subject of stoves, we may as well say that about as pretty and good a parlor stove as we have ever seen, is the open-front Seavey Coal burner sold by Mr. Blaisdell.

☞ The high price of fuel has led sundry enterprising individuals to make nocturnal raids upon the coal bins and wood piles of some of our citizens. Look your stable doors before your wood is stolen, as people who take such a method of obtaining the absolute necessaries of life from their fellow men are not always the most worthy objects of charity.

☞ We are glad that visitors will be entertained at the Atlantic House, Rye Beach, through the season. A drive there on a bright day at this season gives one an appetite to fully appreciate the good fare mine host Longee spreads before his guests.

☞ We have received from Carl Meinerth, of Messrs. Mosley & Meinerth, Newburyport, a card photograph containing portraits of fifty-seven citizens of Portsmouth. A *neat* affair and "excellent well done." It should find a place in many an album here.

☞ Peterson's Magazine for December, with a fine frontispiece entitled "Papa," is received. Furnished at the low price of $2 per annum.

— Willis Blake of Derby, Conn., on the 2d inst., was engaged in pouring powder from a 20-lb keg into a seam blast, when the powder ignited with a terrible explosion, blowing him some distance into a pool of water, which extinguished his burning clothing, and thus in a most remarkable and providential manner saved his life.

— Gov. Andrew, of Massachusetts, has changed his Thanksgiving Day to Dec. 7, agreeing with the National Day.

☞ Special attention is invited to the advertisement of Vance's patent Submerged Well *Pump*, as an article far superior to any other pump ever offered to the public.

INTO HER MIGHTY TRUMPET fame has breathed a new word, Sozodont, and she is making it resound through the civilized world. It is the Greek for tooth preserver, but in plain English Fragrant Sozodont is the the most effective dentrifice that chemistry has ever yet extracted from the vegetable Oriental kingdom. n6eodlw 13

VINELAND
FARM AND FRUIT LANDS.

In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upwards, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild winters, a beautiful climate, and a healthy home, combined with fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilized society, this is a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of school children, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agriculture Editor of The Tribune: *It is one of the most extensive fruitie tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawlm

BOUNTY.

$100 BOUNTY.

THE OLD $100 BOUNTY.

The bounty of $100 promised to men who enlisted early in the war, but which was paid only to those who served two years, or who were discharged for wounds, will in all probability soon be paid to all men who served over one year.

This bounty was promised by placards and posters all over the country, and by nearly every recruiting officer to *all* men upon receiving honorable discharges. We therefore propose in connection with other offices, to make application for payment of bounties as follows:

1. To all soldiers the bounties promised to them, no matter for what reason, or reasons, they may have been discharged, provided such discharges were not for disability existing *prior to enlistment*, or were not ordered *as punishments*.

2. To nine months' men, three-eighths of $100—$37.50.

3. To one year's men, $100 bounty, as promised.

4. To all men discharged within two years, by reason of disabilities contracted while in the service, (*not alone because of wounds received in action*,) the full bounty to be given, according to the Act of Congress under which they were enlisted.

5. To all men discharged by reason of promotion a *pro rata* bounty, according to the Act under which they enlisted, for the time they served as enlisted men.

6. Of 400 bounty to all deserters who rejoined their regiments and served two years, *exclusive* of the time they were absent without leave.

7. Of the full bounty to the heirs of officers who have been discharged by reason of disabilities contracted in the service, by reason of expiration of term of service, or by becoming supernumeraries on account of consolidation of regiments.

8. Of three months' pay proper to all enlisted men who were prisoners of war for three months or longer.

9. Also a grant of 100 acres of land to all enlisted men who only received the $100; and a similar grant to officers in proportion to their pay proper.

Inform all your friends who are interested and lend their co-operation.

No Discharges Bought.

Apply in person or by letter (stamp enclosed.)

"The Secret Service,"
THE FIELD,
THE DUNGEON AND THE ESCAPE!
By ALBERT D. RICHARDSON,
N. Y. Tribune Correspondent.
[ISSUED IN ENGLISH AND GERMAN.]

This work embodies the thrilling narrative of Mr. Richardson's unparalleled experience for four years traveling through the South in the Secret Service of the Tribune in the outbreak of the war, with our armies and fleets, East and West; his thrilling capture and confinement, for twenty months, in several different rebel prisons; his escape and almost miraculous journey of near 400 miles, aided by negroes and Union mountaineers. It abounds in stirring events, and contains more of the fact, incident, and romance of the war than any other work which has yet appeared. One of the most interesting and exciting books ever published. Now ready in both English and German. Sold only by subscription. Address

Morning Chronicle.

TOUGH, INDEED.—The Nashville Banner, in appealing for charity to some portions of the South, speaks as follows of the rebel private soldier:

"Well, he fought the fight to the end, and he lost—yes, in addition to his sufferings, he came home, not as he expected to come, crowned with laurels, but ragged, care-worn and ruined, his means gone, his hopes crushed, his circle of friends decimated, and his sweetheart, perhaps, if he had one, *married to a quartermaster's clerk in the winning service.* Rather tough, this, but true."

— A Harrisburg paper tells of a man who has failed in business four times: been upset in a stage coach, and thrown down an embankment sixty feet: fell headlong through a hatchway in a store at Reading; has been married three times, and is the father of twenty-one children. Yet he still "lives."

— There are evidences of domestic bliss in the following telegram, sent by a Wall street banker to his wife: "Send John. Also Demijohn. Kiss Matty. Spank Arthur. Don't fret."

S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily pull it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one third more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, after indecorously to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Pimples, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a direct counselor and a Physician who has cured thousands, in almost every part of the United States who applied to Dr. J. Teller, and who is back now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—Startling disclosures Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price $2 in Sent to all parts, under seal, by mail, post paid. 50,000 copies sold of this work. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a beautiful work on Mind Power, It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it—25 cents in money or postage stamps inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Velpeau's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, on closing a remittance. Medicines securely packed from observation, sent to any part of the world. DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course in ordinary letter, free from observation, by addressing the sole proprietor,
"As the Phœnix rises from the ashes of its fire, so man is restored to the vigor of his manhood by using the Elixir."—*so does this Elixir restore. Debility, Weakness and the system and and full vigor*, thus proving a *specific* disease. *Perfect "Elixir of Life,"* removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, unstrung nerves and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.
Price, one bottle $2; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every town in the United globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

TRAINING CATTLE TO JUMP.—A Western farmer says he makes it a rule that whenever cattle are made to pass a fence, whether through bars or "slip-gap," to leave one rail for them to pass under. This gives them a downward tendency, and lessens their inclination to jump or look forward, as they are sure to do when a lazy attendant throws down part of the rails, and makes them vault the rest. Cattle may be taught to go over any fence, by the careful training they often get for this end, and perform as follows: give them poor feed, which will make them light and restless. As soon as they go over the lowest part of the fence after better provender, make them jump back again, and put on one more rail, saying, "I guess that will keep 'em out." Next day (as of course they will be in mischief again,) repeat the process, adding another rail; in a short time they will take care of themselves, and harvest the crops without charge.—*Tucker's Rural Affairs.*

— A story is told about Rev. Robert J. Breckinridge, who was temporary chairman of the Baltimore Convention last year, and the late Thomas F. Marshall, of Kentucky. Both wishing to establish a reputation in early life, measured lances with Henry Clay, and, of course, got the worst of it. A few years afterward the two met—the latter being on one of his customary sprees. The lawyer exclaimed to the divine: "Ah! Bob, it was an unlucky day for us when we tilted against the Great Harry! It drove me to the bottle and you to the pulpit, Bob; but I've stuck a (———) sight closer to my text than you have to yours."

THE GREAT
CONSUMPTIVE REMEDY!
DR. LAROOKAH'S
Indian Vegetable Pulmonic Syrup!
The best preparation ever made for the following complaints:
Colds, Coughs, Whooping Cough, Croup, Asthma, Catarrh, Bronchitis, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, Liver Complaints, and Throat and Lung Complaints tending to Consumption.
This well known remedy is offered to the public, sanctioned by the experience of many years, and when resorted to in season, seldom if ever fails to effect a speedy cure of any of the above complaints. Those who have not already made use of this never failing Remedy I have only to refer to the written testimonials of Hundreds of our most distinguished citizens: Clergymen, Doctors, Congressmen, Lawyers, Singers and Public Speakers, and last but not least, many hundreds of Private Citizens, both Male and Female, who have been restored to Health, when all expectation of being cured was a "forlorn hope." My limited space will only admit of the following extracts of Unsolicited Testimonials:
REV. J. C. INGALLS, *of Holyoke, Mass.*, says:—"LAROOKAH'S I. V. P. SYRUP, for Pulmonary Diseases, stands unrivalled by any medicine yet discovered. It has completely cured me of Bronchitis of six years standing."
REV. B. F. BOWLES, *of Manchester, N. H.*, says: "Dr. Larookah's Pulmonic Syrup I would confidently recommend for Hoarseness and Severe Colds."
REV. G. C. SIMMONS, *Gansevoort, Sar. Co., N. Y.*, says: "I feel it my duty to say Larookah's Syrup is the best medicine we ever used in our family."
DR. FOWLER, *of Norkfield, Vt.*, says: "Larookah's Syrup is the best medicine for Colds, Coughs, &c., he knows of in the market."
HON. D. W. GOODE, *Member of Congress from Mississippi*, says: "I have used Dr. Larookah's Syrup in my family for six years, and have found it an excellent remedy for Coughs, Colds, Sore Throat, and all Consumptive Complaints. I have recommended it to several friends, who have received great benefit from its use."
W. R. BOWEN, 86 *Hanover St., Boston*, a well known druggist of 20 years experience, says: "I am prepared to say, Larookah's Syrup is superior to any medicine I have ever known, for the positive cure of Coughs, Colds, Sore Throat, and all similar complaints."
